Faces Of Findhorn Images Of A Planetary Family:

Faces of Findhorn Edwin Maynard,1980 **The World Conspires** David W. Letts,2011-02-04 Highly recommended prophetic and relevant for this time Elihu Edelson Both Sides Now _____ From the Mind Leap series one Book in two Parts 1 Age of Metamorphosis an invitation to expanding consciousness From that first leap in your mind the door to spirit opens leading on toward direct experience of other realities It is an entirely different experience to fly Join the authors widely shared channeling sessions in chapters like these First Meetings with Moita a variety of newcomers and their diverse reactions Finding Your Own Path through our mistakes we grow to become our own teacher A Universe of Presences Moita states her difference from Seth and Edgar Cayces source The Art of Discretion the lesson Dr Elisabeth Kbler Ross learned after seeking Moitas help with the scandal that ultimately threatened her courageous life 2 The World Conspires an adventure in psychic spiritual exploration The unfolding of a visionary journey as David and Kelly Siofra learn to flow with new energies As communications with Moita and yet higher levels evolve experiences range from depths Objects become fuzzy Instantly Moitas presence is much stronger She tells me that I am in danger I am losing the thread of my consciousness to heights The Earth is new filled with the wonder of its discoveries He speaks to the Sun and I speak to the Ground We weave together what we are told and make it whole from personal There is much fear of joy in this world and when people fear something they want to destroy it In order to release it you must be very strong and know yourself very well to cosmic It is the arrival of the High Ones on your plane The texture of the world is changing We are preparing you for the inevitable shock of seeing us as we really are from A Channeling for December 20 2012 Something is happening tomorrow to everyone on the planet There is a great deal of energy bent in this direction It requires my complete presence We have watched for a great many years and now there is a drawing together of worlds a time when the two worlds may touch when they may integrate and understand Life will never be the same again *Prayers from the Heart, Prayers from the Mind* Karren M. Hoyt,2011 **Earth Dream Awakening** DAVID W. LETTS,2012-08-15 All that has happened in the past all of Earth s history man has created in his dream And the end of time will come when man wakes up and realizes he has been dreaming Suddenly a young family wrests themselves from life in a North American city to seek a rustic existence close to nature and a circle of new friends in mountain valleys of British Columbia But that is only one of the levels to this story For David and Kelly Siofra are a mystic and a psychic on an out of the ordinary quest inspired by higher energy presences Moita and Amar How will their experiment in communication between worlds illuminate the process of planetary rebirth that will accelerate years later in the awakening of 2012 and beyond This time period is a crossroads Paths before you lead into the futuresome not pleasant some extremely promising We are here to help you choose the road that leads not to destruction but that leads to life and to this change of man and his awareness to the reuniting of our worlds Among facets of this visionary yet down to earth adventure helping persons in crisis to unlock their hearts find their new balance deepening our sense of

community as a core group risks old selves in order to truly meet confronting dark energies across lifetimes undoing man's obsession with power seeing that the planet's upheavals now mirror our own as a vast evolution in consciousness comes full circle aided by higher dimensional beings and the Earth Mother voicing her plea for man to awaken as a willing partner We are entering a New Age of humanity Instead of man creating only on his own set apart from the rest of the universe this time he is involved in a co creation and we are the co creators Those who are here have arrived to help found a new world

Perspectives on the New Age James R. Lewis, J. Gordon Melton, 1992-11-03 This book begins with a comprehensive historical section that places the New Age within the context of its predecessor movements It then focuses on specialized aspects of this subculture from essays on the convergence of New Age spirituality with women's spirituality to an essay on how Evangelical Christians have responded to the movement The book also examines the international impact of the New Age

Claiming Sacred Ground Adrian J. Ivakhiv, 2001-07-26 Claiming Sacred Ground Pilgrims and Politics at Glastonbury and Sedona Adrian J Ivakhiv A study of people and politics at two New Age spiritual sites In this richly textured account Adrian Ivakhiv focuses on the activities of pilgrim migrants to Glastonbury England and Sedona Arizona He discusses their efforts to encounter and experience the spirit or energy of the land and to mark out its significance by investing it with sacred meanings Their endeavors are presented against a broad canvas of cultural and environmental struggles associated with the incorporation of such geographically marginal places into an expanding global cultural economy Ivakhiv sees these contested and heterotopic landscapes as the nexus of a complex web of interests and longings from millennial anxieties and nostalgic re imaginings of

history and prehistory to real estate power grabs contending religious visions and the free play of ideas from science pseudo science and popular culture Looming over all this is the nonhuman life of these landscapes anotherness that alternately reveals and conceals itself behind a paginant of beliefs images and place myths A significant contribution to scholarship on alternative spirituality sacred space and the politics of natural landscapes Claiming Sacred Ground will interest scholars and students of environmental and cultural studies and the sociology of religious movements and pilgrimage Non specialist readers will be stimulated by the cultural ecological and spiritual dimensions of extraordinary natural landscapes Adrian Ivakhiv teaches in the Faculty of Environmental Studies at York University in Toronto and is President of the Environmental Studies Association of Canada April 2001 384 pages 24 b w photos 2 figs 9 maps 6 1 8 x 9 1 4 index append cloth 0 253 33899 9 37 40 s 28 50 Contents I DEPARTURES 1 Power and Desire in Earth s Tangled Web 2 Reimagining Earth 3 Orchestrating Sacred Space II Glastonbury 4 Stage Props and Players of Avalon 5 Many Glastonburys Place Myths and Contested Spaces III SEDONA 6 Red Rocks to Real Estate 7 New Agers Vortexes and the Sacred Landscape IV ARRIVALS 8 Practices of Place Nature and Heterotopia Beyond the New Age *Ecotherapy* Howard Clinebell, 2013-12-19 Here is a trailblazing book on issues of vital interest to the future of humankind *Ecotherapy Healing Ourselves Healing the Earth* sheds light on humankind s most serious health challenge ever how to save our precious planet as a clean viable habitat As a guide for therapists health professionals pastoral counselors teachers medical healers and especially parents *Ecotherapy Healing Ourselves Healing the Earth* highlights readers strategic opportunities to help our endangered human species cope constructively with the unprecedented challenge of saving a healthful planet for future generations *Ecotherapy Healing Ourselves Healing the Earth* introduces readers to an innovative approach to ecologically grounded personality theory spirituality ecotherapy and education The book shares the author s well developed theories and methods of ecological diagnosis treatment and education so professionals and parents our most influential teachers can rise to the challenge of saving our planet Readers will find that the book helps them accomplish this goal as it explores an expanded ecologically grounded theory of personality development the missing dimension in understanding human identity formation outlines a model for doing ecologically oriented psychotherapy counseling medical healing teaching and parenting describes life saving perspectives for making one s lifestyle more earth caring demonstrates the importance of hope humor and love suggests how these earthy approaches may be utilized in a variety of social contexts and cultures A systematic theory and practice guidebook *Ecotherapy Healing Ourselves Healing the Earth* fills a wide gap in both the counseling and therapy literature and the ecology literature It offers an innovative model for fulfilling the ecological circle between humans and nature with three action dimensions These are self care by being intentionally nurtured by nature spiritual enrichment by enjoying the transcendent Spirit in nature and responding by nurturing nature more responsibly and lovingly The theories and practical applications presented in the book come together to explore long overlooked issues at the boundary between human health

and the health of the natural environment Psychotherapists health professionals and teachers pastoral counselors and other clergy who counsel and teach laypersons who are parents and grandparents and individuals and groups interested in environmental issues will find Ecotherapy Healing Ourselves Healing the Earth essential for approaching the long neglected earthy roots of the total human mind body spirit organism

Mind Leap: Intimate Changes and Communication Between Worlds David W. Letts, 2009-03-24 Fully revised with Reader's Guide Self Exploration Questions chapter reviews and expanded Moita material Reading Mind Leap was one of the most delightful experiences of my summer First I found it an absolutely intriguing story of personal challenge and human relationships But second and most important I found it highly inspiring There are many times in my own spiritual journey that I wonder whether it is all worth the effort whether there really is a greater reality This book is a powerful incentive to keep going an inspiration and a source of hope Joyce E Ansell literary editor How can we learn to live wholly with deep intuition in this world Where can it lead for each of us in this transformative era We hear follow a path with heart listen to your dreams open to spirit But rare is the book that actually takes us far into that experience Mind Leap does so by telling a challenging liberating true story from the consciousness revolution and inviting readers to participate by reviewing their own life events and perceptions A novelist couldn't create spiritual explorers more opposite than Kelly and David growing up the psychic daughter of an abusive alcoholic and mystic son of an activist minister But as young adults with other partners dreams and intuitions pointed each other out hinting of the natural bridge they would form together As they were then tested in a crucible of intersecting lives Moita began to speak through Kelly initiating an experiment in communication between worlds Her over 200 interactive sessions shared with hundreds of participants have been compared to the Seth material Mind Leap reveals the hidden workings of spirit that connect us to people and situations we need to grow in strength freedom and love The narrative unfolds on many levels giving a unique inside view of the channeling phenomenon even as the prophetic messages turn from individuals to the crisis transformation of our Earth We see you all the time are near you yet very rarely can touch for you do not see us For you we are merely a whisper in the trees We have watched for a great many years and now there is a drawing together of worlds a time when the two worlds may touch and not be destroyed by each other when they may integrate and understand The coming together of our worlds will not change just yours but mine Life will never be the same again Moita *Hypocrisy and Dissent Within the Findhorn Foundation* Stephen J. Saliba, 1999 For Christians the first encounter with the New Age Movement may prove confusing On the one hand there is an attraction in New Age ideology and ritual practice but on the other this very attraction raises theological and pastoral questions for the Churches whose responses have been ambiguous and conflicting The author analyses the real challenge the New Age offers the Churches today and gives an overview of the way in which Christian
