Faces Of Latin American Protestantism:

Faces of Latin American Protestantism José Míguez Bonino, 1997 Miguez reflects on Latin American Protestantism considering the liberal evangelical and pentecostal facets and then explores theologically the tasks of unity and mission still before Latin American Protestant churches *Faces of Latin American Protestantism : 1993 Carnahan lectures* Jose Miguez Bonino, 1997 **Protestant Pentecostalism in Latin America** Karl-Wilhelm Westmeier, 1999 This book is a theological missiological study on the intercultural communication of Faith drawing heavily from anthropological sociological and historical sources The book is helpful to church workers in Latin America to colleagues who teach both on college and seminary levels to scholars who research the phenomenon of Latin American Protestantism to students to Latin American studies and in religion and culture in general **The People Called Metodista** Edgardo A. Colon-Emeric, 2022-06-21 I am not afraid that the people called Methodists should ever cease to exist either in Europe or America But I am afraid lest they should only exist as a dead sect having the form of religion without the power John Wesley 1786 Church renewal is widely discussed across Methodism today and yet such renewal will not happen apart from serious engagement with and from the margins of society Through a series of new and previously published essays this book looks to the experiences of Methodists in Latin American pueblos and Hispanic barrios to open new scholarly conversations about doctrine worship and mission for the sake of social renewal The flames of renewal do not confine themselves to Methodism But from the people called metodista they can spread sharing in the Wesleyan movement s fundamental calling to revitalize the church universal in its mission to the world Praise for The People Called Metodista What is the future of Methodism Col n Emeric offers a deep meditation on this difficult question and suggests an answer we find its future in the margins of the church Nashville and London must learn to sing together with Seoul Latin America and Africa Pablo R Andi ach PhD Instituto Teol gico Santo Domingo The Wesleyan tradition as a piety a community in mission and a theology took rise within and has found repeated renewal through engagement with those on the fringes of the reigning powers At its best it has nurtured deep respect for its foundation in Scripture and earlier Christian witness while cultivating openness to new understandings and expressions of faith working by love Col n Emeric s study exemplifies Wesleyanism at its best probing the witness of Hispanic streams of Methodism for insights addressing the entire movement much of which suffers from malaise and morbidity Highly recommended Randy L Maddox PhD William Kellon Quick Emeritus Professor of Wesleyan and Methodist Studies Duke Divinity School In The People Called Metodista Edgardo Col n Emeric has mined treasures that have been hidden to many of us particular in the North American and European expressions of Methodism If Methodism is a renewal movement voices speaking to us from the margins will lead us to new insight and to holy living Through the translation of doctrine worship and mission into a language that surfaces new accents and engages a wider community of conversation partners Col n Emeric has broken new ground that will hopefully enlarge our vision for who we are in the present moment Ken Carter Bishop Florida

Brazilian Evangelical Missions in the Arab World Edward L. Smither, 2012-07-20 From a mission field to a missions sender These words capture the story of the Brazilian evangelical church which has gone from receiving missionaries in the nineteenth and twentieth centuries to becoming a movement that presently sends out more global laborers than the churches of England or Canada do After narrating Brazil s missional shift in this volume Smither addresses one fascinating element of the story Brazilian evangelical efforts in the Arab world How have Brazilians adapted culturally among Arabs how have they approached ministry and how have they cultivated a theology of mission in the process Brazilian Evangelical Missions in the Arab World gives the reader insights from one emerging missions movement with an eye toward a more comprehensive view of the global church

Interconnectivity, Subversion, and Healing in World Christianity Afe Adogame, Aminta Arrington, 2023-07-13 The rise of Christianity around the world has been the impetus for much religious and social change The interconnectivity of religious centers has resulted in theological dialogue and innovation The subversion of long held categories of culture gender race spirituality theology and politics has naturally occurred along with the transgressing of borders and boundaries Yet at the same time there has been occasion for healing through intercultural experiences of forgiveness peacemaking and reconciliation Stimulated by the work and mentorship of Joel Carpenter who has done much to expand the study of world Christianity less through focusing on his own research and writing and more through amplifying the voices of others the international contributors to this volume from all six continents promote a deeper understanding of World Christianity through the exploration of such related themes Whether discussing primal spirituality in northeast India white supremacy in South Africa evangelical women and civic engagement in Kenya or Calvinism in Mexico the contributors draw upon ethnographic case studies to more deeply understand interconnectivity subversion and healing in World Christianity Their essays provoke a reorientation of Christian thought within the study of World Christianity enriching the current discourse and promoting vistas for further interdisciplinary studies

Mission Partnership in Creative Tension Samuel Cueva, 2015-04-14 Samuel Cueva has refined his concept of partnership in mission by advocating the use of reciprocal contextual collaboration in this important contribution to scholarly reflection on contemporary missiology Referencing

historical theological and functional aspects of how mission has been carried out as well as analyzing its impact on the evangelical movement the author identifies that mission always develops with positive and negative tensions Emphasizing an understanding of current missions which include traditional networking and emergent models and how they can be combined interconnected and interchanged the author proposes a fresh model that ensures the suitability for every mission context

The Embattled but Empowered Community Wilma Wells Davies, 2010-04-27 The global phenomenon of Pentecostal growth continues to interest scholars particularly its local manifestations Although previous explanations may have noted the connections between the cultural substrata and local Pentecostal practices this book concentrates on seeking out the connections Using both extensive field research and reflection on Latin American scholarship the author proposes that a major link exists at the level of worldview assumptions particularly in understandings of spiritual power The book concludes with a reflection on the implications a conversion based on the search for spiritual power has for the future of the evangelical church in Latin America

Emerging Theologies from the Global South Mitri Raheb, Mark A. Lamport, 2023-03-29 In recent decades there has been a seismic shift in world Christianity Whereas formerly Christianity existed as a Caucasian Euro American phenomenon the majority of Christians today reside in the Southern Hemisphere or the Global South And what is true for the demographics of Christianity has followed lockstep for its theological developments The era of German theologians setting the tone for global church are gone Today some of the loudest and most creative voices in theology speak from the emerging contingencies of the Global South for example promoting Latinx Black Caribbean and Asian theologies and their influence often influences the conversation in the United States and Europe In addition just as the center of Christianity has moved geographically from north to south so with theological seminaries in the west which have declined as training centers for clergy These events coincide with new theological centers are opening in Asia Africa Oceania and Latin America The bottom line is contemporary Christianity today looks significantly different than it did a century ago and publications have been slow to acknowledge let alone describe and elaborate upon this major shift to the largest religion in the world These shifts guide our intentions in this book Such a reference book which could also be used as a textbook therefore is very much needed In fact there is nothing like the contents of this single volume book in the publishing market which allows for high quality interdisciplinary and international dialogue

first century Michael Hardt and Antonio Negri Streams of Latin American Protestant Theology Ryan R. Gladwin, 2020-01-13 Although church historians often call the 19th century the Great Century of Protestant mission for Latin America it was the 20th century that was the great century of Protestant growth and expansion The 20th century witnessed vast societal changes and the realization of systemic poverty and injustice as well as the exponential growth pentecostalization and diversification of Latin American Protestantism Latin American Protestant Theology emerged during this century of change This text provides an introduction to Latin American Protestant Theology by engaging its dominant theological streams Liberal Evangelical and Pentecostal and how they understand themselves through the lens of mission The text offers both a critique of the Christendom cartography that is dominant in Latin American Protestant Theology as well as suggestions for how to move towards a transformative theology of mission The primary intention of this text is to offer an informed outline and analysis of the theological landscape of Latin American Protestantism The secondary intention of this book is to note the contributions as well as deficiencies of the streams of LAPT in the hope to signal a possible path towards the development of an integral transformative contextual and decolonial theological voice *A Visible Witness* Jules A. Martinez-Olivieri, 2016-06-03 A Visible Witness presents a fresh innovative perspective on a vital movement in twentieth century theology Protestant theology in Latin America emerged over fifty years ago side by side with the initial development of Roman Catholic liberation theology Both traditions have common theological interests the praxical nature of theology Christology and soteriology Protestants also share some of the fundamental intuitions of liberation theology the centrality of praxis in Christian life and the priority of opting for the suffering masses Key Protestant theologians like Jos M guez Bonino Nancy Bedford and Guillermo Hansen challenged Protestant theology in Latin America to develop a Trinitarian hermeneutic for Christology in order to see the work of salvation as the work of the triune God and to relate Christology and pneumatology in ways that fundamentally shape the praxis of the church This dissertation takes on this challenge and proposes a theodramatic Christology that serves to ground the Christian notion of salvation as historical liberation and the church's participation in the present experience of redemption in the Trinitarian and economic work of Jesus Christ The ecclesia of believers participates in God's communicative activity via union with Christ the community of disciples becomes a theater of liberation **The Cambridge Companion to Evangelical Theology** Timothy Larsen, Daniel J. Treier, 2007-04-12 Evangelicalism a vibrant and growing expression of historic Christian orthodoxy is already one of the largest and most geographically diverse global religious movements This Companion first published in 2007 offers an articulation of evangelical theology that is both faithful to historic evangelical convictions and in dialogue with contemporary intellectual contexts and concerns In addition to original and creative essays on central Christian doctrines such as Christ the Trinity and Justification it breaks new ground by offering evangelical reflections on issues such as gender race culture and world religions This volume also moves beyond the confines of Anglo American perspectives to offer separate essays exploring

evangelical theology in African Asian and Latin American contexts The contributors to this volume form an unrivalled list of many of today s most eminent evangelical theologians and important emerging voices Polycentric Missiology Allen Yeh,2016-11-10 Allen Yeh traces the history of the five 2010 2012 conferences on five continents celebrating the Edinburgh 1910 World Missionary Conference Highlighting the crucial missiological issues of our era he creates a portrait of a contemporary global Christian mission that encompasses every continent embodying good news from everyone to everywhere *Spirit Outside the Gate* Oscar García-Johnson,2019-07-23 Oscar Garc a Johnson explores a new grammar for the study of theology and mission in global Christianity especially in Latin America Moving to recover important elements in ancestral traditions of the Americas he discerns pneumatological continuity between the pre Columbian and post Columbian communities With an interdisciplinary narrative approach this work offers a constructive theology of mission for the church in global contexts
