There is something that makes Latin America unique different from all of the other places in the world Take away all of the magnificent colors the parrot reds the mellow yellows the ocean blues and the pasture greens and you will see in black and white it is the soul of the people This is a book of photographs by George Owen with some of those faces **Faces of Latin American Protestantism** José Míguez Bonino,1997 Miguez reflects on Latin American Protestantism considering the liberal evangelical and pentecostal facets and then explores theologically the tasks of unity and mission still before Latin American Protestant churches *El Salvador* Jennifer Kasper,Clyde Lanford Smith,2015-03-22 Students and health practitioners traveling abroad seek insightful and relevant background material to orient them to the new environment This volume on El Salvador provides historical political and cultural background for contemporary health care challenges especially related to poverty Combining the personal insights of the authors and Salvadoran medical personnel with a broader discussion of the uniquely Salvadoran context it is an essential guide for anyone heading to El Salvador to do health care related work *The Shadow : Latin America Faces the Seventies* Sven Lindqvist,1974 **Atando Cabos** Elizabeth Conde-Frazier,2021-08-31

Decolonizing theological education and restoring agency to the people Latinx Protestantism is a rapidly growing element of American Christianity How should institutions of theological education in the United States welcome and incorporate the gifts of these populations into their work This is an especially difficult question considering the painful history of colonization in Latin America and the Caribbean an agenda in which theological education was long complicit In this book Elizabeth Conde Frazier takes stock of the cabos sueltos loose ends left over from the history of Latinx Christianity including the ways the rise of Pentecostalism disrupted existing power structures and opened up new ways for Latinx people to assert agency Then atando cabos tying these loose ends together she reflects on how a new paradigm centered on the work of the Holy Spirit can serve to decolonize theological education going forward bringing about an in breaking of the kingdom of God Conde Frazier illustrates how this in breaking would bring changes in epistemology curriculum pedagogy and models for financial sustainability Atando Cabos explores each of these topics and proposes a collaborative ecology that stresses the connections between theological education and wider communities of faith and practice Far from taking a position of

insularity Atando Cabos works from the particularities of the Latinx Protestant context outward to other communities that are wrestling with similar issues so that by the end it is a call for transformation a new reformation for the entire Christian church

The People Called Metodista Edgardo A. Colon-Emeric, 2022-06-21 I am not afraid that the people called Methodists should ever cease to exist either in Europe or America But I am afraid lest they should only exist as a dead sect having the form of religion without the power John Wesley 1786 Church renewal is widely discussed across Methodism today and yet such renewal will not happen apart from serious engagement with and from the margins of society Through a series of new and previously published essays this book looks to the experiences of Methodists in Latin American pueblos and Hispanic barrios to open new scholarly conversations about doctrine worship and mission for the sake of social renewal The flames of renewal do not confine themselves to Methodism But from the people called metodista they can spread sharing in the Wesleyan movement's fundamental calling to revitalize the church universal in its mission to the world Praise for The People Called Metodista What is the future of Methodism Col n Emeric offers a deep meditation on this difficult question and suggests an answer we find its future in the margins of the church Nashville and London must learn to sing together with Seoul Latin America and Africa Pablo R Andrich PhD Instituto Teológico Santo Domingo The Wesleyan tradition as a piety a community in mission and a theology took rise within and has found repeated renewal through engagement with those on the fringes of the reigning powers At its best it has nurtured deep respect for its foundation in Scripture and earlier Christian witness while cultivating openness to new understandings and expressions of faith working by love Col n Emeric's study exemplifies Wesleyanism at its best probing the witness of Hispanic streams of Methodism for insights addressing the entire movement much of which suffers from malaise and morbidity Highly recommended Randy L Maddox PhD William Kellon Quick Emeritus Professor of Wesleyan and Methodist Studies Duke Divinity School In The People Called Metodista Edgardo Col n Emeric has mined treasures that have been hidden to many of us particular in the North American and European expressions of Methodism If Methodism is a renewal movement voices speaking to us from the margins will lead us to new insight and to holy living Through the translation of doctrine worship and mission into a language that surfaces new accents and engages a wider community of conversation partners Col n Emeric has broken new ground that will hopefully enlarge our vision for who we are in the present moment Ken Carter Bishop Florida and Western North Carolina Conferences The United Methodist Church The Holy Spirit who blows wherever it wishes continues to give life around the world Across this book Dr Col n Emeric helps us open our eyes to see and enjoy God's new creation in and through the people called metodista He reminds us of how the Spirit continues to create something new amid chaos This book will renew your hope and inspire you to join God's move Eric A Hernandez Lopez DMin Chair of the Board of Directors Evangelical Seminary of Puerto Rico Gratitude to God for this winsome faithful encouraging resource for the people of God in every place Edgardo Col n Emeric refreshes and deepens the powerful gospel summons to attentiveness at the margins Let us go with him to the edge where

Lipsett-Rivera, 1998-08-01 A contemporary of Columbus noted those crazy Spaniards have more regard for a bit of honor than for a thousand lives This obsession flourished in the New World where status privilege and rank became cornerstones of the colonial social order Honor had many faces To a freed black woman in Brazil it proscribed spousal abuse and permitted her to petition the Church for permission to leave her husband To a high church official charged with sodomy in Alto Peru honor signified the privileges and legal exceptions available to those of his background and social position These nine original essays assess the role and importance men and women of all races and social classes accorded honor throughout colonial Latin America The best work on honor in Latin America and an invaluable and insightful volume A must for both scholars and classroom use Professor Susan M Socolow Emory University **Building Partnerships in the Americas** Margo J. Diverse and Creative Voices Sung Wook Chung, Dieumeme Noelliste, 2015-09-24 As the twentieth century passed its midpoint and was rushing toward its end a growing number of Majority World theologians came to realize that they could in fact do theology in their own contexts for the benefit of their own people Thus from the 1960s onward theologians in the global South have embarked on a form of theological construction that has sometimes been described as contextual reflection or contextualized theology This volume is motivated by the conviction that these efforts have resulted in theological work that is also beneficial for Christians in other parts of the world The editors have invited Majority World theologians to share their reflections on several themes of Christian faith from their own socio historical perspectives but with an unswerving commitment to the authority of Scripture It is hoped that these fresh reflections will help Christians in the West to engage and benefit from the perspectives of fellow believers in the global South **Guatemala** Peter Rohloff, Anne Kraemer
