S. Lewis Andrew J. Spencer, 2019-12-05 C S Lewis embodied the Christian mind because he saw the world as a coherent unity His writing consistently pursued the good the true and the beautiful He used nonfiction to point out the reasonableness of Christianity and used his fiction to create compelling illustrations that make faith in Christ an obvious and attractive conclusion This book explores the Christian mind of C S Lewis across the spectrum of the genres he worked in With contributors from diverse disciplines and interests the volume illuminates the many facets of Lewis s work The Christian Mind of C S Lewis assists readers to read Lewis better and also to read other works better The overarching goal is just as Lewis would have desired to help people see Christ more clearly in the world and to be more like Christ The Face on Film Noa Steimatsky, 2017-01-03 The human face was said to be rediscovered with the advent of motion pictures in which it is often viewed as expressive locus as figure and even as essence of the cinema But how has the modern technological mass circulating art revealed the face in ways that are also distinct from any other medium How has it altered our perception of this quintessential incarnation of the person The archaic powers of masks and icons the fashioning of the individual in the humanist portrait the modernist anxieties of fragmentation and de figuration these are among the cultural precedents informing our experience in the movie theatre Yet the moving image also offers radical new confrontations with the face Dreyer s *Passion of Joan of Arc* Donen s *Funny Face* Hitchcock s *The Wrong Man* Bresson s enigmatic *Au hasard* Balthazar Antonioni s *Screen Test* Warhol s filmic portraits of celebrity and anonymity are among the key works explored in this book In different ways these intense encounters manifest a desire for transparency and plenitude but especially in post classical cinema they also betray a profound ambiguity that haunts the human countenance as it wavers between image and language between what we see and what we know The spectacular impact of the cinematic face is uncannily bound up with an opacity a reticence But is it not for this very reason that like faces in the world it still entralls us
