Facets of Arab Nationalism, By Hans E. Tutsch Hans Emanuel Tutsch,1965 The Great Syrian Revolt and the Rise of Arab Nationalism Michael Provençe,2009-09-17 A historical study of the 1925 revolt against French rule in Syria and how it established a new popular nationalism that helped shape the Middle East The Great Syrian Revolt of 1925 was the first mass movement against colonial rule in the Middle East Mobilizing peasants workers and army veterans it was also the region's largest and longest lasting anti colonial insurgency during the inter war period Though the revolt failed to liberate Syria from French occupation it provided a model of popular nationalism and resistance that remains potent in the Middle East today Each subsequent Arab uprising against foreign rule has repeated the language and tactics of the Great Syrian Revolt In this work Michael Provençe uses newly released secret colonial intelligence sources neglected memoirs and popular memory to tell the story of the revolt from the perspective of its participants He shows how Ottoman subsidized military education created a generation of leaders who rebelled against both the French Mandate rulers of Syria and the Syrian elite who helped the colonial regime This new popular nationalism was unprecedented in the Arab world Provençe shows compellingly that the Great Syrian Revolt was a formative event in shaping the modern Middle East **Arab Political Thought** Georges Corm,2020 Explores the many facets of Arab political thought from the nineteenth century to the present day Arab Nationalism Sylvia Kedourie,1974-01-01 Conflict in the Middle East P.J. Vatikiotis,2016-07-22 The Middle East is a continuing crisis area in world politics This crisp and penetrating book first published in 1971 analyses the historical development of the major issues in Arab politics explains the conflicting interests now at stake in the Middle East and how the politics of the area were likely to develop It examines among other topics the Palestine Liberation Movement the prospects for Arab unity and Great Power interference and was written by one of the world's leading scholars writing on the Middle East *Sociology of the Middle East* Nieuwenhuijze,2022-09-12 **Shades of Nationalism in the Contemporary Arab World** Zamir Ahmad,2022-03-19 INTRODUCTION The modern idea of Al quawmiyya al arrbiya generally rendered in English as Arab Nationalism is not equivalent to the Arabic al qawmiya the latter derived from qawm is a newcomer to the Arab political terminology Before the twentieth century the word qawm had no political connotation but as used during present time it has come to denote all the Arab speaking people disregarding in principle the geographical and political boundaries which separate the Arab states Thus the term al qawmiyya al arrbiya stands today not only for Arab Nationalism but also for the Arab unity Although there has been a language obstacle in understanding Arab Nationalism by non Arabs still attempts have been made by several western and non Arab scholars to understand the phenomenon of Arab Nationalism The study of Arab Nationalism by them has helped a lot for the better understanding of Arab world Arab Nationalism as an ideology and a factor in West Asian politics is a twentieth century phenomenon and comprehensive doctrine of Arab

Nationalism emerged after World War I However it is not to say that its appearance in twentieth century is mere fortuitous event On the contrary The Other Middle East Franck Salameh,2018-01-09 This unique literary collection offers a window on the contemporary Levant a region comprising most of Lebanon Syria Jordan Palestine Israel Cyprus parts of southern Turkey and northwestern Iraq and the Sinai Peninsula Originally written in Arabic French Aramaic Lebanese Egyptian and Hebrew and reflecting an extraordinary diversity of cultures faiths traditions and languages the selections in this book also convey a wide range of ideas and perspectives to offer readers a nuanced understanding of the mosaic that is the contemporary Middle East Franck Salameh who compiled this anthology over the course of more than two decades introduces and annotates each selection for the benefit of the uninitiated reader offering background on the various peoples and politics of the Levant In these pages we discover a Middle East in which as one writer puts it an Armenian and a Turk can still hold hands in the midst of massacres

Political Modernization in the Gulf Shahid Jamal Ansari,1998 The entire Gulf is passing through a transitional phase The member states of the Gulf Cooperation Council GCC are witnessing change in varying degrees The change has become too evident from the 1960s It was oil more than any other factor which was responsible for a rapid transition Control over oil production and marketing have led to the strengthening of governmental role as owner and distributor of oil income The regions tribal society is being transformed into a modern society Political modernization is a recent phenomenon if the nature and extent of structural and informal transformations are taken into account Three broadly defined phases of political change can be discerned in the Arabian Peninsula the traditional the neo traditional and the modernizing or post traditional The modernizing phase was initiated by radical policies of socio economic development including the necessary restructuring of replacement of regimes and a redefinition or expansion of the scope and role of the state However the pace and direction of change is not clear enough The coming few decades are crucial in this regard *Arabic Language and National Identity* Yasir Suleiman,2019-08-07 No detailed description available for The Arabic Language and National Identity

Arabs in the Mirror Nissim Rejwan,2009-02-17 What is an Arab Though many in the West would answer that question with simplistic stereotypes the reality is far more complex and interesting Arabs themselves have been debating Arab identity since pre Islamic times coming to a variety of conclusions about the nature and extent of their Arabness Likewise Westerners and others have attempted to analyze Arab identity reaching mostly negative conclusions about Arab culture and capacity for self government To bring new perspectives to the question of Arab identity Iraqi born scholar Nissim Rejwan has assembled this fascinating collection of writings by Arab and Western intellectuals who try to define what it means to be Arab He begins with pre Islamic times and continues to the last decades of the twentieth century quoting thinkers ranging from Ibn Khaldun to modern writers such as al Ansari Haykal Ahmad Amin al Azm and Said Through their works Rejwan shows how Arabs have grappled with such significant issues as the influence of Islam the rise of nationalism the quest for democracy women s status the younger generation Egypt s place in the Arab world Israel s role in Middle Eastern conflict and the West s cultural invasion By letting Arabs speak for themselves Arabs in the Mirror refutes a prominent Western stereotype that Arabs are incapable of self reflection or self government On the contrary it reveals a rich tradition of self criticism and self knowledge in the Arab world
