book leaders need to learn how to facilitate a group's journey from awareness to commitment to action in support of inclusion and equity. What John has done here is remarkable. He's taken the intuitive art of facilitation, illustrated it with a story, and explained it with theory, data, and graphic examples. It's clear, cohesive, comprehensive, and integrated. I like that we follow one story throughout and that a plethora of facilitation techniques are embedded in that story. I particularly like how facilitation is contrasted with training. John has broken the facilitation rubric into bite-sized pieces, which makes it useful to leaders of professional learning. I love this book. *Guiding Teams to Excellence with Equity* is a book we've all been waiting for. Kikanza Nuri Robins, Author of *Fish Out of Water*. Based in abundant research, this valuable book contains myriad strategies and protocols for building collective efficacy in educational teams. It is a must for those who wish to perfect their facilitation skills, who desire a deeper understanding of the emotional and cognitive transformation during the human journey of personal enlightenment, and for those who believe that the future of our democracy depends on equity and cultural proficiency.
