On the first sheet of paper, ask people to write their names at the top and then list the skills and talents they have that are relevant to solving the group's challenge. Also list one recent accomplishment.

### 2. Create something

With the second sheet of paper, ask people to create something that expresses who they are and what they like. They could create a drawing or a collage. Group members could also make a skit, a dance, sing a song about themselves, and so forth.

### 3. Share your skills

Ask each member to share their pages. Take notes about what they share, and consider taking pictures especially if you group intends to add new members in the future.

### 4. Assess skills and needs

Once everybody has shared, ask people to put up their two sheets of paper on the wall. As a group, discuss the papers and write a new list of the skills your team has a lot of, as well as the skills you still need. Keep this visible where you meet, so group members are reminded of these skills.
