## **Facing Facts:**

*Just the Facts* David T.Z. Mindich,1998 If American journalism were a religion as it has been called then its supreme deity would be objectivity The high priests of the profession worship the concept while the iconoclasts of advocacy journalism new journalism and cyberjournalism consider objectivity a golden calf Meanwhile a groundswell of tabloids and talk shows and the increasing infringement of market concerns make a renewed discussion of the validity possibility and aim of objectivity a crucial pursuit David T Z Mindich reaches back to the nineteenth century to recover the lost history and meaning of this central tenet of American journalism His book draws on high profile cases showing the degree to which journalism and its evolving commitment to objectivity altered and in some cases limited the public s understanding of events and issues

**Against Facts** Arianna Betti, 2015-07-10 An argument that the major metaphysical theories of facts give us no good reason to accept facts in our catalog of the world In this book Arianna Betti argues that we have no good reason to accept facts in our catalog of the world at least as they are described by the two major metaphysical theories of facts She claims that neither of these theories is tenable neither the theory according to which facts are special structured building blocks of reality nor the theory according to which facts are whatever is named by certain expressions of the form the fact that such and such There is reality and there are entities in reality that we are able to name but Betti contends among these entities there are no facts Drawing on metaphysics the philosophy of language and linguistics Betti examines the main arguments in favor of and against facts of the two major sorts which she distinguishes as compositional and propositional giving special attention to methodological presuppositions She criticizes compositional facts as special structured building blocks of reality and the central argument for them Armstrong's truthmaker argument She then criticizes propositional facts as whatever is named in the fact that statements and what she calls the argument from nominal reference which draws on Quine's criterion of ontological commitment Betti argues that metaphysicians should stop worrying about facts and philosophers in general should stop arguing for or against entities on the basis of how we use language

**The Politics of Horror** Damien K. Picariello, 2020-06-26 The Politics of Horror features contributions from scholars in a variety of fields political science English communication studies and others that explore the connections between horror and politics How might resources drawn from the study of politics inform our readings of and conversations about horror In what ways might horror provide a useful lens through which to consider enduring questions in politics and political thought And what insights might be drawn from horror as we consider contemporary political issues In turning to horror the contributors to this volume offer fresh provocations to inform a broad range of discussions of politics

**Brute Facts** Elly Vintiadis, Constantinos Mekios, 2018-11-10 Brute facts are facts that don't have explanations Such facts appear in our explanations inform many people's views about the structure of the world and are part of philosophical interpretations in metaphysics and the philosophy of science Yet despite the considerable literature on explanation the question of bruteness

has been left largely unexamined The chapters in *Brute Facts* address this gap in academic thought by exploring the central considerations which surround this topic How can we draw a distinction between facts that can reasonably be thought of as brute and facts for which further explanation is possible Can we explain something and gain understanding by appealing to brute facts Is naturalism inconsistent with the existence of non physical brute facts Can modal facts be brute facts Are emergent facts brute This volume brings together contributions by authors who offer different answers to these questions In presenting a range of different viewpoints on these matters *Brute Facts* engages with major debates in contemporary philosophy concerning modality naturalism consciousness reduction and explanation

*Politics and Conscience* Roger Lipsey, 2020-02-25 An accessible guide to the principles and vision of Dag Hammarskjöld a man John F Kennedy called the greatest statesman of our century Dag Hammarskjöld served as Secretary General of the United Nations from 1953 until his tragic death in a suspicious plane crash in 1961 During those years he saw the fledgling international organization through numerous crises with skill that made him a star on the international stage As readers of his now classic diary *Markings* are aware Hammarskjöld understood political leadership as an honor calling for resourcefulness humility moral clarity and spiritual reflection In this accessible handbook acclaimed biographer Roger Lipsey details the political and personal code by which Hammarskjöld lived and made critical decisions What emerges is the portrait of a man who struck a remarkable balance between patience and action empathy and reserve policy and people Structured through short sections on themes such as courage facing facts and negotiation *Politics and Conscience* offers a vision of ethical leadership as relevant today as it was in Hammarskjöld's time
