This book of trivia is the greatest thing that's been written since the Nevada state Constitution. Did you know that was the longest message ever sent via Morse code telegram? With this book of 1 000 trivia facts you'll impress even the most knowledgeable friends you have. Use the interesting facts to start a great conversation. Pull out the random facts to make someone smile. Be the center of any party with all the funny facts you'll find in this book. Got a pub quiz or trivia night to go to? Prepare with this book. With this many fun facts about the United States you'll win every time. [Detroit Lions Facts and Trivia](#) Marc Davis, 1996

**Trivia & Fun Facts Book** Alberto Velezmoro, 2021-05-07 This book is meant to give a broad overview of the biggest events about America, admittedly with a few more trivial but very interesting tidbits along the way in a way that delivers truth without getting into debate about bias. History can get dry so humor is a great alleviator but quite frankly not all of it is very funny. Some of it is hard to hear and some of it sparks debate sometimes because of one's interpretation and sometimes because the version we learned hasn't been unlearned and the new not as pleasant information might come as a surprise. In this book you'll find 1 000 funny weird random and little known facts about the United States of America. From its Constitution to its molasses explosion from its presidents' false teeth to its cow to resident ratios the U.S. is full of interesting facts. Did you know that it's illegal to view a moose from an airplane in Alaska? Or that you can get a unicorn hunting license in Michigan? Via this book we hope you could learn something and you take it with you. Nothing's perfect and some things are further from it than others but truth is the only way to make sure one gets closer and closer to it. We hope you read this book with interest and sometimes maybe a little anger though not at us sometimes a lot of laughter and you learn something about the United States about your history and about how even the things you love most in the world aren't perfect and really don't have to be as long as you're willing to help get them a little closer. We hope you and your friends enjoy this book.
