**A Conspiracy to Colonize 19Th Century United States Free Blacks in Africa by the American Colonization Society** Grant Walker, 2014-07-31 Blacks fought with whites in the American War for Independence against England In fact without the aid of these black soldiers one wonders if the Americans would have won the war These blacks were never considered equal to whites but a great number died for a country that looked upon them as being inferior and unworthy of total freedom After the American War for Independence many whites in the North felt guilty about holding slaves A vast number of blacks were freed as a humane gesture Blacks were also freed because slavery as an economic institution in the North was dead and industrialization was steadily taking its place These blacks were semi free because they did not really enjoy the same rights or privileges as whites

Hetrick, 2022-10-18 Beginning in 1816 the American Colonization Society worked to send American blacks to resettle in Africa From inception however its foundational ethos has been debated These debates continued long after the effective end of the ACS during WWI through the Civil Rights movement to today when even historians among the Press s own authors respectfully hold opposing views In this volume Beverly Tomek and Matthew Hetrick gather essays from scholars with different opinions and divergent methodologies offering not only new research to address some of the old questions about American colonization and missionary activities but also new questions to spur further debate **Catalogue of Books Added to the Library of Congress** , 1861 **Against Wind and Tide** Ousmane K Power-Greene, 2014-09-05 How and why free blacks resisted relocation to Liberia A fine contribution to the story of African colonization movements in early American history The Journal of American History *Against Wind and Tide* tells the story of

African Americans battle against the American Colonization Society ACS founded in 1816 with the intention to return free blacks to its colony Liberia Although ACS members considered free black colonization in Africa a benevolent enterprise most black leaders rejected the ACS fearing that the organization sought forced removal As Ousmane K Power Greene s story shows these African American anticolonizationists did not believe Liberia would ever be a true black American homeland In this study of anticolonization agitation Power Greene draws on newspapers meeting minutes and letters to explore the concerted effort on the part of nineteenth century black activists community leaders and spokespersons to challenge the American Colonization Society s attempt to make colonization of free blacks federal policy The ACS insisted the plan embodied empowerment The United States they argued would never accept free blacks as citizens and the only solution to the status of free blacks was to create an autonomous nation that would fundamentally reject racism at its core But the activists and reformers on the opposite side believed that the colonization movement was itself deeply racist and in fact one of the greatest obstacles for African Americans to gain citizenship in the United States Power Greene synthesizes debates about colonization and emigration situating this complex and enduring issue into an ever broader conversation about nation building and identity formation in the Atlantic world
