imagine spirituality simplicity availability or energetic missionaries reflected in obituaries burial sites or their answers to census questions You will share their sorrow at the deaths of loved ones through accident disease suicide loss at sea or in the service of their country in war particularly in World War I You will learn of their varied occupations trades and professions from farming fishing and forestry to shoemaking carpentry and sailing nursing and teaching You will join them as they strive to become master mariners volunteer in their churches train young women with the YWCA in China or succor the sick and wounded with the Red Cross in Siberia follow them south to Boston and the Caribbean east to Europe and across the Pacific to Asia Only then you will come to understand why at its core my passion has been to be the voice of my direct ancestors and extended family within a defined framework of time and place to record their activities where sources allow in essence to be the story they could not write
