UFOs and Aliens: Shocking Secrets, Amazing Encounters and Complete Cover-Ups UFO Guy, 2012-05-23 The truth is out there sure that s true But it s also a lot closer to home than you think In this book I focus on the most amazing UFO cases and evidence that I have come across over the past almost forty years Some are older many are recent and involve everyday people celebrities politicians astronauts and former U S presidents Not only will you learn new information much of it exclusive about older and more recent UFO incidents which remain unexplained you ll be taken on a trip through secret U S Government experiments involving invisibility time travel mind control and the summoning of Aliens using E T Technology This book is a treasure trove of true facts for those who really want to know the truth not just the watered down goop fed to us by the media UFO pundits and cable channels

The Myth and Mystery of UFOs Thomas E. Bullard, 2016-10-17 When United Airlines workers reported a UFO at O Hare Airport in November 2006 it was met with the typical denials and hush up that usually accompany such sightings But when a related story broke the record for hits at the Chicago Tribune s website it was clear that such unexplained objects continued to occupy the minds of fascinated readers Why wonders Thomas Bullard don t such persistent sightings command more urgent attention from scientists scholars and mainstream journalists The answer in part lies in Bullard s wide ranging magisterial survey of the mysterious frustrating and ever evolving phenomenon that refuses to go away and our collective efforts to understand it In his trailblazing book Bullard views those efforts through the lens of mythmaking discovering what UFO accounts tell us about ourselves our beliefs and the possibility of visitors from beyond Bullard shows how ongoing grassroots interest in UFOs stems both from actual personal experiences and from a cultural mythology that defines such encounters as somehow alien and how it views relentless official denial as a part of conspiracy to hide the truth He also describes how UFOs have catalyzed the evolution of a new but highly fractured belief system that borrows heavily from the human past and mythic themes and which UFO witnesses and researchers use to make sense of such phenomena and our place in the cosmos Bullard s book takes in the whole spectrum of speculations on alien visitations and abductions magically advanced technologies governmental conspiracies varieties of religious salvation apocalyptic fears and other paranormal experiences Along the way Bullard investigates how UFOs have inspired books movies and television series blurred the boundaries between science science fiction and religion and crowded the Internet with websites and discussion groups From the patches of this crazy quilt he posits evidence that a genuine phenomenon seems to exist outside the myth Enormously erudite and endlessly engaging Bullard s study is a sky watcher s guide to the studies stories and debates that this elusive subject has inspired It shows that

despite all the competing interests and errors clouding the subject there is substance beneath the clutter a genuinely mysterious phenomenon that deserves attention as more than a myth Paranormal America (second edition) Christopher D Bader, Joseph O Baker, F. Carson Mencken, 2017-04-18 An engrossing and intellectually stimulating portrait of the countless Americans who believe in paranormal phenomena Journal of Religion and Culture Popular culture makes clear that there is a seemingly insatiable public appetite for information and entertainment about what we call the paranormal supernatural or mystical But how many Americans believe in the paranormal and who are they Based on extensive research and their own unique experiences Christopher Bader Joseph Baker and Carson Mencken reveal that a significant number hold these beliefs and that for better or worse we undoubtedly live in a paranormal America Paranormal America follows the authors as they participate in psychic and palm readings have their auras photographed join a Bigfoot hunt follow a group of celebrity ghost hunters as they investigate claims of a haunted classroom and visit a support group for alien abductees The second edition also includes new and updated research based on findings from the Baylor Religion Survey regarding America's relationship with the paranormal Drawing on these diverse and compelling sources of data the book offers an engaging account of the social personal and statistical stories of American paranormal beliefs and experiences It examines topics such as the popularity of paranormal beliefs in the United States the ways in which these beliefs relate to each other whether paranormal beliefs will give rise to a new religion and how believers in the paranormal differ from average Americans Brimming with fascinating anecdotes and provocative new findings Paranormal America offers an entertaining yet authoritative examination of a growing segment of American religious culture An engaging and eye opening book that offers an abundance of new insights dispelling some popular stereotypes and reaffirming others Roger Finke Distinguished Professor of Sociology and Religious Studies Pennsylvania State University
