Faded Sun The Shonjir 2 In The Faded Sun Trilogy:

To Be Continued Hope Apple, Merle L. Jacob, 2000-10-10 Keeping track of prolific authors who write fiction series was quite challenging for even the most ardent fan until *To Be Continued* debuted in 1995. Now readers will be happy that the soon to be released second edition has added 1 600 new books and 400 new series. *To Be Continued Second Edition* maintains the first volume's successful formula that featured concise A to Z entries packed with useful information including titles, publishers, publication dates, genre categories, annotations, and subject terms. Among the genre categories that can be found in *To Be Continued* are romance, science fiction, crime, novel, horror, adventure, fantasy, humor, western, war, Christian fiction, and others. Science Fiction and Fantasy Literature, 1975-1991 R. Reginald, Mary Wickizer Burgess, Daryl Furumi Mallett, 1992 Science fiction constitutes one of the largest and most widely read genres in literature and this reference provides bibliographical data on some 20 000 science fiction, fantasy, and horror fiction books as well as nonfiction monographs about the literature. A companion to Reginald's *Science Fiction and Fantasy Literature 1700-1974* (Gale 1979) the present volume is alphabetically arranged by approximately 10 000 author names. The entry for each individual work includes title, publisher, date, and place published, number of pages, hardbound or paperback format, and type of book (novel, anthology, etc.). Where appropriate, entries also provide translation notes, series information, pseudonyms, and remarks on special features such as celebrity introductions. Includes indexes of titles, series, awards, and doubles for locating volumes containing two novels. Annotation copyright by Book News Inc, Portland, OR. *Solar Flares* Andrew M. Butler, 2012-10-16 An engaging and accessible book looking at 1970s sf writing, film, and television alongside music and architecture to reclaim the decade as a crucial period in the history of science fiction. *Sequels* Janet G. Husband, Jonathan F. Husband, 2009-07-30 A guide to series fiction lists popular series, identifies novels by character, and offers guidance on the order in which to read unnumbered series. **The Whole Story** John E. Simkin, 1996 This work is the only comprehensive guide to sequels in English with over 84 000 works by 12 500 authors in 17 000 sequences. *Science Fiction, Fantasy & Horror*, 1990 A comprehensive bibliography of books and short fiction published in the English language. *Fantasy Media*, *Contemporary literary criticism* Daniel G. Marowski, 1985 Entries include critical commentary, brief biographical information, a portrait when available, a list of principal works, and may also include a further reading section about creative writers in the young adult genre. **Science Fiction and Fantasy Series and Sequels: Books** Tim Cottrill, Martin Harry Greenberg, Charles Gordon Waugh, 1986. Extrapolation, 1985. **To be Continued** Merle Jacob, Hope Apple, 1995 This guide identifies both in print and out of print works of fiction featuring continuing themes, plots, or characters in which there is a sense of development and passage of time. Entries are arranged alphabetically by author and are accompanied by bibliographic information. Beacham's Encyclopedia of Popular Fiction Kirk H. Beetz, 1996. *The Cumulative Book Index*, 1989 A world list of books in the English language. **Foundations of Science Fiction** John J. Pierce, 1987-03-04 This

important contribution to the study of science fiction explores the origins of the basic literary traditions of the genre Thematic rather than chronological organization sets this work apart from previous analyses The entire range of literary invention within science fiction is explored from its earliest beginnings through the past hundred years of serious development Emphasis is on enabling the reader to perceive the evolution of science fiction as an organic whole rather than a mere accumulation of works linked solely by popular publishing trends **The Publishers' Trade List Annual** ,1989
