Fadlallah The Making Of A Radical Shiite Leader:

The SAGE Encyclopedia of Terrorism, Second Edition Gus Martin, 2011-06-15 Six years after publication of the first edition of the best selling Encyclopedia of Terrorism much has changed on the national security scene Despite the dark promises of Osama bin Laden following the 9 11 attacks the United States has not experienced any major domestic terror incidents Al Qaeda itself is believed to be a severely crippled organization But while U S wars in Afghanistan and Iraq not to mention the arrival of the Obama administration a new balance of power within Congress and an increasingly fragile economic picture have significantly affected the national security picture the threat of economic chaos and massive loss of life due to terror attacks has not abated Indeed in July 2008 analysts pointed out that even a relatively small terrorist organization could present a dire threat with some experts arguing that a biological chemical or even nuclear attack on a major U S city is all but inevitable In this highly charged rapidly shifting environment we are pleased to present the The SAGE Encyclopedia of Terrorism Second Edition a thoroughly updated and expanded edition of the original highly regarded reference work Nearly 100 000 words of new material will be added along with fully updated original entries and expanded coverage New introductory essays will explore the impact of terrorism on economics public health religion and even pop culture Ethical issues such as the role of torture in interrogations competing notions of security versus liberty and the debates over FISA legislation and Guantanamo Bay will also be covered Two dozen entries on significant recent events such as the London bombings Chechen attacks on Russian interests and the rescue of Ingrid Bettancourt and some 60 additional new entries will restore the work as an up to the minute natural first stop for researchers **Radical Islam in the West**

Brian R. Farmer, 2014-01-10 This book explores the challenge posed by the immersion of 15 million Muslims in Western democracies and the few but volatile terrorists present within the larger body of believers The fact that immersion in Western culture is insufficient to stem the tide of extremism is discussed along with the factors that contribute to the growth of radical Islam such as the presence of charismatic authoritarian leadership educational options that downplay critical thinking and colonialism Hope that radical Islam can be kept to a minimum in Western societies is provided by the Islamic concept of Ijtihad through which Muslims reinterpret their own religion Just as mainstream Mormons have dispensed with polygamy and Christians with witch hunting Muslims in Western societies have the potential to minimize the growth of radicalism Instructors considering this book for use in a course may request an examination copy here **The Princeton**

Encyclopedia of Islamic Political Thought Gerhard Bowering, Patricia Crone, Mahan Mirza, 2013 In 2012 the year 1433 of the Muslim calendar the Islamic population throughout the world was estimated at approximately a billion and a half representing about one fifth of humanity In geographical terms Islam occupies the center of the world stretching like a big belt across the globe from east to west P vii **The Hizbullah Phenomenon** Lina Khatib, Dina Matar, Atef Alshaer, 2014 Hizbullah s management of its image and identity are scrutinised by the authors alongside analysis of the movement s

communication strategy political behaviour and performance Provided by publisher *Fadlallah* Jamal Sankari,2005 This unique book traces the trajectory of the enigmatic multi faceted sometimes contradictory personality of Sayyid Fadlallah against a background of cultural political and economic upheaval in Iran Iraq and Lebanon *Terrorist Groups and the New Tribalism* Jeffrey Kaplan,2010-02-25 The central focus of this book is a small but vitally important group of movements that constitute a distinct fifth wave of modern terrorism here called the New Tribalism *Terrorist Groups and the New Tribalism* examines a collection of terrorist or insurgent movements whose similarity in tactics strategic vision and desire to radically reshape their worlds to conform with a Golden Age dream of perfection which is to be achieved through a genocidal or ethnic cleansing process to make way for the emergence of a new radically perfected tribal utopia in a single generation These shared strategic and tactical factors allow them to be examined through a comparative lens as a distinct fifth wave of modern terrorism Structured around the theoretical framework of David Rapoport s Four Waves thesis the book examines anomalous movements that began within a distinct wave of international terrorism but following a crisis model has turned inwards toward radical localism tribalism and xenophobia The text is divided between theory and in depth case studies of the Ugandan Lord s Resistance Army and the Sudanese Janjaweed It concludes with a design for further field work based research This book will be of interest to students of Terrorism and Political Violence Genocide Conflict Studies African politics and Political Science in general Jeffrey Kaplan is an Associate Professor of Religion and the Director of the Institute for the Study of Religion Violence and Memory at the University of Wisconsin Oshkosh He is the author of 11 books on terrorism and political violence *Iranian Strategic Influence* W.A. Rivera,2021-11-26 Since the 1979 Islamic Revolution the strategic culture of resistance has dominated Iran s strategic objective and foreign policy preference formation Iran is a revisionist state that lacks overwhelming military and economic dominance in its near abroad as such two pillars have emerged to support and export their strategic culture of resistance These are Adaptive Resistance pragmatism and Designed Redundancy deniability and insulation These two themes of resistance provide content and structure to their strategic Influence campaigns where strategic Influence is the use of the elements of national power diplomatic military economic with and through information to shape the information and operational environment in order to erode the will of the enemy This new way of war is predicated on building narratives activating identities mobilizing proxies and disorienting targets through the use of information in service of strategic goals Strategic influence is the way in which elements of the strategic culture of resistance are executed in Iran s near abroad To combat and defeat strategic influence campaigns it is necessary to understand both the strategic cultural factors at play and the strategic influence campaigns that Iran deploys Intellectual dynamics in the Middle East and North Africa Ewan Stein,2017-10-02 More than three years after the beginning of the wave of Arab uprisings an understanding of the role of intellectuals in political change across the region has never been more important This timely volume on Intellectuals in the Modern Middle East combines geographical and chronological breadth

and draws on a diverse range of approaches including intellectual history political science art history social policy and political philosophy Together the chapters provide a window into the diversity in intellectual trends across the Middle East from the early decades of the 20th century until the present day While they do not and cannot provide a complete or even representative picture of intellectual dynamics in the modern Middle East they collectively address a range of analytical and normative issues that bear on the role of the intellectual in contemporary Middle Eastern politics and society This book was published as a special issue of the British Journal of Middle Eastern Studies Political Thought in Contemporary Shi'a Islam Farah W. Kawtharani, 2019-11-11 This book offers an intellectual history of one of the leading Shi'i thinkers and religious leaders of the 20th century in Lebanon Shaykh Muhammad Mahdi Shams al Din The author examines his role as the foremost figure of Shi'i intellectual life a key associate of Musa al Sadr and president of the Islamic Shi'i Supreme Council of Lebanon having maintained the independence of this institution until his death from the domination of Shi'i political parties The core of the book consists of three interrelated main themes that constitute the major threads of Shams al Din's intellectual legacy a discussion of Islamic government involving a critique of Khomeini's theory of wilayat al faqih the role of Islam within civil government and the necessity for political integration of the Shi'a in their Arab nation states to protect them from policies that raise doubts over their political allegiance to their respective countries The project will appeal to scholars students academics and researchers in Middle Eastern politics and history **Covering the Shi'a** Robert W. Tomlinson, 2018-11-15 Often demonized by the Western media and press Hezbollah's origins are rooted in activities of the Lebanese Shi'a in the late 1970s and early 80s *Covering the Shi'a* English Press Representation of the Lebanese Shi'a 1975-1985 chronicles how the English language press and media represented the most consequential group in Lebanon to Western audiences during the critical period of 1975-1985 Focusing on three of the most prominent English language newspapers at that time the book outlines how the Western media frequently disregarded the Shi'i civil rights movement in Lebanon Conflating that movement with other Arab independence campaigns the Western media missed key aspects and the dynamics at work in the Lebanese Shi'i community Additionally in failing to understand and report the nature of the transnational networks that supported the Shi'i community in Lebanon the resultant news narrative reported in the English language media was at odds with the narratives harbored by the Lebanese Shi'a themselves In order to gain an understanding of the operations of Lebanese Hezbollah today and the current media coverage of the organization this book offers insights on the origins of Shi'a resistance and how one can evaluate the group today *Shiism and Politics in the Middle East* Laurence Louer, 2021-12-01 There exists a tendency to explain away much of Shiite politics in the Middle East as inextricably linked to Iranian foreign policy Laurence Louer challenges this view arguing that in the end local political imperatives have been the crucial factor determining the direction of Shiite states in the Middle East **Islam as Power** Bianka Speidl, 2020-12-03 Providing an in depth and extensive analysis of the concept of power as articulated by Muhammad Husayn Fadlallah 1935

2010 this case study analyses the systemic conceptualisation of power and his argumentation of sacralising Islamised power The volume also offers a quick overview of how the concept was understood and articulated by other Shi'ite jurists such as Ayatollah Khomeini Examining Fadlallah's oeuvre in particular his seminal book *Islam and the Logic of Power* al-Islam wa mantiq al-quwwa this book focuses on the narrative itself which played a central role in the radical transformation that occurred in the Shi'ite concept of empowerment and its recognition as a necessity The analysis of Fadlallah's conceptualisation and argumentation illustrates the mechanism of sacralising righteous power as well as the means of gaining it Fadlallah reinterpreted Shi'ism as a project of empowerment to initiate and sustain an impulse of power amongst the Lebanese Shi'ites in the most critical moment of modern Lebanese history Dealing with the concept of power in Shi'ite political thought from a theoretical perspective the study has an innovative approach that offers an insight into how the transformative narrative is constructed and what makes it convincing Shedding light on the content and logical structure of Fadlallah's argumentation this volume will be of interest to scholars and students researching contemporary politics Islam and the Middle East Voice of Hezbollah Sayyed Hassan Nasrallah, 2020-05-05 In July 2006 with the commencement of hostilities between Israel and Hezbollah Sayyed Hassan Nasrallah the longstanding secretary general of the Party of God burst into the spotlight of the Western media cast almost inevitably as an even more dangerous incarnation of Osama bin Laden Yet well before the start of the war Nasrallah had acquired an almost unrivalled credibility in the Arab world among admirers and detractors alike a profile that soared in May 2000 when he became the first leader to push Israel out of Arab land Voice of Hezbollah brings to an English speaking readership for the first time Nasrallah's speeches and interviews the intricate deeply populist arguments and promises that he has made from the mid 1980s to the present day Newly translated from the Arabic and with an introduction by one of the foremost writers on Lebanon Voice of Hezbollah is critical to the understanding of the man and the movement Hizbullah and the Politics of Remembrance Bashir Saade, 2016-08-16 Born out of the Israeli occupation of the South of Lebanon the political armed group Hizbullah is a powerful player within both Lebanon and the wider Middle East Understanding how Hizbullah has since the 1980s developed its own reading of the nature of the Lebanese state national identity and historical narrative is central to grasping the political trajectory of the country By examining the ideological production of Hizbullah especially its underground newspaper Al-Ahd Bashir Saade offers an account of the intellectual continuity between the early phases of Hizbullah's emergence onto the political stage and its present day organization Saade argues here that this early intellectual activity involving an elaborate understanding of the past and history had a long lasting impact on later cultural production one in which the notion and practice of Resistance has been central in developing national imaginaries *Hezbollah* Dominique Avon, Anaïs-Trissa Khatchadourian, 2012-09-10 Hezbollah's revolutionary role in global politics has invited lionization and vilification rather than a clear eyed view of its place in history Now that the party is in power how will Hezbollah reconcile its regional obligations

with its religious beliefs This nonpartisan account offers insights that Western media have missed or misunderstood

Female Personalities in the Qur'an and Sunna Rawand Osman,2014-10-03 This book investigates the manner in which the Qur'an and sunna depict female personalities in their narrative literature Providing a comprehensive study of all the female personalities mentioned in the Qur'an the book is selective in the personalities of the sunna examining the three prominent women of ahl al bayt Khadija Fatima and Zaynab Analysing the major sources of Imami Shi'i Islam including the exegetical compilations of the eminent Shi'i religious authorities of the classical and modern periods as well as the authoritative books of Shi'i traditions this book finds that the varieties of female personalities are portrayed as human beings on different stages of the spiritual spectrum They display feminine qualities which are often viewed positively and are sometimes commendable traits for men at least as far as the spiritual domain is concerned The theory particularly regarding women's humanity is then tested against the depiction of womanhood in the hadith literature with special emphasis on Nahj al Balagha Contributing a fresh perspective on classical materials this book will be of interest to students and scholars of Islamic Studies Women's Studies and Shi'i Studies

Religion and Hezbollah Mariam Farida,2019-08-01 This comprehensive and thought provoking volume examines the role and function of religion in Hezbollah's political strategy in the context of contemporary Lebanese politics and global security The book demonstrates how Hezbollah uses religious mechanisms such as taklif shari religious assessment ijtihad interpretation of jihad and fatwa religious verdict as political tools to mobilise the Shi'a in Lebanon and the Middle East and to build political support The comprehensive content analysis scrutinised speeches of Hezbollah Secretary General Hassan Nasrallah from 2000 to 2013 The results provide and inform a wide scoping discussion of Nasrallah's uses of rhetorical devices and context to imbue religious elements into Hezbollah politics to mobilise and motivate supporters Additionally a case study analysis of Hezbollah's intervention in the Syrian conflict is also included This further demonstrates Hezbollah's strategic use of political pragmatism and religious rhetoric to link its political and military agendas and to transition the Party from a resistance group in Lebanon to a regional actor with a regional priority As such readers are provided with new and interesting insights into Hezbollah's ideology and identity as a domestic and regional non state actor and the social mobilisation of Shi'a in Lebanon and the region Providing a nexus between religion politics and security the book will be a key resource for students and researchers interested in religious studies and Middle East politics

Confronting Antisemitism in Modern Media, the Legal and Political Worlds Armin Lange,Kerstin Mayerhofer,Dina Porat,Lawrence H. Schiffman,2021-05-10 This volume documents the transformation of age old antisemitic stereotypes into a new form of discrimination often called New Antisemitism or Antisemitism 2.0 Manifestations of antisemitism in political legal media and other contexts are reflected on theoretically and contemporary developments are analyzed with a special focus on online hatred The volume points to the need for a globally coordinated approach on the political and legal levels as well as with regard to the modern media to effectively combat modern antisemitism

Religion, National Identity, and

Confessional Politics in Lebanon R. Rabil, 2011-09-12 Against a background of weak and contested national identity and capricious interaction between religious affiliation and confessional politics this book illustrates in detailed analysis this comprehensive project of Islamism according to its ideological and practical evolutionary change Proceedings of the Sixth Annual International Conference on Shi'i Studies Ali Paya, Makbul Rahim, Tristan Hillion-Launey, Sophia Butt, Hamed Aleyamin, Tim Orr, Mohammadreza Mashhadi Ayvaz, 2022-01-01 The Annual International Conference on Shi i Studies is organised by the Research and Publications Department of The Islamic College London The conference aims to provide a broad platform for scholars working in the field of Shi i Studies to present their latest research and to explore diverse opinions on Shi i thought practice and heritage This book comprises a selection of papers from the sixth conference held on 13 March 2021
