**Juan J. Linz, Arturo Valenzuela**

## **Failure Of Presidential Democracy:**

*The Failure of Presidential Democracy: The Case of Latin America* Juan José Linz, Arturo Valenzuela, 1994 Preface p ix  
Part I Introduction Presidential or Parliamentary Democracy Does It Make a Difference Juan J Linz p 3 Part II The Experience of Latin American Presidentialism 6 Party Politics and the Crisis of Presidentialism in Chile A Proposal for a Parliamentary Form of Government Arturo Valenzuela p 91 7 Presidentialism and Democratic Stability in Uruguay Luis Eduardo Gonzalez and Charles Guy Gillespie p 151 8 Brazil Toward Parliamentarism Bolivar Lamounier p 179 9 Presidentialism and Colombian Politics Jonathan Hartlyn p 220 10 Loose Parties Floating Politicians and Institutional Stress Presidentialism in Ecuador 1979 1988 Catherine M Conaghan p 254 11 Presidents Messiahs and Constitutional Breakdowns in Peru Cynthia McClintock p 286 12 Venezuela Democratic despite Presidentialism Michael Coppedge p 322 Notes on Contributors p 349 Index **The**

**Failure of Presidential Democracy** Juan J. Linz, Arturo Valenzuela, 1994-02 Brings together leading scholars to examine the question of whether presidentialism or parliamentarism offers the best hope for stable government and democratic continuity This edition offers comparative perspectives **The Failure of Presidential Democracy: Comparative perspectives**

Juan J. Linz, Arturo Valenzuela, 1994 **The Failure of Presidential Democracy** Juan J. Linz, Arturo Valenzuela, 1994-02 Citizens of the United States heirs to two centuries of democratic government tend to believe that presidentialism rather than parliamentarism is the political system that best ensures a stable democracy In Latin America however where many governments have been modeled on that of the United States presidentialism has had mixed success In *The Failure of Presidential Democracy* Juan Linz and Arturo Valenzuela bring together leading scholars to examine the question of whether presidentialism or parliamentarism offers the best hope for stable government and democratic continuity *The Failure of the Founding Fathers* Bruce Ackerman, 2005-10-28 Based on seven years of archival research the book describes previously unknown aspects of the electoral college crisis of 1800 presenting a revised understanding of the early days of two great institutions that continue to have a major impact on American history the plebiscitarian presidency and a Supreme Court that struggles to put the presidency's claims of a popular mandate into constitutional perspective Through close studies of two Supreme Court cases Ackerman shows how the court integrated Federalist and Republican themes into the living Constitution of the early republic **Why Democracies Develop and Decline** Michael Coppedge, Amanda B. Edgell, Carl Henrik Knutsen, Staffan I. Lindberg, 2022-06-23 Evaluates the most important explanations for democratization and democratic decline using new global data extending across modern history [Women Presidents and Prime Ministers in Post-Transition Democracies](#) Verónica Montecinos, 2017-03-15 This book contributes to our understanding of the trajectories and prerogatives of female political leaders in the varying context of democratization political institutions and cultural norms No woman had been elected leader of a country before 1960 but with democratic transitions on the rise since the 1970s the number of women in executive office gradually became a trend of global scope In 2015 nineteen countries had an elected

female Head of State and or Government a proportionally small number that is expected to climb as more women compete for high office sometimes against other female candidates This volume compares how women executives differ in promoting gender equality and advocating for women s rights and interests as well as in their ability to negotiate gender policy agendas Comparative and theoretical chapters on post transition women leaders are complemented by case studies in eight countries in Africa Asia Latin America and Eastern and Central Europe This book will be of use to students and scholars interested in gender studies comparative politics and political leadership

*The Political Economy of Democratic Transitions* Stephan Haggard, Robert R. Kaufman, 2018-06-05 In the last two decades there has been a widespread movement from authoritarian to democratic rule among developing countries often occurring against a backdrop of severe economic crises and the adoption of market oriented reforms The coincidence of these events raises long standing questions about the relationship between economic and political change In this book Stephan Haggard and Robert Kaufman explore this relationship addressing a variety of questions What role have economic crises played in the current wave of political liberalization and democratization Can new democracies manage the daunting political challenges posed by economic reform Under what economic and institutional conditions is democracy most likely to be consolidated Drawing on contemporary political economy and the experiences of twelve Latin American and Asian countries they develop a new approach to understanding democratic transitions Haggard and Kaufman first analyze the relationship between economic crisis and authoritarian withdrawal and then examine how the economic and institutional legacies of authoritarian rule affect the capacity of new democratic governments to initiate and sustain economic policy reform Finally the authors analyze the consolidation of political and economic reform over the long run Throughout they emphasize the relationship between economic conditions the interests and power of contending social groups and the mediating role of representative institutions particularly political parties

**Politics of Democratic Breakdown** Gangsheng Bao, 2022-05-30 Democratic breakdown as a political and historic event can impact the fate of millions if not hundreds of millions of people by changing the political complexion of a country This book attempts to systematically explain why democracies collapse The author s main theoretical argument is based on the examination of two factors One is political cleavages among voters These can cause serious political conflicts and may lead to fierce political confrontation and major upheaval at the society level The other revolves around the types of political and institutional arrangements under democratic regimes Centrifugal democratic regimes are likely to weaken government capacity or state capacity rendering governments incapable of effectively resolving political conflicts and when these two factors come together political conflicts are less likely to be controlled effectively These situations can evolve into serious political crises and eventually lead to the collapse of democratic regimes The empirical research of this book is based on a comparative historical analysis of Germany Nigeria Chile and India Examining democratic collapses from both theoretical and empirical perspectives this book will be of interest to those engaged in the study of democracy Political

Science Comparative Politics and Political Theory

**Encyclopedia of Government and Politics** M. E.

Hawkesworth, Maurice Kogan, 2004 This is a brand new edition of the critically acclaimed Encyclopedia of Government and Politics which has been fully revised and updated to provide a systematic account of politics and political studies at the beginning of the new millennium Providing a penetrating analysis of government and politics at a global regional and nation state level the Encyclopedia assesses both traditional and contemporary approaches and projects the paths of future research The articles provide a degree of critical analysis far beyond a simple descriptive outline of the subject Internationally respected contributors have been carefully selected to present contending approaches to related topics both to clarify the political implications of the various methodologies and to enrich the portrayal of political life With its expanded revised and updated coverage Encyclopedia of Government and Politics is more than ever an indispensable tool for students teachers professional analysts and policy makers

**Party Systems in Post-Soviet Countries** A. Meleshevich, 2007-01-22 This book

conducts a comparative analysis of political institutions and develops rigorous methods suitable for cross national longitudinal analysis An examination of political party systems in Estonia Latvia Lithuania Russia and Ukraine shows striking differences of degrees and dynamics of political institutionalization in the five nations

The Oxford Handbook of Mexican Politics Roderic Ai Camp, 2012-02-16 A comprehensive view of the remarkable transformation of Mexico's political system to a democratic model The contributors to this volume assess the most influential institutions actors policies and issues in the country's current evolution toward democratic consolidation

**Developments in Latin American Political Economy** J. Buxton, N. Phillips, 1999-08-20 The first part of the volume addresses the changing nature and interaction of the state and the market in Latin American countries as well as the principal challenges of consolidating political and economic reform in a period of profound change The second part of the book examines a variety of traditional and non traditional political roles ranging from the military to women and from the environmental lobby to human rights It explores the ways in which the changing composition of the political debate is shaping the political arena Forward looking in its approach to volume provides readers with an indication of factors which will be of key significance in the immediate future the tensions which have yet to be resolved and the prospects ahead

Semi-Presidentialism Outside Europe Robert Elgie, Sophia Moestrup, 2007-06-11 This is the first academic study of the impact of semi presidentialism in emerging democracies outside of Europe Semi presidentialism is where there is both a directly elected fixed term president and a prime minister who is responsible to the legislature For the most part semi presidentialism is seen as being a risky choice for new democracies because it can create potentially destabilizing competition between the president and prime minister And yet there are now more than fifty semi presidential countries in the world Moreover many of these countries are in Africa the former Soviet Union and Asia often in places where democracy has yet to establish a firm foundation This study begins with a chapter that discusses the advantages and disadvantages of semi presidentialism and provides the theoretical framework for a wide

ranging series of country chapters presented in the second part of the book Written by country area specialists the case studies highlight the political processes at work in young semi presidential democracies Semi Presidentialism Outside Europe will appeal to those researching and studying in the fields of comparative politics development and democracy

**Democratic Institutions in Guatemala** Omar Sanchez-Sibony, 2024-12-20 Democratic Institutions in Guatemala Theory and Practice advances knowledge about Guatemala s democracy by embedding the country in recent conceptual and theoretical work in comparative politics This volume sheds light upon the stubborn realities and challenges afflicting Guatemalan democracy during the post Peace Accords era Each chapter delves into the main democratic institutions informal practices and players shaping the operative political game elections Congress the Judiciary the high courts presidentialism criminal actors political parties the political left and political right and the peak business association CACIF This book seeks to escape the perils of parochialism by placing the country within larger scholarly debates and paradigms Russian

Politics Zoltan D. Barany, Robert G. Moser, 2001-08-27 What went wrong in Russia s decade old post communist transition A group of leading young scholars answer this question by offering assessments of five crucial political arenas during the Yeltsin era elections executive legislative relations interactions between the central state and the regions economic reforms and civil military relations All of the contributors recognize that adverse historical legacies have complicated Russian democratization They challenge structural explanations that emphasize constraints of the pre existing system however and concentrate instead on the importance of elite decisions and institution building The authors agree that elites failure to develop robust political institutions has been a central problem of Russia s post communist transition The weakness of the state and its institutions has contributed to a number of serious problems threatening democratic consolidation These include the tensions between the executive and the legislature the frail infrastructure for successful market reform and the absence of proper civilian control over the armed forces **Why Communism Did Not Collapse** Martin K.

Dimitrov, 2013-07-31 This volume brings together a distinguished group of scholars working to address the puzzling durability of communist autocracies in Eastern Europe and Asia which are the longest lasting type of non democratic regime to emerge after World War I The volume conceptualizes the communist universe as consisting of the ten regimes in Eastern Europe and Mongolia that eventually collapsed in 1989 91 and the five regimes that survived the fall of the Berlin Wall China Vietnam Laos North Korea and Cuba The essays offer a theoretical argument that emphasizes the importance of institutional adaptations as a foundation of communist resilience In particular the contributors focus on four adaptations of the economy of ideology of the mechanisms for inclusion of potential rivals and of the institutions of vertical and horizontal accountability The volume argues that when regimes are no longer able to implement adaptive change contingent leadership choices and contagion dynamics make collapse more likely The Constitution of Risk Adrian Vermeule, 2014 The Constitution of Risk is the first book to combine constitutional theory with the theory of risk regulation The book argues that constitutional

rulemaking is best understood as a means of managing political risks Constitutional law structures and regulates the risks that arise in and from political life such as an executive coup or military putsch political abuse of ideological or ethnic minorities or corrupt self dealing by officials The book claims that the best way to manage political risks is an approach it calls optimizing constitutionalism in contrast to the worst case thinking that underpins precautionary constitutionalism a mainstay of liberal constitutional theory Drawing on a broad range of disciplines such as decision theory game theory welfare economics political science and psychology this book advocates constitutional rulemaking undertaken in a spirit of welfare maximization and offers a corrective to the pervasive and frequently irrational attitude of distrust of official power that is so prominent in American constitutional history and discourse

### **Two Presidents Are Better Than One** David

Orentlicher, 2013-03-11 Many Americans are unsatisfied with politics Simultaneously we are hesitant to question the basic soundness of our constitutional system In this refreshingly provocative book David Orentlicher explains why it is due time for us to reconsider dominant ideas about the presidency now arguably our most powerful political institution Challenging the conventional wisdom that the best executive is necessarily a unitary executive Orentlicher makes a wonderful case for why two presidents are better than one Sure to be of interest to political scientists legal scholars as well as informed citizens justifiably worried about the fate of American democracy this fascinating book dares to challenge everything you thought you knew about one of our favorite political institutions William E Scheuerman Indiana University Can Orentlicher be serious in calling for a plural executive The answer is yes and he presents thoughtful and challenging arguments responding to likely criticisms Any readers who are other than completely complacent about the current state of American politics will have to admire Orentlicher's distinctive audacity and to respond themselves to his well argued points Sanford Levinson author of Framed America's 51 Constitutions and the Crisis of Governance When talking heads and political pundits make their What's Wrong with America lists two concerns invariably rise to the top the growing presidential abuse of power and the toxic political atmosphere in Washington In Two Presidents Are Better Than One David Orentlicher shows how the imperial presidency and partisan conflict are largely the result of a deeper problem the Constitution's placement of a single president atop the executive branch Accordingly writes Orentlicher we can fix our broken political system by replacing the one person one party presidency with a two person two party executive branch Orentlicher contends that our founding fathers did not anticipate the extent to which their checks and balances would fail to contain executive power and partisan discord They also did not foresee how the imperial presidency would aggravate partisan conflict As the stakes in presidential elections have grown ever higher since the New Deal battles to capture the White House have greatly exacerbated partisan differences Had the framers been able to predict the future Orentlicher argues they would have been far less enamored with the idea of a single leader at the head of the executive branch and far more receptive to the alternative proposals for a plural executive that they rejected Like their counterparts in Europe they might well have created an executive branch in which power is

shared among multiple persons from multiple political parties Analyzing the histories of other countries with a plural executive branch and past examples of bipartisan cooperation within Congress Orentlicher shows us why and how to implement a two person two party presidency Ultimately Two Presidents Are Better Than One demonstrates why we need constitutional reform to rebalance power between the executive and legislative branches and contain partisan conflict in Washington

The Oxford Handbook of Comparative Administrative Law Peter Cane,Herwig C H Hofmann,Eric C Ip,Peter L Lindseth,2020-12-17 The comparative study of administrative law has a long history dating back more than 200 years It has enjoyed a renaissance in the past 15 years or so and now sits alongside fields such as comparative constitutional law and global administrative law as a well established area of scholarly research This book is the first to provide a broad and systematic view of the subject both in terms of the topics covered and the legal traditions surveyed In its various parts it surveys the historical beginnings of comparative administrative law scholarship discusses important methodological issues examines the relationship between administrative law and regime type analyses basic concepts such as administrative power and accountability and deals with the creation functions and control of administrative power and values of administration The final part looks to the future of this young sub discipline In this volume distinguished experts and leaders in the field discuss a wide range of issues in administrative law from a comparative perspective Administrative law is concerned with the conferral nature exercise and legal control of administrative or executive governmental power It has close links with other areas of public law notably constitutional law and international law It is of great interest and importance not only to lawyers but also to students of politics government and public policy Studying public law comparatively helps to identify both similarities and differences between the way government power and its control is managed in different countries and legal traditions

### **Failure Of Presidential Democracy Introduction**

In today's digital age, the availability of Failure Of Presidential Democracy books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Failure Of Presidential Democracy books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Failure Of Presidential Democracy books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Failure Of Presidential Democracy versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Failure Of Presidential Democracy books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Failure Of Presidential Democracy books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent

resource for literature enthusiasts. Another popular platform for Failure Of Presidential Democracy books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Failure Of Presidential Democracy books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Failure Of Presidential Democracy books and manuals for download and embark on your journey of knowledge?

### **FAQs About Failure Of Presidential Democracy Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Failure Of Presidential Democracy is one of the best book in our library for free trial. We provide copy of Failure Of Presidential Democracy in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Failure Of Presidential Democracy.

Where to download Failure Of Presidential Democracy online for free? Are you looking for Failure Of Presidential Democracy PDF? This is definitely going to save you time and cash in something you should think about.
