

How To Treat Mistakes as Opportunities for Learning

IF SOMEONE SAYS:

"I'm such a failure."

ENCOURAGE THEM TO SAY:

"I just made a mistake; as long as I learn from it, there's no failure."

"I won't ever get this right."

"I'll get this right eventually. I just can't give up."

"I made a mistake."

"Mistakes help me learn."

"They ruined it for the rest of us. "

"It's my responsibility how I handle this. "

The Human Side of Teaching Francis J. Gardella, 2023-12-15 The Human Side of Teaching focuses on thoughts that give the new teacher a realistic view of the teaching and school communities in which they are entering For the veteran teacher it attempts to be a reminder of why they entered teaching and why it is a profession in which they want to remain The book focuses on the teacher as a person the role one plays in the classroom as well as a member of an organization and a community These areas of focus take the reader through the various levels of the teaching profession and offer both new and veteran teachers a focus on the reality with which they will and have been dealing The writing at times is philosophical seemingly pie in the sky and at other times it is bluntly honest In this the writing gives neophytes some realistic aspects of their new profession as well as reminds veteran teachers in moving through their many frustrations why they enjoy or wish teaching children of any age
