The Wakamatsu Tea and Silk Colony Farm and the Creation of Japanese America Daniel A. Métraux, 2019-03-13 Japanese became the largest ethnic Asian group in the United States for most of the twentieth century and played a critical role in the expansion of agriculture in California and elsewhere The first Japanese settlement occurred in 1869 when refugees fleeing the devastation in their Aizu Domain of the 1868 Boshin Civil War traveled to California in 1869 where they established the Wakamatsu Tea Silk Colony Farm Led by German arms dealer and entrepreneur John Henry Schnell the Colony succeeded in its initial attempts to produce tea and silk but financial problems a severe drought and tainted irrigation water forced the closure of the Colony in June 1871 While the Aizu colonists were unsuccessful in their endeavor their departure from Japan as refugees their goal of settling permanently in the United States and their establishment of an agricultural colony was soon imitated by tens of thousands of Japanese immigrants The Wakamatsu Colony was largely forgotten after its closure but Japanese American historians rediscovered it in the 1920s and soon recognized it as the birthplace of Japanese America They focused their attention on a young female colonist Okei Ito who died there weeks after the Colony shut down and whose grave rests on the property to this day These writers transformed Okei san into a pure and virtuous symbol who sacrificed her life to establish a foothold for future Japanese pioneers in California Today many Japanese Americans regard the Wakamatsu Farm as their Plymouth Rock or Jamestown and have made it a major pilgrimage site The American River Conservancy ARC purchased the Wakamatsu Farm property in 2010 ARC is restoring the site s historic farm house and is working to protect the Farm s extensive natural and cultural history **Weston** Kathleen Saluk Failla, 2003 The lives of Weston s settlers from the late seventeenth century on are linked with those of Native Americans who trod the rugged wilderness before them Today the memory of the settlers and native people lives on in the special character of this independent town that was once part of Fairfield Weston has long attracted a diverse group celebrated actors artists authors business executives and media professionals who have blended easily with farmers and craftsmen All of them share an appreciation for the natural beauty of Weston s bogs streams and hilly woodlands Through pictures Weston tells the history of the town and the people who have loved it **Summer by the Seaside** Bryant Franklin Tolles, 2008 A sweeping richly illustrated architectural study of the large historic New England coastal resort hotels [The New York Times Index](#) , 1998

Redding and Easton Daniel Cruson, 2000 This spectacular photographic history traces the parallel development of two two contiguous towns in southern Connecticut Redding and Easton Both towns were originally part of the Colonial town of Fairfield and developed as marginal farming communities Both towns experienced an incipient industrial revolution which never matured and both later became retreats for summer visitors and prominent literary figures In the years after World War II the two towns evolved into suburban communities Today they share not only a common history but also a regional high school Redding and Easton highlights each period in the development of the two towns The book emphasizes

Georgetown which continued to be an industrial enclave long after other industry in the town died out It devotes a chapter to literary figures such as Mark Twain Edna Ferber and Ida Tarbell who migrated to these rural towns at the end of the nineteenth century and gave them the image of a rural literary retreat Redding and Easton recognizes the prominent citizens who created a summer colony that attracted the rich and famous from all over the Northeast The book also stresses the everyday events and special occasions that marked the nature of these towns in the twentieth century **Fairfield** Sabine Goerke-Shrode,2005-04-15 Now a fast growing city of over 100 000 Fairfield was once the home of the Patwin Suisuni Indians whose famous Chief Solano became one of the few native landowners in California in the 1830s Halfway between San Francisco and Sacramento on the route to the gold fields the town was founded by clipper ship captain Robert Waterman A shrewd trader Waterman offered the new Solano County government free land and cash to relocate to his new city making it the county seat Soon the railroad and later the state highway chose a route through Fairfield creating an urban center for the beautiful agricultural valleys that surround it **Cashmere** L.
