5 **Exposing the Spiritual Roots of Disease** Henry W. Wright,2019-10-15 In *Exposing the Spiritual Roots of Disease* Dr Henry Wright presents a thoroughly biblical and compelling case for healing If you think you've read all you need to know about healing it's time to take another look In this updated edition with expanded material Dr Wright clearly shows that disease is not a random occurrence and that science and medicine have their place in dealing with illness but can only offer disease management What if the answers to true healing and freedom have been in the Bible all along Dr Wright spent decades learning the spiritual roots of disease and blocks to healing In his journey he discovered that there is a spiritual root issue in about 80 percent of all diseases which is a direct result of a breakdown in our relationship with God ourselves or others Through his groundbreaking teachings he helped hundreds of thousands to experience wholeness in their lives If you have recently received a diagnosis or have been struggling with your health for years there is hope and healing ahead Dr Henry Wright destroys the lie that we are helpless victims of diseases This book is long overdue and is essential reading for any Christian struggling with sickness and for those who seek to minister to them Dr Rebecca Williams MA MB ChB DRCOG DCH DTM H Dr Wright uses a solid scriptural base to reveal the roots of disease and give clear guidance on how we can be free in spirit soul and body Sheila Pitcock LVN

the tribes of Israel and reminded them that their forefathers had served other gods and they needed to make a decision about the gods they would serve Joshua loved his Jewish brothers and sisters and wanted them to realize that they had been given a choice worship the true living God or worship one of the many false gods of their day In today s culture that same choice is before us all We live in a society where political correctness is out of control The line that separates right from wrong is beginning to disappear altogether It seems to me that speaking common sense truth these days is nearly impossible because many people are so easily offended Just as Joshua loved his fellow human being enough to tell the truth in his day that same love flows through me along with a great desire to speak truth in love to all mankind We all have been given a choice by God to follow him deny him or chase after other gods This book has been designed to inform you of all the choices there are in our world when it comes to religion worship doctrine or even dismissing the idea of a God altogether But remember this the death rate for humans is 100 percent Because of that terrifying reality I pray the urgency to make your decision on this very important subject becomes your new priority I believe the plain and simple truth in a dazed and confused world will give you the material you need to make your well informed decision and settle this for good Because if you re not living for truth you re not living

Or, Answers to Prayer in the Healing of the Sick* Charles Cullis,2024-05-17 Reprint of the original first published in 1881 Outlook Alfred Emanuel Smith,Francis Walton,1874 Touching Stories of My Life in Journey to Christian Holiness and Hands- on Patient Care in a Weeping Healthcare Ramsis Ghaly MD FACS,2019-08-31 This is the twelfth book in the series Christianity and the Human Brain It integrates neuroscience and the Bible the holy book of Jesus My love for Jesus Christ abides with my lifetime passion for neurosurgery and medicine I have a continual obsession for spiritual connectivity between the Holy Spirit and the human brain which indeed separates mankind from all other living creation It has been my belief that the human brain does not limit itself to the physical skull Rather it extends in a nonphysical form to the outside spiritual world even while living on earth In other words a big part of the human brain is actually outside the skull and the body After performing brain surgeries for three decades I have realized that my theory is so true The majestic human brain can t be just the 1 500 grams of jelled matter inside the skull The human journey therefore is transforming the human brain into the brain of a man of God and

transforming the hand of man into the hand of the man of God The spiritual human brain never dies Only the flesh does This is the center of my calling and my unrelenting meditations while roaming in the heartfelt spirit lacking the physical proof that science demands from me My life is dedicated to Jesus to my patients and to my residents As a physician I have reached the top within America both as a professor of neurological surgery and anesthesiology and as a well published author of several famous medical journals As an academic teacher I trained for more than thirty four years and have watched thousands of trainees graduate But all this is nothing as I strive to achieve Christian holiness and fullness In a weeping healthcare with many patients falling victims I included actual miracles testimonials and sincere quotes from patients as a testament to the Almighty and the dire need for faith and good hearted medicine This book is full of many vibrant stories that I love to share which is timely since I am guessing that my generation will soon be viewed obsolete by future generations What will remain are the books I authored This book is a text of wealth covering broad and diverse topics in my life journey within 134 chapters and organized over fourteen sections So many chapters are written about my special love for Jesus Christ and his children In poems deep reflections and spiritual release of mind I wrote extensively In fact I shut my senses and impersonated the human brains of the men of God and the children of the Most High in their prominent biblical stories A special section is dedicated to mothers newborns and little children While my soul is grieving a section is centered on the ongoing Christian persecution especially the genocide of Christians in my country Egypt which is also the ancient region of the Middle East and the oldest historic continent of Africa Furthermore I wrote some of my dreams and thoughts that I couldn t otherwise convey for one reason or another such as neuroscience in aerospace and some of the timely and touching subjects such as drug overdose human trafficking and health care crises Few chapters are included about my personal views about introducing spirituality into the recent turmoil in politics Friends human life starts with love and ends with eternal love for our savior It is never enough to share our love and write about love and talk about actual love stories of heavenly roses joy Christmas healing touch miracles and our calling for his purpose This is what my twelfth book is all about     **Prayer and Its Remarkable Answers.
