Discovering the Faith Press Abingdon,2005 The first volume of a 3 volume series of studies organized into 13 sessions each This volume will help young adults discover and explore basic elements of Christian faith in order to grow in faith and discipleship Leader material is interspersed within the book Sessions include What Can I Discover About Christian Faith What Can I Know About God How Can I Understand Jesus What Can I Believe About the Holy Spirit What Is the Bible How Can the Bible Help Me Does the Bible Mean What I think it Means How Can I Make Sense Out of Evil What Can I Believe About the Devil What Do the Church and the Bible Teach About Life After Death What Is the Second Coming What Is Sin What Is Salvation *Faith Matters for Young Adults* ,1992 More Faith Matters for Young Adults ,1994 Faith, Race and Inequality amongst Young Adults in South Africa Nadine Bowers Du Toit,2022-07-04 For many young South African adults often called born frees who were born just before or just after the demise of political apartheid the ongoing realities of poverty and inequality bring to light the question of whether they truly are free in contemporary South Africa Their lived experiences of poverty and inequality seem to be in conflict with theologically laden concepts that remain prominent in social and political life such as reconciliation forgiveness justice and restitution This leads to a bi directional process of contesting and being contested by such notions and discourses Furthermore in light of the double legacy of both the church and youth as resisting injustice this publication seeks to explore the many perspectives from which the Christian faith race and inequality amongst youth can be brought to light How Youth Ministry Can Change Theological Education -- If We Let It Kenda Creasy Dean,Christy Lang Hearlson,2016-03-29 Since 1993 forty nine theological seminaries have created opportunities for high school students to participate in on campus High School Theology Programs HSTPs that invite them to engage in serious biblical and theological study Many of the young people who take part in these programs go on to become pastoral or lay leaders in their churches What has made these programs so successful especially given the well documented crisis of faith among young people today In this book thirteen contributors many of whom have created or led one of these innovative theology programs investigate answers to this question They examine the pedagogical practices the HSTPs have in common and explore how they are contributing to the leadership of the church They then show how the lessons gleaned from these successful programs can help churches denominations and seminaries reimagine both theological education and youth ministry **Why Faith Matters** David J. Spirituality in Young Adult Literature Patty Campbell, 2015-06-24 In a time when almost any gritty topic can be featured in a young adult novel there is one subject that is avoided by writers and publishers Faith and belief in God seldom appear in traditional form in novels for teens The lack of such ideas in mainstream adolescent literature can be interpreted by teens to mean that these matters are not important Yet a significant part of growing up is struggling with issues of spirituality The underlying problem of course is that there are so few writers who are willing to talk to teenagers about God even indirectly or who themselves have the religious literacy for the task Spirituality in Young Adult Literature The Last Taboo tackles a subject rarely portrayed in fiction aimed at teens In this volume Patty Campbell examines not only realistic fiction but young adult literature that deals with mysticism apocalyptic end times and even YA novels that depict the Divine Encounter Campbell maintains that fantasy works are inherently spiritual because the plots nearly always progress toward a showdown between good and evil As such the author surmises that the popularity of fantasy among teens may represent their interest in the mystical dimensions of faith and the otherworldly In this study Campbell examines works of fiction that express perspectives from Christianity Judaism Islam Buddhism Hinduism and Sikhism Distinguished YA novelist Chris Crowe provides a chapter on Mormon values and Mormon YA authors and how their novels integrate those values into their books By looking at how spirituality is represented in novels aimed at teens this book asks what progress if any has been made in slaying the taboo Although most of the books discussed in this study are recent an appendix lists YA books from 1967 to the present that have dealt with issues of faith A timely look at an important subject Spirituality in Young Adult Literature will be of interest to young adult librarians junior and senior high school teachers and students and instructors of college courses in adolescent literature as well as to parents of teens

western culture and that helps mainline Christians understand their solidarity with one another and with all of God's people. Lee further explores the crucial role of faith formation at the congregational and seminary levels. More than mere schooling, theological education must engage all aspects of educators and students' lives to prepare seminarians for the challenges that lie ahead. While not dismissing the mainline church's challenges, Lee offers congregational leaders and seminary educators a vision of a church transformed for the 21st century.
