## **Faith And Certainty:**

The Sin of Certainty Peter Enns, 2016-04-12 The controversial evangelical Bible scholar and author of *The Bible Tells Me So* explains how Christians mistake certainty and correct belief for faith when what God really desires is trust and intimacy. With compelling and often humorous stories from his own life, Bible scholar Peter Enns offers a fresh look at how Christian life truly works, answering questions that cannot be addressed by the idealized traditional doctrine of once for all delivered to the saints. Enns offers a model of vibrant faith that views skepticism not as a loss of belief but as an opportunity to deepen religious conviction with courage and confidence. This is not just an intellectual conviction he contends but a more profound kind of knowing that only true faith can provide. Combining Enns' reflections of his own spiritual journey with an examination of Scripture, *The Sin of Certainty* models an acceptance of mystery and paradox that all believers can follow and why God prefers this path because it is only this way by which we can become mature disciples who truly trust God. It gives Christians who have known only the demand for certainty permission to view faith on their own flawed, uncertain yet heartfelt terms.

*Doubt, Faith, and Certainty* Anthony C. Thiselton, 2017-04-03 Doubt, faith, certainty. In this book, celebrated theologian Anthony Thiselton provides clarity on these complicated, long misunderstood theological concepts and the practical pastoral problems they raise for Christians. He reminds us that doubt is not always bad; faith can have different meanings in different circumstances; and certainty is fragile. Drawing on his expertise in the fields of exegesis and hermeneutics, biblical studies, and the history of Christian thought, Thiselton works his way through the labyrinth of past definitions while offering better, more nuanced theological understandings of these three interrelated concepts. The result is a book that speaks profoundly to some of our deepest existential concerns.

**Faith and Certainty** Stephen N. Williams, 1994 Benefit of the Doubt Gregory A. Boyd, 2013-09-15 In *Benefit of the Doubt*, influential theologian, pastor, and bestselling author Gregory Boyd invites readers to embrace a faith that doesn't strive for certainty but rather for commitment in the midst of uncertainty. Boyd rejects the idea that a person's faith is as strong as it is certain. In fact, he makes the case that doubt can enhance faith and that seeking certainty is harming many in today's church. Readers who wrestle with their faith will welcome Boyd's message that experiencing a life-transforming relationship with Christ is possible even with unresolved questions about the Bible, theology, and ethics. Boyd shares stories of his own painful journey and stories of those to whom he has ministered with a poignant honesty that will resonate with readers of all ages.

**The Certainty of Uncertainty** Mark Schaefer, 2018-08-23 The world is full of people who are very certain in politics, in religion, in all manner of things. In addition, political, religious, and social organizations are marketing certainty as a cure-all to all life's problems. But is such certainty possible? Or even good? *The Certainty of Uncertainty* explores the question of certainty by looking at the reasons human beings crave certainty and the religious responses we frequently fashion to help meet that need. The book takes an in-depth view of religion, language, our senses, our science, and our world to explore the inescapable uncertainties they reveal. We find that the certainty we crave

does not exist As we reflect on the unavoidable uncertainties in our world we come to understand that letting go of certainty is not only necessary it s beneficial For in embracing doubt and uncertainty we find a more meaningful and courageous religious faith a deeper encounter with mystery and a way to build strong relationships across religious and philosophical lines In *The Certainty of Uncertainty* we see that embracing our belief systems with humility and uncertainty can be transformative for ourselves and for our world

**The Certainty of Faith** Herman Bavinck,2023-09-30

**The End of Certainty and the Beginning of Faith** D. Brian Austin,2000 Austin defines a vision for uniting the aims of science and Christian faith by examining the retreat from certainty that characterizes contemporary science and philosophy

*Proper Confidence* Lesslie Newbigin,1995-03-30 Looking to end the divisive conflict that has raged between Christians who attack each other either as liberals or as fundamentalists Newbigin here gives a historical account of the roots of this conflict in order to begin laying the foundation for a middle ground that will benefit the Christian faith as a whole What results is a perspective that allows Christians to confidently affirm the gospel as public truth in our pluralistic world

**The Certainty of the Faith** Richard B. Ramsay,2008-04-01 Gives Christians greater confidence in their own beliefs and tools to defend their faith in dialogue with postmodern man Exposes the uncertainty of non Christian thought analyzes some of the best arguments of Christian apologists and suggests answers to the most difficult questions we face

*I Know That I Know* Jacob Behnken,2020-01-01 How do you know that you re saved Whether you ve just become a Christian or have known the Lord for years odds are you ve wondered How do I know that I m actually saved I know that Jesus died for me but is that enough Those questions can keep you up at night filling you with uncertainty doubt and fear If you re asking those questions or feeling that way you re not alone *I Know That I Know* tackles these common questions about faith with the comforting promises in God s Word In this book Pastor Jacob Behnken explores the biblical definition of faith and how it connects to important Christian topics such as conversion emotions and good works As you read this book you will become more certain about the faith God has given you so that you can answer once and for all I know that I know

The Certainty series are books written specifically for Christians who are uncertain about various aspects of their spiritual walk in life Using their biblical knowledge and training as pastors the authors weigh in on what if questions you might wrestle with but may hesitate to ask Christian leaders fellow believers and even yourself Each author provides thoughtful and honest answers to your questions to assure you that everything God promises you in the Bible is true

Richard Hooker, the Rule of Faith, and the Rise of Religious Evidentialism Nigel Voak,2025-03-10 Nigel Voak examines the genesis and evolution of religious evidentialism in England from 1585 to 1700 a deeply influential epistemology which claims that religious beliefs are only justified to the extent that we have evidence to substantiate them and that we have an obligation to proportion our assent to the strength of our evidence Given the propositions of faith lack the evidentness of objects of scientific knowledge absolutely certain assent to such beliefs is therefore epistemically unjustifiable This epistemology which breaks with the previous Christian tradition is

classically formulated in John Locke's *An Essay concerning Human Understanding* first edition 1690 This study argues that this epistemology of belief can be traced back to the English theologian Richard Hooker 1554 1600 whose thought was then developed over the course of the seventeenth century Rule of Faith Controversy which acted as the crucible for these new ideas on faith evidence and certainty Voak shows that the key thinkers in this process including Locke himself were aware that this epistemology came from Hooker and used him in formulating their own influential positions **Faith and Doubt** William R. Fey, 1976 *The Myth of Certainty* Daniel Taylor, 1986 **Evolution and Spiritual Life** Stewart Andrew McDowall, 1915 Full-Spectrum Thinking Bob Johansen, 2020-03-02 Leading futurist Bob Johansen shows how a new way of thinking enhanced by new technologies will help leaders break free of limiting labels and see new gradients of possibility in a chaotic world The future will get even more perplexing over the next decade and we are not ready The dilemma is that we're restricted by rigid categorical thinking that freezes people and organizations in neatly defined boxes that often are inaccurate or obsolete Categories lead us toward certainty but away from clarity and categorical thinking moves us away from understanding the bigger picture Sticking with this old way of thinking and seeing isn't just foolish it's dangerous Full spectrum thinking is the ability to seek patterns and clarity outside across beyond or maybe even without any boxes or categories while resisting false certainty and simplistic binary choices It reveals our commonalities that are hidden in plain view Bob Johansen lays out the core concepts of full spectrum thinking and reveals the role that digital media including gameful engagement big data analytics visualization blockchain and machine learning will play in facilitating and enhancing it He offers examples of broader spectrums and new applications in a wide range of areas that will become possible first then mandatory This visionary book provides powerful ways to make sense of new opportunities and see the world as it really is

**Christian Encounters with Iran** Sasan Tavassoli, 2011-04-30 The interface between the current Shi'ite landscape and Christian thinking is of the greatest significance for the shifting political and religious dynamics of the Middle East Sasan Tavassoli here examines Iranian Shi'ite thinkers' encounters with Christian thought since the Islamic revolution of 1979 and provides insight into the cultural and intellectual climate surrounding Christian-Muslim dialogue in contemporary Iran The literature on Christianity in Iran reveals a wide range of approaches and attitudes and Tavassoli demonstrates that traditional polemics are giving way to a more descriptive and subjective understanding of Christian thought He also studies Muslim-Christian dialogue and research conducted and supported by governmental as well as non-governmental organizations and offers a close examination with interviews of the work of three prominent liberal religious intellectuals Abdol Karim Soroush Mostafa Malekian and Mojtaba Shabestari Placing contemporary Shi'ite thought in the broad historical context of pre and post revolution Iran Tavassoli relates concrete religious cultural and socio-political realities to the themes and orientations in the latest phase of the Shi'i-Islam Christianity encounter and offers fresh insight into the dynamism of contemporary Islam and the religious complexities of the Muslim world *Certainty, Philosophical and*

**Faith, Love, and Mercy**

Richard R. Roach,2015-10-15 Faith Love and Mercy is a selection from the weekly homilies of noted moral theologian and pastor Fr Richard Roach SJ who retired from university teaching to lead a small island parish in his last decade His theologically rigorous yet accessible writing reflects decades long contemplation on the significance of Catholic identity in our modern era Combining deep rooted wisdom with vigorous prose the homilies prompt the reader s own reflection on what it is to live the faith daily in a distracting and uncomprehending world Prominent themes include God s merciful love differences between Catholicism and Protestantism spiritual temptations in the contemporary culture the sources of authority faith and reason the Real Presence secular ideologies and anti Catholicism humility redemptive suffering the true meaning of repentance perseverance and providence Over a long ministry devoted to the Jesuit ideal Fr Roach strengthened or awakened the faith of many It is also hoped that this book combining theological vision with pastoral concern occasions serious meditation on one s own journey with God Recommended as a helpful source for students scholars clergy and laypersons interested in Catholic doctrine homiletics and liturgy

*The Certainty in Uncertain Times* Debra L.

Peters,2023-09-15 Unlock the next level of your faith with a strong dose of certainty With multiple questions in tow Debra searched out her faith with curious trepidation Who was this man who called Himself Jesus How is the Bible different than any other religious book And is Alexander the Great s Empire really mentioned in the Bible Her innate need to examine serious and life provoking questions led her to some amazing discoveries It wasn t an easy expedition but based on the evidence she uncovered through multiple teachers and authors many who were former atheists her reservations slowly dissipated Were there answers to her questions Yes She wrote this book in a simple and relevant format so that others who may be seeking can also explore the possibilities to some of life s big questions It will be a helpful tool and guide bringing answers to those inquiries that you or others have possibly pondered as well Jesus is all that He said He was With hundreds of prophecies fulfilled with acute precision this book will help bring clarity and broaden the knowledge of both Christians and seekers alike So here is your helpmate Her questions will become your questions too
