Faith And Philosophy The Historical Impact:

Faith and Philosophy D. G. Leahy, 2018-02-06 This title was first published in 2003 This work examines how Christian faith has historically impacted the notion of Nous or divine mind in Western thought up to and including the present Christian faith is seen to have inaugurated an essential transformation over time of the ancient notion of divine mind and of thought in general Beginning with an examination of Aristotle's notion of essence Plato's creation myth in the Timaeus and Plotinus One it is shown how faith in the hands of Augustine and Aquinas fundamentally reshaped Western thought and made possible in the modern period the radical subjectivity of Descartes brought to perfection by Kant and Hegel The strenuous counter thinking of Kierkegaard Nietzsche and Levinas is closely compared to its disarming alternative the thinking of Jefferson Emerson and C S Peirce the father of American pragmatism Jews and the Ends of Theory Shai Ginsburg, Martin Land, Jonathan Boyarin, 2018-12-04 Theory as it's happened across the humanities has often been coded as Jewish This collection of essays seeks to move past explanations for this understanding that rely on the self evident the historical centrality of Jews to the rise of Critical Theory with the Frankfurt School or stereotypical psychoanalysis as the Jewish Science in order to show how certain problematics of modern Jewishness enrich theory In the range of violence and agency that attend the appellation Jew depending on how where and by whom it's uttered we can see that Jewishness is a rhetorical as much as a sociological fact and that its rhetorical and sociological aspects while linked are not identical Attention to this disjuncture helps to elucidate the questions of power subjectivity identity figuration language and relation that modern theory has grappled with These questions in turn implicate geopolitical issues such as the relation of a people to a state and the violence done in the name of simplistic identitarian ideologies Clarifying a situation where the Jew is not readily or unproblematically legible the editors propose what they call spectral reading a way to understand Jewishness as a fluid and rhetorical presence While not divorced from sociological facts this spectral reading works in concert with contemporary theory to mediate pessimistic and utopian impulses experiences and realities Contributors Svetlana Boym Andrew Bush Sergey Dolgopolski Jay Geller Sarah Hammerschlag Hannan Hever Martin Land Martin Jay James I Porter Yehouda Shenhav Elliot R Wolfson **History and Faith** Aviezer Ravitzky, 2023-03-27 A collection of nine essays by one of the leading scholars in medieval Jewish Philosophy The volume consists of two parts Part I entitled Philosophy and History includes essays on the study of medieval Jewish Philosophy on the notion of Peace on the political philosophy of Nissim of Gerona and Isaac Abrabanel and on Maimonides views on Messianism In part II Philosophy and Faith the subjects dealt with are The God of the Philosophers and the God of the Kabbalists the notion of Miracle in medieval Jewish Philosophy the esoteric character of Maimonides Guide of the Perplexed and a lost Arabic recension of Aristotle's Parva Naturalia Professor Aviezer Ravitzky is Chairman of the Department of Jewish Thought The Hebrew University of Jerusalem The Palgrave Handbook of Radical Theology Christopher D. Volume 10, Tome I: Kierkegaard's Influence on Theology Jon Stewart, 2016-12-05 Kierkegaard has always enjoyed a rich reception in the fields of theology and religious studies This reception might seem obvious given that he is one of the most important Christian writers of the nineteenth century but Kierkegaard was by no means a straightforward theologian in any traditional sense He had no enduring interest in some of the main fields of theology such as church history or biblical studies and he was strikingly silent on many key Christian dogmas Moreover he harbored a degree of animosity towards the university theologians and churchmen of his own day Despite this he has been a source of inspiration for numerous religious writers from different denominations and traditions Tome I is dedicated to the reception of Kierkegaard among German Protestant theologians and religious thinkers The writings of some of these figures turned out to be instrumental for Kierkegaard's breakthrough internationally shortly after the turn of the twentieth century Leading figures of the movement of dialectical theology such as Karl Barth Emil Brunner Paul Tillich and Rudolf Bultmann spawned a steadily growing awareness of and interest in Kierkegaard's thought among generations of German theology students Emanuel Hirsch was greatly influenced by Kierkegaard and proved instrumental in disseminating his thought by producing the first complete German edition of Kierkegaard's published works Both Barth and Hirsch established unique ways of reading and appropriating Kierkegaard which to a certain degree determined the direction and course of Kierkegaard studies right up to our own times **Faith and Order** Harold J. Berman, 2000 This book argues that despite the tensions existing in all societies between religious faith and legal order they inevitably interact In the course of his discussion Berman traces the history of Western law exposes the fallacies of law theories that fail to take religion into account examines key theological prophetic and educational themes and looks at the role of religion in the Soviet and post Soviet state
