**Faith and the Future** Joseph Ratzinger, Pope Benedict XVI, 2010-05-11 Increasingly the future is becoming a theme for theological reflection In the background we can detect a growing concern among many people for the future of faith Does faith have any future at all and if so where in all the confusion of today s trends will we discover its embryo But the problem of the future assails not only the believer In the ever more rapidly advancing process of historical evolution man is confronted with enormous opportunities but also with colossal perils For him the future is not only hope but sorrow a nightmare indeed He cannot avoid asking what part faith can play in building tomorrow s world Joseph Ratzinger now Pope Benedict XVI approaches this problem of universal concern from a variety of angles bringing his deep personal faith and theological brilliance to bear on these serious questions **Faith in a Future Life (Foundations)** Martin Alfred W., 1901

**Philosophical Faith and the Future of Humanity** Helmut Wautischer, Alan M. Olson, Gregory J. Walters, 2012-01-02 Karl Jaspers who died in 1969 had a profound impact on 20th century theology and philosophy His central thesis called for among other things a de centering of philosophy from its Eurocentric roots and a renewal of its dialogue with other traditions especially Asian ones This collection of essays includes unpublished work by Jaspers himself as well as testimonies to his life and career by colleagues associates and translators some of who knew Jaspers personally Readers will also find commentary and interpretation by researchers who have explored Jaspers work for decades and a biographical account of Jaspers student Leonard Ehrlich who handled much of Jaspers English translation The book interrogates Jaspers conceptions of philosophical faith his philosophy of communication and the prospects for world philosophy in the future Focusing on philosophical faith it assesses Jaspers interpretations of key philosophers such as Kant Hegel Schelling Kierkegaard Nietzsche and Rosenzweig as well as examining his personal relationships with Bultmann and Heidegger Contributors also look at Jaspers philosophies of religion and history his hypothesis of the axial age Achsenzeit and his contributions to metaphysics periechontology and economics Finally chapters cover Jaspers philosophy of communication and world history The latter are informed by a burgeoning interest in Kantian Freiheitphilosophie that influenced Jaspers as well as concerns over the future of humanity These concerns in part account for Jaspers growing popularity in the Middle East Eastern Europe Central South America and Asia Also included are lucid clarifications of the difference between religious and philosophical faith and the relevance of certainty trust and communication for a future of mankind Trained as a psychiatrist Jaspers practiced this profession before becoming a philosopher and thus had a keen insight into the workings of the human mind even as he challenged the philosophical establishment of his time It is perhaps this depth to his background that adds to the contemporary relevance of his work **Faith and The Future Force TPB** Jody Houser, 2017-12-06 Every second counts as acclaimed writer Jody Houser Mother Panic Star Wars Rogue One explosive artist Stephen Segovia NINJAK Action Comics comics legend Barry Kitson Fantastic Four and special surprise guests push Faith into a centuries spanning fight for existence alongside the
