The Mystery of the Universe: Our Common Faith Joseph William Reynolds, 1884 **Truth and the Faith** Hartley Burr Alexander, 1929 **Style in the Renaissance** Patricia

Canning, 2012-05-31 In a book which brings together language text and context Patricia Canning synthesizes models of contemporary stylistics with both critical and literary historical theory In doing so the author maintains a specific and sustained stylistic focus on the religious political and ideological issues that animated and defined Reformation England Each chapter interrogates the dichotomous concept of word and image by considering the ways in which writers of this period deal with these contentious subjects in their dramatic and poetic works Representation Canning argues is not just as a matter of semiotics but of ideology Whereas stylistics enjoys extensive application in the analysis of contemporary texts it has until now been markedly under used in the exploration of the historical literary genre Addressing this shortcoming squarely and robustly Canning's book is a showcase for the stylistic method Among its many insights this book shows how stylistics can enrich our understanding and critical interpretation of a particular literary genre in its ideological and historical context

Faith, Hope, and Love in the Kingdom of God Robert Hernan Cubillos, 2017-04-27 We live in a world full of challenges The three graces can almost be seen as motors for Christian life in today's world but the words faith hope and love have so many everyday uses that their technical theological meanings are for many difficult to appreciate Modern life also leaves many yearning for authenticity and meaning Many religions have answered that need by calling to mind the image of a path Always profound progressions religious paths tend to be motivated either by practices the act of walking the path or focal points Christianity has a focal point an object and it sees the three graces as distinctively content filled The heart of this book is about helping people find the Christian path and their intellectual emotional and spiritual balance an equilibrium that is sustained by a strong personal faith an enduring hope for the future and genuine love that will withstand the worst of times It contributes to the category of Christian literature that provides a pattern for Christian living without surrendering the intellect to the more popular side of this genre
