the Curious Mark Matlock,2024-09-24 It may surprise you to know that the majority of non Christians are not hostile to the faith or looking for a fight In fact most are open and even curious about spiritual matters Yet evangelism training and apologetic resources are often geared toward knowing what to say to hardcore atheists and evolutionists who make up less than 10 percent of the unchurched population If you re ready to have respectful and fruitful spiritual conversations with your spiritually curious friends neighbors and family members Mark Matlock offers this research based approach He shows you how to create a church culture that is open to spiritual exploration and discovery help foster meaningful connections to Jesus and his Church start spiritual conversations and break through common communication barriers bridge the gap between traditional Christianity and the modern spiritual climate and much more **Nurture Faith** W. Cameron Hood,2022-08-12 The great Christian thinker and author C S Lewis said that often it is not teaching that we require occasionally what we need is a reminder of what we already know In this collection of meditations my son Nathanael and I hope to remind you of what you already know that we belong to a God that seeks a relationship with us God is not content with our admiration God desires a relationship in which we are eager to know more and to experience more of God s power love and strength for the challenges that we must confront each day Intentional time each day engaging God s word in the Bible provides fresh inspiration and increases our desire to reach the next concentric circle in our relationship with God

Some Kind of Magic Sonya Moore,2023-11-11 This is a love story but maybe not the kind you expect It started with an epiphany and a desire to live life more fully One fateful day in 2017 a thirty something American woman up until that point a responsible hard working tax paying citizen decided to leave her home and career and set off to explore the other side of the world That choice led to a three year journey laced with serendipity and unexpected twists of fate that would show her more than she ever could have imagined Joyful and uninhibited this soul nourishing tale of love and adventure intertwined with discovery explores the mystery of life and human nature across cultures and continents from the cloud fringed mountains of Myanmar to the pristine beaches of southern France Sometimes hilarious occasionally shocking always honest this deliciously told travel memoir entertains and captivates while examining synchronicity choice and destiny the roots of happiness and multiple facets of love against a vivid backdrop of some of the world s most beautiful and little known places

Contemporary Pagan and Native Faith Movements in Europe Kathryn Rountree,2015-06-01 Pagan and Native Faith movements have sprung up across Europe in recent decades yet little has been published about them compared with their British and American counterparts Though all such movements valorize human relationships with nature and embrace polytheistic cosmologies practitioners beliefs practices goals and agendas are diverse Often side by side are groups trying to reconstruct ancient religions motivated by ethnonationalism especially in post Soviet societies and others attracted by imported traditions such as Wicca Druidry Goddess Spirituality and Core Shamanism Drawing on ethnographic cases contributors explore the interplay of neo nationalistic and neo colonialist impulses in contemporary Paganism showing how

in the Ultimate Being These stories express what Christians have known since Jesus Christ walked with us and expresses what modern day physics seeks so hard to discover the unified theory but God is One Christians have had the unified theory of the universe and all creation since the beginning This is science fiction with a Christian attitude The Best Books William Swan Sonnenschein, 1910 **Faith is the Bridge** Daniel Perret, 2015-02-06 They say that The veil between the worlds is becoming thinner by the day I had been noticing energy structures in nature and in rooms for many years Recently I started to feel nature spirits devas and landscape angels within those energy formations Then I began to tune into the community angels of villages towns nations and groups of people They explained what we need to do to assist them in bringing down their divine energy of inspiration and healing and how little use we are sometimes making of it This third volume of The Science of Spiritual Healing describes my journey into connecting with light beings angels and these energy fields of wisdom A chapter is dedicated to the little known background of some of the major illnesses of our time such as Ebola cancer depression autism another chapter introduces the diagnosis of chakras with the understanding of chakra segments A long commentary is given about the angels of sacred places and what real transformation requires This book describes how to bring about co operation with the divine dimension so badly needed nowadays It is a book of hope and inspiration written in collaboration with a Collegium of Spirits *A Faith Destroyed* Leanne Hathaway, 2008-07 I find your offer sir to be an agreeable one This signaled to the crowd that there would not be a hanging and many began to sullenly walk away upon being denied the once in a lifetime opportunity of seeing an infant strangled from Bessie s Smile Life often produces monumental pain and suffering and yet it is so easy for too many of us to ignore the pain of others we see around us Five Unexpected Endings is a collection of five short stories which depict various characters from various backgrounds who all have one thing in common They are part of the human race The stories are meant to entertain but they are also intended to show that we all have the same fears insecurities needs and desires We must always consider those we are on the planet with and we must never consider anyone as less important than we are Five Unexpected Endings is meant to uplift and comfort but it is also meant to warn that there are consequences when we do not respect the humanity of our fellow man

Faith in the Familiar Kim Knibbe, 2013-06-20 Faith in the Familiar is an ethnography of religious change in the Netherlands a country that has moved from strongly pillarized to strongly secularist in the space of fifty years This book shows how people look back on this but also how Catholic rituals continue to play a role in the reproduction of place Furthermore it shows how forms of spiritualism and new age have become part of a pluralistic local religious landscape and are used to create new ways of relating to religious authority and to reshape personal relationships Situating itself within general theories of religious change in Western Europe it offers a contribution to this discussion from an angle that is often neglected focusing on locality rather than on globalization on what happens to old religion rather than on new religious trends on popular forms of spirituality rather than on middle class and highbrow spirituality
