Faithful Realism Elizabeth Gaskell And Leo Tolstoy A Comparative Study:

Faithful Realism Josie Billington, 2002-05 Josie Billington seeks to resituate Gaskell's work within the wider tradition of nineteenth century realism and argues that Gaskell deserves to be read not as a poor second to George Eliot but as offering an English Victorian equivalent of the religious realism of Leo Tolstoy **Place and Progress in the Works of Elizabeth Gaskell** Lesa Scholl, Emily Morris, 2016-03-09 Critical assessments of Elizabeth Gaskell have tended to emphasise the regional and provincial aspects of her writing but the scope of her influence extended across the globe Building on theories of space and place the contributors to this collection bring a variety of geographical industrial psychological and spatial perspectives to bear on the vast range of Gaskell's literary output and on her place within the narrative of British letters and national identity The advent of the railway and the increasing predominance of manufactory machinery reoriented the nation's physical and social countenance but alongside the excitement of progress and industry was a sense of fear and loss manifested through an idealization of the country home the pastoral retreat and the agricultural south In keeping with the theme of progress and change the essays follow parallel narratives that acknowledge both the angst and nostalgia produced by industrial progress and the excitement and awe occasioned by the potential of the empire Finally the volume engages with adaptation and cultural performance in keeping with the continuing importance of Gaskell in contemporary popular culture far beyond the historical and cultural environs of nineteenth century Manchester **Masculinity in the Work of Elizabeth Gaskell** Meghan Lowe, 2020-11-09 This book is the first full length study to focus on the representation of masculinity in Elizabeth Gaskell's novels In examining Gaskell's understanding of masculine identity as a social construct and considering how her writing engages with Victorian ideologies of gender this book demonstrates that Gaskell defies an essentialist approach to gender and instead explores masculinity over time genre region and class making it clear that masculinity is not monolithic but relational culturally constructed and dependent on many contexts It analyses Gaskell's depiction of what it means to be a man and a gentleman exploring Mary Barton North and South Ruth Cousin Phillis Sylvia's Lovers and Wives and Daughters as well as contemporary Victorian works and key contexts such as sympathy historic change and industrialism The target audiences are academics as well as undergraduate and postgraduate students and research specialists and it will most appeal to Victorian Literature Gender Studies and Masculinity Studies disciplines **The Oxford Handbook of the Victorian Novel** Lisa Rodensky, 2013-07-11 Much has been written about the Victorian novel and for good reason The cultural power it exerted and to some extent still exerts is beyond question The Oxford Handbook of the Victorian Novel contributes substantially to this thriving scholarly field by offering new approaches to familiar topics the novel and science the Victorian Bildungsroman as well as essays on topics often overlooked the novel and classics the novel and the OED the novel and allusion Manifesting the increasing interdisciplinarity of Victorian studies its essays situate the novel within a complex network of relations among for instance readers editors reviewers and the novelists themselves or among different

cultural pressures the religious the commercial the legal The handbook's essays also build on recent bibliographic work of remarkable scope and detail responding to the growing attention to print culture With a detailed introduction and 36 newly commissioned chapters by leading and emerging scholars beginning with Peter Garside's examination of the early nineteenth century novel and ending with two essays proposing the last Victorian novel the handbook attends to the major themes in Victorian scholarship while at the same time creating new possibilities for further research Balancing breadth and depth the clearly written nonjargon laden essays provide readers with overviews as well as original scholarship an approach which will serve advanced undergraduates graduate students and established scholars As the Victorians get further away from us our versions of their culture and its novel inevitably change this Handbook offers fresh explorations of the novel that teach us about this genre its culture and by extension our own

Tolstoi: Art and Influence, 2023-01-23 Editors Robert Reid and Joe Andrew present eleven contributions by international scholars which highlight Tolstoi's influence on his contemporaries and posterity through his fiction and thought A figure of Tolstoi's intellectual stature has naturally inspired an impressive range of responses These encompass stage versions of his novels War and Peace and Resurrection communes founded in his name and translations which have sought to capture the essence of his works for successive generations Tolstoi is also compared in this volume with his contemporaries in chapters on Dostoevskii Veselitsakaia Rozanov and Elizabeth Gaskell The reader of this work will gain new and unique insights into an unparalleled genius of world literature especially into his immense cultural reach which continues to this day Contributors Carol Apollonio Katherine Jane Briggs Elena Govor Nel Grillaert Susan Layton Cynthia Marsh Henrietta Mondry Richard Peace Alexandra Smith Olga Sobolev Willem Weststeijn Kevin Windle

Cousin Phillis and Other Stories Elizabeth Gaskell, 2010-03-11 I see her now cousin Phillis The westering sun shone full upon her and made a slanting stream of light into the room within Elizabeth Gaskell has long been one of the most popular of Victorian novelists yet in her lifetime her shorter fictions were equally well loved and they are among the most accomplished examples of the genre The novella length Cousin Phillis is a lyrical depiction of a vanishing way of life and a girl's disappointment in love deceptively simple its undercurrent of feeling leaves an indelible impression The other five stories in this selection were all written during the 1850s for Dickens's periodical Household Words They range from a quietly original tale of urban poverty and a fallen woman in Lizzie Leigh to an historical tale of a great family in Morton Hall echoes of the French Revolution the bleakness of winter in Westmorland and a tragic secret are brought vividly to life Heather Glen reflects on the stories original periodical publication and on the nineteenth century development of the short story in her Introduction to these immensely readable and sophisticated tales

much more **Encyclopedia of Life Writing** Margaretta Jolly, 2013-12-04 First published in 2001 Routledge is an imprint of Taylor Francis an informa company **The Science of Starving in Victorian Literature, Medicine, and Political Economy** Andrew Mangham, 2020-04-24 The Science of Starving in Victorian Literature Medicine and Political Economy is a reassessment of the languages and methodologies used throughout the nineteenth century for discussing extreme hunger in Britain Set against the providentialism of conservative political economy this study uncovers an emerging dynamic way of describing literal starvation in medicine and physiology No longer seen as a divine punishment for individual failings starvation became in the human sciences a pathology whose horrific symptoms registered failings of state and statute Providing new and historically rich readings of the works of Charles Kingsley Elizabeth Gaskell and Charles Dickens this book suggests that the realism we have come to associate with Victorian social problem fiction learned a vast amount from the empirical materialist objectives of the medical sciences and that within the mechanics of these intersections we find important re examinations of how we might think about this ongoing humanitarian issue *The Chapter* Nicholas Dames, 2025-02-25 Finalist for the National Book Critics Circle Award in Criticism Shortlisted for the Christian Gauss Award Phi Beta Kappa Society A history of the chapter from its origins in antiquity to today Why do books have chapters With this seemingly simple question Nicholas Dames embarks on a literary journey spanning two millennia revealing how an ancient editorial technique became a universally recognized component of narrative art and a means to register the sensation of time Dames begins with the textual compilations of the Roman world where chapters evolved as a tool to organize information He goes on to discuss the earliest divisional systems of the Gospels and the segmentation of medieval romances describing how the chapter took on new purpose when applied to narrative texts and how narrative segmentation gave rise to a host of aesthetic techniques Dames shares engaging and in depth readings of influential figures from Sterne Goethe Tolstoy and Dickens to George Eliot Machado de Assis B S Johnson Agn s Varda Uwe Johnson Jennifer Egan and L szl Krasznahorkai He illuminates the sometimes tacit sometimes dramatic ways in which the chapter became a kind of reckoning with time and a quiet but persistent feature of modernity Ranging from ancient tablets and scrolls to contemporary fiction and film The Chapter provides a compelling elegantly written history of a familiar compositional mode that readers often take for granted and offers a new theory of how this versatile means of dividing narrative sculpts our experience of time **The Location of Experience** Adela Pinch, 2024-10-15 We tend to feel that works of fiction give us special access to lived experience But how do novels cultivate that feeling Where exactly does experience reside The Location of Experience argues that paradoxically novels create experience for us not by bringing reality up close but by engineering environments in which we feel constrained from acting By excavating the history of the rise of experience as an important category of Victorian intellectual life this book reveals how experience was surprisingly tied to emotions of remorse and regret for some of the era s great women novelists the Bront s George Eliot Margaret Oliphant and Elizabeth Gaskell It shows how these writers passed ideas

about experience and experiences themselves among each other Drawing on intellectual history psychology and moral philosophy The Location of Experience shows that through manipulating the psychological dimensions of fiction s formal features Victorian women novelists produced a philosophical account of experience that rivaled and complemented that of the male philosophers of the period

Reading and Mental Health Josie Billington,2019-09-04 This book brings together into one edited volume the most compelling rationales for literary reading and health the best current practices in this area and state of the art research methodologies It consolidates the findings and insights of this burgeoning field of enquiry across diverse disciplines and groups psychologists neurologists and social scientists literary scholars writers and philosophers medical researchers and practitioners reading charities and arts organisations Following introductory chapters on the literary historical background to reading and health the book is divided into four key sections The first part focuses on Practices showcasing reading interventions and cultures in clinical and community mental health care and in secure settings This is followed by Research Methodologies featuring innovative qualitative and quantitative approaches and by a section covering Theory with chapters from eminent thinkers in psychiatry psychology and psychoanalysis The final part is concerned with Implementation incorporating perspectives from health professionals commissioners and reading practitioners This innovate work explains why reading matters in health and wellbeing and offers a foundational text to future scholars in the field and to health professionals and policy makers in relation to the embedding of reading practices in professional health care
