Hungary as a Sport Superpower Lorenzo Venuti, 2024-06-17 What role has football and sport in general played in Hungarian foreign policy Was there a continuity between the inter war period and communism Are foreign politics and sporting diplomacy synonyms This book tries to provide answers to these questions through a careful examination of documents of the Hungarian Foreign Ministry and Hungarian newspapers supplemented by documentation from several European countries Through Hungarian football the author traces a history of Hungary during the Age of Extremes with a special focus on the period during which sport played a particular role in Hungarian foreign policy from 1924 the date of the Paris Olympics the first time the country competed after World War I to 1960 date of the Olympics of Rome The result is a study from a particularly original perspective highlighting first and foremost the transnational dimension of Hungarian football **Satire Newsletter**, 1972 *Best Sellers*, 1971 The Fake Prison Doctor of Auschwitz Bogdan

Musial, 2024-09-30 After over half a century of secrecy a Swiss bank safe was opened it contained the long lost research notes of Josef Mengele as well as those of his chief assistant in Auschwitz They had been deposited there by the assistant who himself had been a Jewish doctor Sent to Auschwitz he was forced to participate in Josef Mengele's gruesome human experiments Following the war he completely disappeared assuming a new identity and shrouding himself in silence He did write his story down but ordered the documents to be sealed away until decades after his death With the release date drawing closer his granddaughter a well connected Vatican doctor wanted to have the documents examined by a professional historian Thus a great investigation was launched to track him down and pin down his place in the medical system in Auschwitz and the horrendous medical experiments conducted there However after some time doubts regarding the authenticity of the documents began to emerge Thus what promised to be a sensational historical breakthrough soon turned into a criminal investigation into one of the greatest historical fraud attempts in recent decades At the end of the second

investigation the person behind the forged documents was brought to trial and sentenced on 22 counts of fraud This book thoroughly examines the way the fraud evolved over the span of three decades and how it succeeded in convincing so many people while also comparing it to other historic hoaxes particularly those concerning the Holocaust **Faking Literature** K. dramatic voices these plays are being produced in their native Hungary by theatres that do not adhere to Viktor Orbán's values and offer a counterpoint to the commercial Boulevard Theatre scene of Budapest Translator and theatre maker Szilvi Naray champions these unheard voices through her performable and dramatically engaging translations The plays are aimed at micro budget productions and offer a special opportunity for students and small theatre companies alike to engage with these witty politically irreverent plays finally in English Each of the selected playwrights has been in direct conflict with the Hungarian government and has been demonised by the state controlled press The five plays are thematically threaded together by their common use of strong leading female protagonists with an overarching theme of the family unit Through the edited introduction the themes and feminine translation strategy discusses how the plays offer a microcosmic lens for understanding the paradox that today's Hungary exemplifies making this a necessary study into the world of contemporary Hungary through drama
