**The Coloniality of Humanitarian Intervention** Patrick J. Vernon, 2024-05-07 This book scrutinises the practice of humanitarian intervention to explore the extent to which racism and heteronormativity rooted in colonial understandings of time and space are enacted through the UK's responses failed responses and non responses to atrocity crimes Taking humanitarian intervention as its central focus the book uses queer international relations scholarship to draw the ongoing coloniality of the Western state into stark relief By studying House of Commons debates on the UK's response to mass atrocities in Libya Syria Iraq and Myanmar between 2011 and 2018 it highlights the ways in which dominant logics in these debates invoke subject positions of extreme selfhood or otherness These are identified as The Brutal Dictator The ISIL Terrorist and The British Self framed as existing at various steps on The Universal Path to Democracy In studying these extreme cultural figures of selfhood and or otherness the book examines the ways in which racism and heteronormativity work together to dehumanise certain populations under coloniality and the ways in which this can be resisted By studying these debates it uncovers the extent to which UK foreign policy continues to operate through a colonial script The book notably studies failed interventions Syria and non interventions Myanmar as significant objects of study which alongside the comments of UK legislators opposing the case for violence help to expose the ongoing impact of colonial identities in the formulation of government policy As well as looking at the British case the book reflects upon changing norms of humanitarian intervention from the 1990s to the present day including what might be understood as the rise and fall of R2P The book also makes a distinct contribution to queer international relations scholarship broadening what Vernon calls the homonormative turn with a renewed focus on heteronormativity as a racist and globally dominant episteme Offering both a theoretically informed analysis of humanitarian intervention and a practical guide for possible strategies to resist future iterations of liberal violence this book will appeal to scholars students policy makers and NGOs interested in R2P humanitarian intervention queer decolonial feminist international relations and British politics
