# Faceoff The Portrait In Recent Art

**Anne Collins Goodyear,Jonathan  
Frederick Walz,Kathleen Merrill  
Campagnolo,Dorinda Evans**

## **Faceoff The Portrait In Recent Art:**

*Portraiture* Joanna Woodall, 1997-03-15 Portraiture the most popular genre of painting occupies a central position in the history of Western art Despite this its status within academic art theory is uncertain This volume provides an introduction to major issues in its history **Face-off** Melissa E. Feldman, B. H. D. Buchloh, University of Pennsylvania. Institute of Contemporary Art, Joslyn Art Museum, Weatherspoon Art Gallery, 1994 **This is a Portrait If I Say So** Anne Collins Goodyear, Jonathan Frederick Walz, Kathleen Merrill Campagnolo, Dorinda Evans, 2016-01-01 The first in depth exploration of the rise and evolution of abstract symbolic and conceptual portraiture in American art This groundbreaking book traces the history of portraiture as a site of radical artistic experimentation as it shifted from a genre based on mimesis to one stressing instead conceptual and symbolic associations between artist and subject Featuring over 100 color illustrations of works by artists from Charles Demuth Marcel Duchamp Marsden Hartley and Georgia O Keeffe to Janine Antoni Felix Gonzalez Torres Roni Horn Jasper Johns and Glenn Ligon this timely publication probes the ways we think about and picture the self and others With particular focus on three periods during which non mimetic portraiture flourished 1912 25 1961 70 and 1990 the present the authors investigate issues related to technology sexuality artist networks identity politics and social media and explore the emergence of new models for the visual representation of identity Taking its title from a 1961 work by Robert Rauschenberg a telegram that stated This is a portrait of Iris Clert if I say so this book unites paintings sculpture photography and text portraits that challenge the genre in significant often playful ways and question the convention as well as the limits of traditional portrayal **Anti-Portraiture** Fiona Johnstone, Kirstie Imber, 2020-11-26 The portrait has historically been understood as an artistic representation of a human subject Its purpose was to provide a visual or psychological likenesses or an expression of personal familial or social identity it was typically associated with the privileged individual subject of Western modernity Recent scholarship in the humanities and social sciences however has responded to the complex nature of twenty first century subjectivity and proffered fresh conceptual models and theories to analyse it The contributors to Anti Portraiture examine subjectivity via a range of media including sculpture photography and installation and make a convincing case for an expanded definition of portraiture By offering a timely reappraisal of the terms through which this genre is approached the chapter authors volunteer new paradigms in which to consider selfhood embodiment and representation In doing so they further this exciting academic debate and challenge the curatorial practices and acquisition policies of museums and galleries **Portraiture** Shearer West, 2004-04-08 This fascinating new book explores the world of portraiture from a number of vantage points and asks key questions about its nature How has portraiture changed over the centuries How have portraits represented their subjects and how have they been interpreted Issues of identity modernity and gender are considered within a cultural and historical context Shearer West uncovers much intriguing detail about a genre that has often been seen as purely representational featuring examples from African tribes to Renaissance princes and from

stars such as David and Victoria Beckham to ordinary people In the process she shows us how to communicate with the past in an exciting new way     **"Interior Portraiture and Masculine Identity in France, 1789-1914 "** Heather Belnap Jensen, 2017-07-05 Focusing specifically on portraiture as a genre this volume challenges scholarly assumptions that regard interior spaces as uniquely feminine Contributors analyze portraits of men in domestic and studio spaces in France during the long nineteenth century the preponderance of such portraits alone supports the book's premise that the alignment of men with public life is oversimplified and more myth than reality The volume offers analysis of works by a mix of artists from familiar names such as David Delacroix Courbet Manet Rodin and Matisse to less well known image makers including Dominique Doncre Constance Mayer Anders Zorn and Lucien Etienne Melingue The essays cover a range of media from paintings and prints to photographs and sculpture that allows exploration of the relation between masculinity and interiority across the visual culture of the period The home and other interior spaces emerge from these studies as rich and complex locations for both masculine self expression and artistic creativity Interior Portraiture and Masculine Identity in France 1789 1914 provides a much needed rethinking of modern masculinity in this period     **The Visual Worlds of Life Writing** Kerstin Maria Pahl, 2025-01-04 An Open Access edition is available The Visual Worlds of Life Writing brings into conversation the two most popular genres in long eighteenth century England portraits and biographies As key instruments of social formation when Britain was forging the nation Linda Colley they were wielded alike by Whigs and Tories the aristocracy and the commercial middle classes high class artists and grubby street writers They were most persuasive however when used jointly portrait prints ideally accompanied by Brief Lives sold by the thousands National histories were re issued to include pictures Portraitists were required to stage their sitters as though taken from real life situations Embedded into such interplay between texts and images was an aesthetic claim doing biography was a multimedia enterprise Far from being just words on a page eighteenth century life writing came with frontispiece portraits illustrations or elaborate title pages Biographers directed their readers to existing portraits of their subjects to enhance the reading experience Portraits made of calligraphic writing blurred the boundaries between text and image As a thorough reassessment of visual culture's role in producing biographies this book offers an in depth analysis of the rhetorics of portraiture and life writing an historical account of their sister arts tradition and an inquiry into the social function of profiling people     **Concepts Of Identity** Katherine Hoffman, 2018-10-08 Concepts of identity are complex and changing and in this book Katherine Hoffman examines images of individuals and families from ancient Egypt to the present more than two thirds of the book covers the twentieth century Through a comprehensive study of paintings sculpture photography film television and other media Hoffman provides eye open     Art Inquiry , 1999     *Portraiture and Critical Reflections on Being* Euripides Altintzoglou, 2018-05-11 This book analyzes the philosophical origins of dualism in portraiture in Western culture during the Classical period through to contemporary modes of portraiture Dualism the separation of mind from body plays a central part in portraiture given that

it supplies the fundamental framework for portraiture's determining problem and justification the visual construction of the subjectivity of the sitter which is invariably accounted for as ineffable entity or spirit that the artist magically captures Every artist that has engaged with portraiture has had to deal with these issues and therefore with the question of being and identity

**Jeff Koons** Scott Rothkopf, 2014-07-08 With over 200 illustrations of iconic works as well as preparatory studies and historic photographs this book offers fresh insight into Koons's polarizing and influential career *The Face on Film*

Noa Steimatsky, 2017 The human face is a privileged arena of expressivity yet this book suggests cinema's most radical encounters with the face give rise to ambiguity illegibility an equivocation between image and language Braiding theoretical and aesthetic considerations with close analysis of films Steimatsky interrogates the convergence of archaic powers and modern anxieties in our experience of the face on film *Res: Anthropology and Aesthetics*, 53/54

Francesco Pellizzi, 2008-12-15 Among other articles this double volume includes The value of forgery Jonathan Hay Affective operations of art and literature Ernst van Alphen Betty's Turn Stephen Melville *Still Modernism*

Louise Hornby, 2017-09-01 Still Modernism offers a critique of the modernist imperative to embrace motion speed and mobility In the context of the rise of kinetic technologies and the invention of motion pictures it claims that stillness is nonetheless an essential tactic of modernist innovation More specifically the book looks at the ways in which photographic stillness emerges as a counterpoint to motion and to film asserting its own clear visibility against the blur of kinesis Photographic stillness becomes a means to resist the ephemerality of motion and to get at and articulate something real or essential by way of its fixed limits Combining art history film studies and literary studies Louise Hornby reveals how photographers filmmakers and writers even at their most kinetic did not surrender attention to points of stillness Rather the still image understood through photography establishes itself as a mode of resistance and provides a formal response to various modernist efforts to see better to attend more closely and to remove the fetters of subjectivity and experience Still Modernism brings together a series of canonical texts films and photographs the selection of which reinforces the central claim that stillness does not lurk at the margins of modernism but was constitutive of its very foundations In a series of comparisons drawing from literary and visual objects Hornby argues that still photography allows film to access its own diffuse images of motion photography's duplicative form provides a serial structure for modernist efforts to represent the face its iterative structure articulates the jerky rhythms of experimental narrative as perambulation and its processes of development allow for the world to emerge independent of the human observer Casting new light on the relationship between photography and film Hornby situates the struggle between the still and the kinetic at the center of modernist culture *Unmaking Race, Remaking Soul*, 2007-01-01 Explores the theme of aesthetic agency and its potential for social and political progress *Art in Mind*

Ernst van Alphen, 2005-03-10 Art has the power to affect our thinking changing not only the way we view and interact with the world but also how we create it Art can be considered as a commanding force with the capacity to shape our intellect and intervene in our lives Art is a

historical agent or a cultural creator that propels thought and experience forward The author demonstrates that art serves a socially constructive function by actually experimenting with the parameters of thought employing work from artists as Picasso Watteau Bacon Dumas and Matthew Barney Art confronts viewers with the pain points of cultural experience and thereby transforms the ways in which human existence is conceived **AIDS and Representation** Fiona

Johnstone, 2023-05-18 AIDS Representation explores portraits and self portraits made in response to the AIDS epidemic in America in the 1980s and 1990s Addressing the work of artists including Mark Morrisroe Robert Blanchon and Felix Gonzalez Torres through the interrelated themes of sickness and mortality desire and sexual identity love and loss Fiona Johnstone shows how the self representational practices of artists with HIV and AIDS offered a richly imaginative response to the limitations of early AIDS imagery Johnstone argues that the AIDS epidemic changed the very nature of visual representation and artistic practice necessitating a radical new approach to conceptualising and visualising the human form An extended epilogue considers the ongoing art historicization of the epidemic re contextualising the book s themes in relation to contemporary photographic works More than just a historical discussion of the art of the AIDS crisis AIDS and Representation contributes to an emergent body of scholarship on the visual representation of illness Expanding the established genre of the autopathography or illness narrative beyond the predominantly textual this important contribution to art history and health humanities sensitively unpicks the entanglements between aesthetic form and the expression of lived experiences of critical and chronic ill health Ilya Kabakov, 1969-1998 Il'ia Iosifovich Kabakov, Amei Wallach, 2001 Essay by Amei Wallach Foreword by Amada Cruz **Cézanne** Steven Platzman, 2001 Platzman s accessible and richly illustrated book examines the stylistic development of Cézanne s self portraits in an effort to understand how the artist saw himself and others 111 b w 82 color illustrations Benezit Dictionary of British Graphic Artists and Illustrators Stephen Bury, 2012-06-21 This dictionary consists of over 3000 entries on a range of British artists from medieval manuscript illuminators to contemporary cartoonists Its core is comprised of the entries focusing on British graphic artists and illustrators from the 2006 Benezit Dictionary of Artists with an additional 90 revised and 60 new articles

### Faceoff The Portrait In Recent Art Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Faceoff The Portrait In Recent Art PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Faceoff The Portrait In Recent Art PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal

boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Faceoff The Portrait In Recent Art free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### FAQs About Faceoff The Portrait In Recent Art Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Faceoff The Portrait In Recent Art is one of the best book in our library for free trial. We provide copy of Faceoff The Portrait In Recent Art in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Faceoff The Portrait In Recent Art. Where to download Faceoff The Portrait In Recent Art online for free? Are you looking for Faceoff The Portrait In Recent Art PDF? This is definitely going to save you time and cash in something you should think about.
