Race and Beauty Josie Schoel,2025-04-29 This work examines how beauty standards specifically the ideology of fairness contributed to the racialization of bodies in early modern England Schoel emphasizes the need to dismantle whiteness s invisibility in historical criticism noting that it has long been an unexamined norm By focusing on the materiality of cosmetic whiteness the text aims to disrupt colorblind ideologies and reveal the mechanisms behind white supremacy Drawing on diverse texts like sonnets travel literature and medical treatises the book discusses how light skin and hair were idealized symbolizing Christian virtue and femininity This rhetoric of fairness not only promoted racial hierarchies but also

constructed whiteness through cosmetics like whitening creams and exfoliants These practices associated with Queen Elizabeth I s image and widely reproduced in theater medicine and household texts led to a cult of whiteness The locus of the cult was Queen Elizabeth I whose materially constructed reds and whites in her portraiture and on the surface of her skin resounded throughout the commonwealth If the cult of whiteness was founded by Elizabeth s propagandistic image campaign it was facilitated and reproduced through theatrical productions medical treatises household manuals and the birth of the apothecary which made the materials of whiteness accessible to a wider socially diverse network of consumers The book is not only an ideal resource for students and scholars of early modern studies performance and Critical Race Studies but for all those seeking an introduction to constructions of race in early modern England **Creepy Costumes** Mary Meinking,2019 Halloween is a time for fright and fun Add some creative DIY costumes to dial up the horror These gruesome costume ideas will help kids get ready to yell Trick or treat **Honor Among Spies** Quinn Fawcett,2007-04-01 Ian Fleming the creator of James Bond was once an operative for British Naval Intelligence Rumors hold that Fleming s job occasionally required a bit of wet work slang for assassination but he never spoke of it nor of the other secrets of his life during wartime By the 1950s Fleming had settled into a routine spending part of the year in London and the rest on the island of Jamaica at the estate he called Goldeneye Honor Among Spies Fleming is recovering from witnessing the death of a woman he had come to love when he receives an urgent message from Prescott a former colleague in the spy game Prescott has set up as a private investigator in New Orleans and his latest case which began as a simple background check on a wealthy man s new son in law has turned deadly The bride has been gruesomely murdered and one of her brothers has disappeared Prescott himself been threatened not physically but with the revelation of his WWII activities which could endanger not just Prescott but England herself Investigating Fleming and Prescott discover that the bride s murder is connected to a new religious cult run by a mysterious woman from the former spies joint past Before Fleming s adventure is over he will have seen the darkest parts of New Orleans fabled French Quarter formed a temporary partnership with a pair of local pool sharks witnessed perverse sex acts and met a bewitching voodoo queen Layered with intrigue packed with concealed truths and hidden identities Honor Among Spies is another fast paced adventure in the fictional life of Ian Fleming in the days before James Bond At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied *Little Monsters* Helene Brembeck,Karin M. Ekström,Magnus Mörck,2007 This book is about stories of consumption beyond the culture economy divide By bringing along Actor Network Theory entities that in conventional approaches are taken for granted such as consumers goods and companies proves to be unstable assemblages of humans goods and technologies We meet materialistic children and parents creating an intimate moment at McDonald s car poolers trying to get out of the grip of individual transportation young couples imagining a home in that odd reversal of private space the furniture store and grown men practicing a hobby so close to childhood that it causes unease These and other examples line that up as our monsters ready

to act out the drama Considering that actor network theory has its roots in narratology of Algirdas Greimas 1917 1992 what better use can one imagine for it than its application to the tales of consumption In the best ANT ian style the book refuses to label people things and phenomena with the received names The message is wait until the end of the story to see whether or not a big company wins over small consumers or if behind a bewitching trademark hides a good fairy or a wicked witch This collection challenges most of the common places about consumption production markets and consumers
