Faces In My Time:

My People, My Time Deborah McCrayer, 2021-03-05 The African American people fought for the basic right afforded to us by the constitution to live free then to be seen as equals in a world that often dismisses us We have overcome many obstacles placed in front of us While we can quickly recognize problems caused by others such as police and rightly seek justice the biggest impediment we have yet to overcome is our intentional destruction of our people based on greed success money and drugs We as a people need to be like minded and like looking We need to balance our beliefs and integrate faith into real life In times of trouble we lose perspective Bad things happen to good and bad people good things happen to good and bad people but with the good and bad we must find common ground for all to flourish Inside you will discover documented events in African American history and one woman s personal journey through two turning points that would have a profound impact on her people This book is meant to remind us of the path we have journeyed and ask us to look as a race where are we headed and will the road we are on get us there Together we are strong Our strength cannot be stolen but can be surrendered by our lack of action We determine our destiny Theory of gontierism Vol 1 Darrell Gontier, 2012-07-08 Darrells Theory of numbers and numerology completely different **In Your Face** Lia Mills, 2008-05-01 In early 2006 Lia Mills went to the dentist worried about a painful lump in her cheek In Your Face is her account of what happened next a diagnosis of oral cancer surgery to remove the tumour and reconstruct her jaw a broken leg that came about as a result of a bone graft and that went undiagnosed for several weeks radiotherapy and resulting illness and finally recovery Based on the journals she kept even when she was feeling her worst In Your Face gives an extraordinary day by day account of what Lia went through It also observes more beauty and comedy in the world than most of us notice even when we re feeling our best It is not so much a book about cancer as a book about life It should be read by anyone who wants to understand illness and recovery fear and hope and love A life changing book for me Anne Enright winner of the Man Booker Prize 2007 The bravery and love and zest for experience displayd by Lia Mills and encountered by her in the darkest depths of her illness make this exceptional book a gift of life Nuala O Faolain An uplifting story of survival Irish Independent **Proper Scoundrels** Allie Therin, 2021-12-28 Don t miss this spin off from Allie Therin s acclaimed Magic in Manhattan universe Their scandalous pasts have left them wounded and unworthy and hopelessly perfect together London 1925 Sebastian de Leon is adjusting to life after three years spent enthralled by blood magic The atrocities he committed under its control still weigh heavily on his conscience but when he s asked to investigate a series of mysterious murders it feels like an opportunity to make amends Until he realizes the killer s next likely target is a man who witnessed Sebastian at his worst the Viscount Fine Lord Fine known as Wesley to his friends if he had any is haunted by ghosts of his own after serving as a British army captain during the Great War Jaded and untrusting he s tempted to turn Sebastian in but there s something undeniably captivating about the reformed paranormal and after Sebastian risks his own life to save Wesley s they find common ground Seeking sanctuary

together at Wesley's country estate in Yorkshire the unlikely pair begins to unravel a mystery steeped in legend and folklore the close quarters emboldening them to see past the other's trauma to the person worth loving beneath But with growing targets on their backs they'll have to move quickly if they want to catch a killer and discover whether two wounded souls can help each other heal Magic in Manhattan Book 1 Spellbound Book 2 Starcrossed Book 3 Wonderstruck Roaring Twenties Magic Book 1 Proper Scoundrels Book 2 Once a Rogue Liar City Book 1 Liar City *People v. Cherian, 2013-02-28 Life This is an area about which man has the greatest knowledge However it is only a pit stop for the human race What lies before and beyond this little pit stop is open to heavy debate In fact most people take birth to be the beginning Death on the other hand is spoken of as being either a full stop for the person or a continuation of life's journey to somewhere in the unknown This has given rise to religion A set of rules was created to explain the unexplainable and this code of morals governed our journey to either a wondrous existence in Heaven or to the fiery confines of Hell But this book is not dealing with theology It relates to History Egyptian History to be more specific it is the chronicle of events that unfolded during the reign of King

Hatshepsut of the Egyptian Empire almost one thousand five hundred years before the birth of Christ To understand the ancient Egyptians we must grasp their concepts of earth heaven and hell Their life was ruled by their religion

Positive Affirmations for Black Men Tyrone Coleman,2022-10-31 Your mind is a powerful tool and positive affirmations can help you sharpen it Watch what happens when you do To be a Black man today means confronting deeply embedded racism in every social institution on a daily basis Even if you re not always aware of what you re up against you probably have to fight harder than you should in most areas of life This can take its toll and often you end up fighting yourself

as much as you do the world around you The more barriers you re faced with the more you will build up inside your own mind But there s good news You can reprogram yourself so that those mental barriers never stand in your way And the process is surprisingly simple Denzel Washington and countless other celebrities attribute their success to the use of positive affirmations and you can too Affirmations are amongst the simplest self help strategies you can use to nurture your self confidence and self belief Simply by moving your focus away from your perceived inadequacies and towards your strengths both those you already possess and those you want to work on you can change your fortune And science gives the stamp of approval Regularly repeating affirming statements encourages your brain to believe that they re facts and when you really believe you can do something your actions will follow The secret is to choose the affirmations tailored precisely to the area you need to empower yourself in and this book has you well and truly covered Inside you ll discover What you can learn from the inspirational story of Langston Hughes and how his success shows the power of affirmations How to overcome your health and fitness challenges using positive affirmations How to attract love and friendship to your life using the power of self belief The secret to positioning yourself for a future of wealth and success using nothing more than the way you talk to yourself The art of changing your mindset in order to blossom into an inspiring and effective leader The trick to manifesting your own self confidence for great effect in every area of life How to make sure you never see yourself as the victim and why this is so important Practical strategies to combine with your positive affirmation practice for the fullest effect A targeted prayer for every section so you can align your worship with your goals Positive affirmations for every area you wish to develop broken down into goal specific sections And much more When the world is against you it s easy to absorb its messages and allow your mind to put up barriers that prevent you from reaching your highest potential But self talk is an incredibly powerful tool Simply by regularly running through positive affirmations you can change the wiring in your mind and open doors you didn t even realize you had closed Reach your full potential no matter what barriers are in your way

Scroll up and click Buy Now right now *Seeing Slowly* Michael Findlay, 2017-09-26 When it comes to viewing art living in the information age is not necessarily a benefit So argues Michael Findlay in this book that encourages a new way of looking at art Much of this thinking involves stripping away what we have been taught and instead trusting our own instincts opinions and reactions Including reproductions of works by Mark Rothko Paul Klee Joan Mir Jacob Lawrence and other modern and contemporary masters this book takes readers on a journey through modern art Chapters such as What Is a Work of Art Can We Look and See at the Same Time and Real Connoisseurs Are Not Snobs not only give readers the confidence to form their own opinions but also encourages them to make connections that spark curiosity intellect and imagination The most important thing for us to grasp writes Findlay is that the essence of a great work of art is inert until it is seen Our engagement with the work of art liberates its essence After reading this book even the most intimidated art viewer will enter a museum or gallery feeling more confident and leave it feeling enriched and inspired
