**The Faces of Eve** Judith Fryer, 1976 Women in the nineteenth century American novel American Madonna John Gatta,1997-11-27 This book explores a notable if unlikely undercurrent of interest in Mary as mythical Madonna that has persisted in American life and letters from fairly early in the nineteenth century into the later twentieth This imaginative involvement with the Divine Woman verging at times on devotional homage is especially intriguing as manifested in the Protestant writers who are the focus of this study Nathaniel Hawthorne Margaret Fuller Harriet Beecher Stowe Harold Frederic Henry Adams and T S Eliot John Gatta argues that flirtation with the Marian cultus offered Protestant writers symbolic compensation for what might be culturally diagnosed as a deficiency of psychic femininity or anima in America He argues that the literary configurations of the mythical Madonna express a subsurface cultural resistance to the prevailing rationalism and pragmatism of the American mind in an age of entrepreneurial conguest Feminist Dialogics Dale M. Bauer, 1988-01-01 Feminist Dialogics examines the structure of four novels Hawthorne's The Blithedale Romance James's The Golden Bowl Wharton's The House of Mirth and Chopin's The Awakening through the lens of Mikhail Bakhtin's critical framework The author draws on Bakhtin's notion of heteroglossia to show how the interaction of many voices forms the social community of the novel and how the functioning of these voices makes clear statements about the position and fate of women in these specific societies. The novels present dialogic situations in which the women misinterpret their social texts and therefore fail to understand their own social power The four works considered in this study represent the struggle for women's construction of self within a dialogic structure of many competing voices Bauer introduces and enters into dialogue with other theorists who are concerned with the social implications of reading and interpretation including Rene Girard Wolfgang Iser Sandra Gilbert and Susan Gubar as well as other American feminists The recurring theme in the novels of this study is the exclusion and rivalry of discourse the competition among characters for authoritative and interpretive power Each voice in the novel is a thematization of an ideological perspective and as such competes for domination The conspiracy of voices to exclude the female reflects the social reality as well This work is an important contribution to literary criticism and feminist theory Nathaniel Hawthorne, The Scarlet Letter Elmer Kennedy-Andrews, 2000 At last available in a single volume comprehensive overviews and concise analyses of the key critical texts and approaches to the most studied works of literature By assembling extracts from essays reviews and articles the columbia critical guides provide students with ready access to the most important secondary writings on one or more texts by a given writer each volume Offers a balanced and nuanced approach to criticism drawing on a wide array of British and American sources Explains criticism in terms of key approaches allowing students to grasp the central issues for each work Is edited by a noted scholar who specializes in the writer or work in question Includes notes and a comprehensive bibliography and index With the publication of the scarlet letter in 1850 Nathaniel Hawthorne achieved not only critical recognition in his native New England but also an undisputed

place amongst the newly emerging ranks of great American writers This guide introduces and sets in context the enormous range of critical arguments that have been generated by this enduring work From the comments and reviews of Hawthorne's contemporaries through discussions of the novel by fellow artists such as Henry James and D H Lawrence to radical re readings of the postwar decades the reader is given an invaluable guide to the critical progress of this key American text

Henry James's American Girl Virginia C. Fowler, 1984 The figure of the American girl is one that surfaces regularly in Henry James's fiction Most prominent in the international novels where the compelling portrait of an Isabel Archer or a Maggie Verver commands attention James s girl is a complex character eager for experience yet crippled by fear hungry for selfhood yet tragically incapable of achieving it In this lucid exploration of James s young women Professor Fowler examines the psychology literary function and cultural roots of the American girl The result is a new perspective on James's fiction and a reassessment of his views on feminine identity sexual relations and American culture that will be of interest and value to all students of American literature women's studies and Henry James Bloom's How to Write about Nathaniel Hawthorne Laurie A. Sterling, 2009 Nathaniel Hawthorne's fiction has left a lasting impression on writers scholars and readers around the world The Half-vanished Structure Magnus Ullén, 2004 This book takes issue with the tendency in twentieth century Hawthorne criticism to blur the distinction between symbolism and allegory Rejecting the long standing notion that Hawthorne is a symbolist in allegorical disguise Ull n argues that allegory is the key to understanding how religion sexuality aesthetics and politics are interwoven in Hawthorne's writings. The study presents a model for allegorical interpretation of general applicability which is brought to bear on each of Hawthorne's mature romances and on the oft neglected Wonder Books written for children An unparalleled analysis of the formal intricacies of Hawthorne's writings this book is an eloquent plea for the necessity of grounding ideological analysis in aesthetical considerations The Critical Reception of Henry James Linda Simon, 2007 Author and Narrator Dorothee Birke, Tilmann Köppe, 2015-03-10 The distinction between author and narrator is one of the cornerstones of narrative theory. In the past two decades however scope implications and consequences of this distinction have become the subjects of debate This volume offers contributions to these debates from different vantage points literary studies linguistics philosophy and media studies It thus manifests the status of narrative theory as a transdisciplinary project Feminist Phoenix Jerry Rodnitzky, 1999-07-30 The rise and fall of feminist counterculture is traced through feminism's liberation of popular media such as music cinema and television and provides portraits of personalities as countercultural models In addition the decline of feminism after 1980 is explored The book begins by suggesting relevant countercultural problems and failures throughout American history to provide a broad historical perspective It also describes how the New Left countercultural stress influenced the women's liberation movement Individual chapters focus on how feminists used music as a counterculture and how they attempted to liberate media such as cinema television and advertising Cultural portraits of Janis Joplin Joan Baez and Gloria Steinem suggest how individual

women can be effective countercultural models. The book examines the decline of feminism since 1980 and links that decline to the fall of feminist counterculture Feminists of the 1960s seemed to be repeating the history of the 1920s when feminists gained the vote but then lost the next generation Contemporary feminists made many economic and political gains but again lost the next generation of women Despite this loss the book concentrates primarily on the positive and predicts that countercultural feminism will rise phoenix like into a new future feminist era Is He Dead? Mark Twain, 2003-10-17 The University of California Press is delighted to announce the new publication of this three act play by one of America's most important and well loved writers A highly entertaining comedy that has never appeared in print or on stage Is He Dead is finally available to the wide audience Mark Twain wished it to reach Written in 1898 in Vienna as Twain emerged from one of the deepest depressions of his life the play shows its author's superb gift for humor operating at its most energetic. The text of Is He Dead based on the manuscript in the Mark Twain Papers appears here together with an illuminating essay by renowned Mark Twain scholar Shelley Fisher Fishkin and with Barry Moser's original woodcut illustrations in a volume that will surely become a treasured addition to the Mark Twain legacy Richly intermingling elements of burlesque farce and social satire with a wry look at the world market in art Is He Dead centers on a group of poor artists in Barbizon France who stage the death of a friend to drive up the price of his paintings In order to make this scheme succeed the artists hatch some hilarious plots involving cross dressing a full scale fake funeral lovers deceptions and much more Mark Twain was fascinated by the theater and made many attempts at playwriting but this play is certainly his best Is He Dead may have been too out there for the Victorian 1890s but today s readers will thoroughly enjoy Mark Twain s well crafted dialogue intriguing cast of characters and above all his characteristic ebullience and humor In Shelley Fisher Fishkin s estimation it is a champagne cocktail of a play not too dry not too sweet with just the right amount of bubbles and buzz The Scarlet Letter Nathaniel Hawthorne, 1998 When an elderly English scholar discovers his young wife in the pillory cradling an illegitimate child and wearing a scarlet A for Adulteress he disguises himself as a doctor and begins a cruel and destructive search for the father of the child Set in mid seventeenth century Boston thispowerful tale of passion puritanism and revenge is one of the foremost classics of American literature Covering the most recent developments in Hawthorne scholarship this up to date edition contains full and detailed notes The Land Before Her Annette Kolodny, 2014-07-01 To discover how women constructed their own mythology of the West Kolodny examines the evidence of three generations of women s writing about the frontier She finds that although the American frontiersman imagined the wilderness as virgin land an unspoiled Eve to be taken the pioneer woman at his side dreamed more modestly of a garden to be cultivated Both intellectual and cultural history this volume continues Kolodny s study of frontier mythology begun in The Lay of the Land Phototextualities Alex Hughes, Andrea Noble, 2003 How are photographs understood as narratives In this book twenty two original critical essays tackle this overarching question in a series of case studies moving chronologically across the history of photography from the

1840s to the twenty first century The contributors explore the intersections of photography with history memory autobiography time death mapping the discourse of Orientalism digital technology and representations of race and gender The essays range in focus from the role of photographic images in the memorialization of the Holocaust the Argentine Dirty Warm and Japanese American internment camps through Man Ray's classic image Noire et blanche and Nan Goldin's The Ballad of Sexual Dependency to the function of family albums in nineteenth century England and America at Work Douglas Tallack,1987-01-01 PMThis is a sequel to the successful IModern Literary Theory by Jefferson and Robev Barnes Noble While the latter concentrates on expounding theory without embarking on its application Tallack and his Critical Theory group take three literary texts and show how different literary theories can be used in practice in the analysis of real texts The three texts are R In the Cage by Henry James St Mawr by D H Lawrence and Heart of Darkness by Joseph Conrad The branches of theory applied to them are Structuralism Narrative Theory and Character Theory Psychoanalytic Theory Feminism Linguistics and Reader Response Theory Deconstruction and Marxis **Voices of the Nation** Caroline Field Levander, 1998-01-13 Studies the relationship between women's speech and nineteenth century American literary **Henry James and the Past** Ian F. A.
