Poems and Plays Percy MacKaye,1908 **Arion's Lyre** Benjamin Acosta-Hughes,2010-01-04 Arion s Lyre examines how Hellenistic poetic culture adapted reinterpreted and transformed Archaic Greek lyric through a complex process of textual cultural and creative reception Looking at the ways in which the poetry of Sappho Alcaeus Ibycus Anacreon and Simonides was preserved edited and read by Hellenistic scholars and poets the book shows that Archaic poets often look very different in the new social cultural and political setting of Hellenistic Alexandria For example the Alexandrian Sappho evolves from the singer of Archaic Lesbos but has distinct associations and contexts from Ptolemaic politics and Macedonian queens to the new phenomenon of the poetry book and an Alexandrian scholarship intent on preservation and codification A study of Hellenistic poetic culture and an interpretation of some of the Archaic poets it so lovingly preserved Arion s Lyre is also an examination of how one poetic culture reads another and how modern readings of ancient poetry are filtered and shaped by earlier readings The Covent Garden Magazine Or the Amorous Repository ,1773 **"The Serpent of Old Nile"** John Armstrong Chaloner,1915 **Woman on the Edge of Time** Marge Piercy,2010-08-25 Hailed as a classic of speculative fiction Marge Piercy s landmark novel is a transformative vision of two futures and what it takes to will one or the other into reality Harrowing and prescient Woman on the Edge of Time speaks to a new generation on whom these choices weigh more heavily than ever before Connie Ramos is a Mexican American woman living on the streets of New York Once ambitious and proud she has lost her child her husband her dignity and now they want to take her sanity After being unjustly committed to a mental institution Connie is contacted by an envoy from the year 2137 who shows her a time of sexual and racial equality environmental purity and unprecedented self actualization But Connie also bears witness to another potential outcome a society of grotesque exploitation in which the barrier between person and commodity has finally been eroded One will become our world And Connie herself may strike the decisive blow Praise for Woman on the Edge of Time This is one of those rare novels that leave us different people at the end than we were at the beginning Whether you are reading Marge Piercy s great work again or for the first time it will remind you that we are creating the future with every choice we make Gloria Steinem An ambitious unusual novel about the possibilities for moral courage in contemporary society The Philadelphia Inquirer A stunning even astonishing novel marvelous and compelling Publishers Weekly Connie Ramos s world is cuttngly real Newsweek Absorbing and exciting The New York Times Book Review *Australian Book Review* ,1990 **Black Mothers and the National Body Politic** Andrea Powell Wolfe,2020-10-14 Black Mothers and the National Body Politic The Narrative Positioning of the Black Maternal Body from the Civil War Period through the Present focuses on the struggles and triumphs of black motherhood in six works of narrative prose composed from the Civil War period through the present Andrea Powell Wolfe examines the functioning of the black maternal body to both define and undermine ideal white

womanhood the physical scarring of the black mother and the reclamation of the black maternal body as a site of subversion and nurturance as well as erotic empowerment and the construction of oppressive discourses surrounding black female bodies and reproduction and the development of resistance to these types of discourses These tensions undergird a multifaceted discussion of the narrative positioning of the black maternal body within and in relationship to the national body politic an inherently exclusionary and restrictive metaphorical entity constructed and socially contracted over time by an already politically empowered citizenry Ultimately close analysis of the texts under study suggests that the United States as a figurative body complete with imagined parts that perform separate functions from intelligence to labor ingestion to expulsion has simultaneously used and cast off the black maternal body over the course of centuries
