Epigram, and Poetry Frederick Parkes Weber, 1922 **The Oxford Handbook of the Positive Humanities** Louis
Tay, James O. Pawelski, 2022-01-25 This text reviews and synthesizes the theories research and empirical evidence between
human flourishing and the humanities broadly including history literary studies philosophy religious studies music art theatre
and film Via multidisciplinary essays this book expands our understanding of how the humanities contribute to the theory and
science of well being by considering historical trends conceptual ideas and wide ranging interdisciplinary drivers between
positive psychology and the arts Facet Theory and the Mapping Sentence Paul M.W. Hackett, 2021-03-23 This book is the
second edition of Facet Theory and the Mapping Sentence Evolving Philosophy Use and Application 2014 It consolidates the
qualitative and quantitative research positions of facet theory and delves deeper into their qualitative application in
psychology social and the behavioural sciences and in the humanities In their traditional quantitative guise facet theory and
its mapping sentence incorporate multi dimensional statistics They are also a way of thinking systematically and thoroughly
about the world The book is particularly concerned with the development of the declarative mapping sentence as a tool and
an approach to qualitative research The evolution of the facet theory approach is presented along with many examples of its
use in a wide variety of research domains Since the first edition the major advance in facet theory has been the formalization
of the use of the declarative mapping sentence and this is given a prominent position in the new edition The book will be
compelling reading for students at all levels and for academics and research professionals from the humanities social
sciences and behavioural sciences **Handbook of Cognitive, Social, and Neuropsychological Aspects of Learning**

Aspects and Issues in the History of Children's Literature Maria Nikolajeva, 1995-06-13 The contributors to this collection of essays address children's literature as an art form rather than an educational instrument as has been the traditional approach. Scholars from 10 different countries present a variety of approaches to the history of children's literature including views on sociological, semiotic and intertextual models of its evolution. Other issues explored include influence and interaction between stories and their countries of origin. This strong presentation of international perspectives on children's literature will be a valuable resource for scholars of children's and comparative literature.

Art Therapy for Racial Trauma, Microaggressions and Inequality Dr. Chioma Anah, 2024-11-21 Confronting systemic injustices and paving the way towards a more inclusive culturally responsive and effective practice. Chioma Anah examines how art therapy can be used as a tool in addressing racial trauma. Delving into theories of racism and its evolution, the taxonomy of microaggressions, advocacy and intersectionality, this resource exposes the powerful structures that perpetuate daily microaggressions experienced by African Americans and how therapeutic relationship can repeat these. It shares poignant client narratives and artwork as well as insight from diverse art therapists, all men and women of color. With invaluable recommendations for future research, implications for counseling and counseling education, this book is essential reading for therapists, counselors and educators.

Psychosocial Aspects of Pediatric Oncology Shulamith Kreitler, Myriam Weyl Ben Arush, 2004-08-13 This book is a comprehensive text on the all important psychosocial aspects of cancer in children. Edited by an experienced psycho-oncologist and an equally experienced pediatric oncologist, the book brings together an international group of contributors composed of pediatric oncologists and psychologists, psycho-oncologists. This unique balance of contributors gives the book a focus on the real life practical aspects of children undergoing treatment for cancer. The book helps health care professionals who look after children and adolescents with cancer in dealing with the difficult and complex problems that face the child, his siblings and his parents. It deals with critical issues such as the neuropsychological impact of treatment including bone marrow transplantation, pain, quality of life in survivors, palliative care, talking to children and their families about death and providing support to the dying. An important part of the book provides tools for evaluation and methods of psychological

intervention It is thus a very practical work for psycho oncologists pediatric oncologists pediatricians psychologists nurses social workers and art therapists dealing with the problems that children with cancer have to confront A comprehensive book on the clinical approach to psychosocial problems of children with cancer Includes evaluation tools and psychological intervention techniques Contributions from both pediatric oncologists and psycho oncologists highlight the team approach to the treatment of childhood cancers Historical Researches Into Some Aspects of the Culture and Civilization of North-East India G.
