Facets of Unity A. H. Almaas, 2000-09-05 A heartily recommended text for Enneagram enthusiasts and followers of every spiritual tradition by the creator of the Diamond Approach to Self Realization Helen Palmer author of *The Enneagram Facets of Unity* presents the Enneagram of Holy Ideas as a crystal clear window on the true reality experienced in enlightened consciousness Here we are not directed toward the psychological types but the higher spiritual realities they reflect We discover how the disconnection from each Holy Idea defined as an unconditioned objective understanding of reality leads to the development of its corresponding fixation thus recognizing each type's deeper psychological core Understanding this core brings each Holy Idea within reach so its spiritual perspective can serve as a key for unlocking the fixation and freeing us from its limitations

The Enneagram of Passions and Virtues Sandra Maitri, 2005 How the mysterious nine pointed symbol of the enneagram illuminates the worst pitfalls and highest virtues of our psyches *The Enneagram of Passions and Virtues* elucidates human experience beyond the personality structure In the tradition of the enneagram the Virtues are said to be the affective atmosphere that replaces the compulsive and reactive emotional patterns called the Passions as one becomes freer of the ego Sandra Maitri shows how the shift in our consciousness or soul from being informed by the Passions to being informed by the Virtues is one of the hallmarks of inner development In this book Maitri explores how our awareness of the Passions in turn leads to the manifestation of the Virtues This shift supports growth on the level of personality as well as on the level of what is beyond Being or True Nature Maitri is widely known as one of the most literate and in-depth writers and teachers on the uses of the enneagram as a tool of inner development In this book she provides what can be for some an entry into inner work and for others who have been engaged in the journey for a longer time a uniquely incisive explication of concepts they may have missed

Spirituality Patrick J. Mahaffey, 2018-10-26 In Integrative Spirituality Patrick J Mahaffey elucidates spirituality as a developmental process that is enhanced by integrating the teachings and practices of multiple religious traditions Jungian depth psychology and contemplative yoga In the postmodern world of religious pluralism Mahaffey compellingly argues that each of us must fashion a unique path to wholeness which integrates aspects of life and of the self that have become disconnected and disowned Integrative Spirituality uniquely conjoins four components exemplary religious pluralists from three traditions individuation the forms of contemplative Hindu yoga that have been successfully transmitted to the West and a presentation of two models for integrating psychological growth and spiritual awakening The book presents pioneering practitioners in each field who exemplify how we may fashion our own approach to integrating both spiritual awakening and psychological development and delineates an array of spiritual practices that integrate the somatic psychological interpersonal and spiritual aspects of life Ultimately Mahaffey contends that integrative spirituality is a mode of being that fully embraces the divinity inherent in each of us and in the world Integrative Spirituality will be essential reading for academics and students of Jungian and post Jungian studies transpersonal and Jungian psychology and religious studies and contemplative education It will also be of interest to analytical and depth psychologists in practice and in training and to anyone seeking a greater understanding of spirituality psychological growth religious traditions individuation and contemplative yoga The Diamond Approach John Davis, 2021-05-25 A revised and expanded edition of the definitive guide to the Diamond Approach the modern contemplative practice that integrates psychology and spirituality and emphasizes the importance of self inquiry The Diamond Approach has been developed and taught over the last forty five years by Hameed Ali who is known chiefly by his pen name A H Almaas This book the first to offer a full overview of the Diamond Approach is now revised and expanded with a new foreword by Almaas a new preface by the author and a new chapter that explores the most recent developments in Almaas s teaching and practice methods Author John Davis offers a rich compelling introduction to the unique spiritual tradition that philosopher Ken Wilber recommends as the most balanced of the widely available spiritual psychologies therapies Influenced by ancient traditions such as Sufism and Buddhism as well as by modern psychology the Diamond Approach is particularly well suited to twenty first century seekers who embrace both spirituality and science

Beginning with an account of his own work with the Diamond Approach Davis proceeds to outline the tradition's central practice of Inquiry a form of open ended exploration of present moment experience akin to mindfulness practice From there he launches readers into an exploration of metaphysical concepts such as soul space Essence self realization and the dimensions of Being Complex yet concise profound yet accessible The Diamond Approach offers readers bold new perspectives on reality and human potential

The Alchemy of Freedom A. H. Almaas, 2017-03-28 Well known spiritual teacher A H Almaas uses the metaphor of the mysterious philosopher's stone to discuss a tremendous liberating power that leads to endless enlightenment For millennia alchemists sought the philosopher's stone the miracle substance believed to be the key to all the secrets of existence The quest was fueled by some of the prime questions of human existence What am I Why am I here How has this world come to be A H Almaas shows that the tremendous liberating power of the mysterious philosopher's stone is closer to us than we realize In fact it is the true nature of all reality in all times and all places without being limited to being anything in particular Through the philosopher's stone real transformation can happen our consciousness can become free and we can open to all the possibilities of reality Almaas discusses the factors that are involved in igniting the catalytic property of the philosopher's stone and then begins to unpack the properties of true nature when it is free of constraints Finally we are left with the revelation that true nature is endlessly knowable and yet nothing we can know or say about it exhausts its mystery and power The result is a new understanding of what liberation and practice are and a view of what it's like when seeking ceases and life becomes a process of continual discovery We begin to appreciate that the freedom of reality expressed in the complete and fulfilled life all human beings seek and few find is actually the simplicity of the ordinary

The Power of Divine Eros A. H. Almaas, Karen Johnson, 2013-09-17 Two innovative spiritual teachers show how to use desire and passion eros as a gateway to realizing our fullest potential What do desire and passion have to do with our spiritual journey According to A H Almaas and Karen Johnson they are an essential part of it Conventional wisdom cautions that desire and passion are opposed to the spiritual path that engaging in desire will take you more into the world into egoic life And for most people that is exactly what happens We naturally tend to experience wanting in a self centered way The Power of Divine Eros challenges the view that the divine and the erotic are separate When we open to the energy aliveness spontaneity and zest of erotic love we will find it inseparable from the realm of the holy and sacred When this is understood desire and passion become a gateway to wholeness and to realizing our full potential Through guided exercises the authors reveal how our relationships become opportunities on the spiritual journey to express ourselves authentically to relate with openness and to discover dynamic inner realms with another person Through embodying the energy of eros each of us can learn to be fully real and alive in all

of our interactions
