Facing The Wind A True Story Of Tragedy And Reconciliation:

Facing the Wind Julie Salamon, 2002-04-09 Robert and Mary Rowe's second child Christopher was born with severe neurological and visual impairments. For many years the Rowes' courageous response to adversity set an example for other parents of children with birth defects. Then the pressures on Bob Rowe, personal and professional, took their toll and he fell into depression and ultimately delusion. And one day he took a baseball bat and killed his wife and three children. Julie Salamon deftly avoids sensationalism as she tells the Rowes' tragic story with intelligence, sympathy, and insight. Like all great literary journalism, *Facing the Wind* asks us to join its issues and examine our own lives and problems in the new, bright light that good writing always sheds.

Violence and Nonviolence Gregg Barak, 2003-02-24 Gregg Barak's *Violence and Nonviolence* is a thoughtful, comprehensive examination of violence in the United States. Structurally and conceptually, this book works. Barak addresses violence in an interdisciplinary way, addressing history, psychology, biology, cultural studies, and sociology. Moreover, Barak does an excellent job of discussing the intersection of race, class, and gender and those relationships with violence. Heather Melton, University of Utah. Clearly, the strength of this book is its comprehensive and reciprocal approach. I found this to be an enjoyable and provocative book that treats the topic holistically and offers a vision for overcoming current patterns of violence. I am convinced that this is an important work that will ultimately be well received by undergraduates, graduate students, violence specialists, and general readers. Mathew T. Lee

University of Akron I think that the strengths of this book are twofold Barak's approach disaggregates violence into interpersonal institutional and structural violence which is very important yet rarely done the latter part of the book explores the pathways to nonviolence an underrepresented area in the study of violence Charis Kubrin Sociology George Washington University I have devoted close to 20 years studying and teaching about violence and I must say that this is a comprehensive book I strongly believe that Barak has done an outstanding review of the extant literature and touches upon key issues of central concern to those of us who are social scientific experts on violence Walter Dekeseredy Ohio University Violence and Nonviolence Pathways to Understanding is the first book to provide an integrative systematic approach to the study of violence and nonviolence in one volume Eminent scholar and award winning author Gregg Barak examines virtually all forms of violence from verbal abuse to genocide and treats all of these expressions of violence as interpersonal institutional and structural occurrences In the context of recovery and nonviolence Barak addresses peace and conflict studies legal rights social justice and various nonviolent movements Employing an interdisciplinary framework Barak emphasizes the importance of culture media sexuality gender and social structure in developing a comprehensive theory of these two separate but inseparable phenomena This innovative and accessible volume includes Figures tables and illustrations that reinforce important concepts and relationships Introduces a new original theory of reciprocal violence and nonviolence Numerous case studies on violence and recovery throughout the book Chapter summaries and review questions to aid student comprehension Models of nonviolence such as mutuality altruistic humanism positive peacemaking and resiliency Designed to be a core text for graduate and undergraduate courses on violence in criminology sociology criminal justice and social work departments Violence and Nonviolence is also an outstanding supplementary text for violence against women and criminal behavior courses This book will transform the way students and readers think about violence nonviolence and the reciprocal relationship between the two
