Facing West Americans And The Opening Of The Pacific:

Facing West John C Perry, 1994-11-22 From the early years of the republic many Americans anticipated a Pacific Age in world affairs that the United States would inevitably dominate not in a territorial sense so much as in a cultural and commercial one Despite the reality that Asia was of little real economic importance in American life until recently a powerful image persisted in the American mind of the promises of riches to be found across the Pacific This book provides the history of that dream from the time of Spanish galleons to the hypersonic airplane of the future With bewildering speed the North Pacific region has come to rival the North Atlantic as a global center of manufacturing trade and information and the generation of wealth The economic statistics show that the Age of the Pacific has truly arrived Perry vividly shows that from the early years of the republic many Americans anticipated a Pacific Age in world affairs that the United States would inevitably dominate not in a territorial sense so much as in a cultural and commercial one Despite the reality that Asia was of little real economic importance in American life until recently a powerful image persisted in the American mind of the promise of riches to be found across the Pacific This book provides the history of that dream from the time of Spanish galleons to the hypersonic airplane of the future Countless books have been written about American East Asian relations but fewer books have addressed the importance of the Pacific Ocean to the United States No one before has shown so comprehensively how Americans dominated the creation of trans Pacific trade routes This book will be of great interest to professional historians and the general public interested in the history of American Pacific relations the history of transportation and the history of the entrepreneurial doers and dreamers who spearheaded American commerce with Asia

The American Merchant Experience in Nineteenth Century Japan Kevin C. Murphy, 2004-08-02 Explores the interactions of 19th century American merchants with the Japanese in the treaty port system how the Japanese leadership manipulated them and how the merchants themselves defined the limitations of American business in Japan

Across Currents: Connections Between Atlantic and (Trans)Pacific Studies Nicole Poppenhagen, Jens Temmen, 2020-04-28 This book explores connections between Atlantic studies and trans Pacific studies including the potential discursive topical and historical overlaps of the two fields It carves out mutual concerns and theoretical affinities but also divergent approaches and differences While acknowledging the fundamental differences that characterize the individual fields the essays in this volume examine how both Atlantic and trans Pacific studies are part of global currents of political activist artistic economic and academic exchange This volume brings together voices from Europe North America and the Pacific with disciplinary backgrounds in history culture and literature Directed at scholars with a background in trans Pacific and or Atlantic studies this collection is an attempt to stimulate exchange between the two fields to intensify their impact within the current transnational focus of literary and cultural studies to encourage the questioning of well mapped paths of inquiry and to outline new theoretical approaches to both fields This book was originally published as a special issue of the journal *Atlantic*

Studies *Pacific Futures* Warwick Anderson, Miranda Johnson, Barbara Brookes, 2018-11-30 How when and why has the Pacific been a locus for imagining different futures by those living there as well as passing through What does that tell us about the distinctiveness or otherwise of this sea of islands Foregrounding the work of leading and emerging scholars of Oceania *Pacific Futures* brings together a diverse set of approaches to and examples of how futures are being conceived in the region and have been imagined in the past Individual chapters engage the various and sometimes contested futures yearned for unrealized and even lost or forgotten that are particular to the Pacific as a region ocean island network destination and home Contributors recuperate the futures hoped for and dreamed up by a vast array of islanders and outlanders from Indigenous federalists to Lutheran improvers to Cantonese small business owners making these histories of the future visible In so doing the collection intervenes in debates about globalization in the Pacific and how the region is acted on by outside forces and postcolonial debates that emphasize the agency and resistance of Pacific peoples in the context of centuries of colonial endeavor With a view to the effects of the slow violence of climate change the volume also challenges scholars to think about the conditions of possibility for future thinking at all in the midst of a global crisis that promises cataclysmic effects for the region *Pacific Futures* highlights futures conceived in the context of a modernity coproduced by diverse Pacific peoples taking resistance to categorization as a starting point rather than a conclusion With its hospitable approach to thinking about history making and future thinking one that is open to a wide range of methodological epistemological and political interests and commitments the volume will encourage the writing of new histories of the Pacific and new ways of talking about history in this field the region and beyond *The Decade of the Great War* ,2014-05-15 Consisting of twenty three essays *The Decade of the Great War* examines the 1910s as a pivotal period with deep connections both to the imperialist heyday of the 1880s 1890s and to the vibrant global politics commercial expansion and social movements of the 1920s It critically reviews Japan s diplomatic and military relations offering both a reexamination of some of the issues addressed in the earlier scholarship on the war years and a needed sense of the breadth of Japan s new international relations It highlights the importance of transnational approaches to the study of Japan s domestic intra imperial and foreign affairs Together the essays in this volume provide a wide range of perspectives on relations within Asia and between Asian European and North American states Contributors are Isao Chiba Yuehtsen Juliette Chung Evan Dawley Martin Dusenberre Bert Edstr m Sel uk Esenbel Rustin B Gates Tze ki Hon Masato Kimura Chaisung Lim John D Meehan SJ Tosh Minohara Hiromi Mizuno Tadashi Nakatani Sochi Naraoka Yoshiko Okamoto Sumiko Otsubo Ewa Pa asz Rutkowska Caroline Rose J Charles Schencking Chika Shinohara Shusuke Takahara and Sue C Townsend *Where Great Powers Meet* David L. power **The Cambridge History of the Pacific Ocean: Volume 2, The Pacific Ocean since 1800** Anne Perez Hattori, Jane Samson, 2023-01-05 Volume II of The Cambridge History of the Pacific Ocean focuses on the latest era of Pacific history examining the period from 1800 to the present day This volume discusses advances and emerging trends in the historiography of the colonial era before outlining the main themes of the twentieth century when the idea of a Pacific centred century emerged It concludes by exploring how history and the past inform preparations for the emerging challenges of the future These essays emphasise the importance of understanding how the postcolonial period shaped the modern Pacific and its historians *Where Great Powers Meet* David Shambaugh, 2020-11-01 After the end of the Cold War it seemed as if Southeast Asia would remain a geopolitically stable region within the American led order for the foreseeable future In the last two decades however the re emergence of China as a major great power has called into question the geopolitical future of the region and raised the specter of renewed great power competition As the eminent China scholar David Shambaugh explains in *Where Great Powers Meet* the United States and China are engaged in a broad gauged and global competition for power While this competition ranges across the entire world it is centered in Asia In this book Shambaugh focuses on the critical sub region of Southeast Asia The United States and China constantly vie for position and influence across this enormously significant area and the outcome of this contest will do much to determine whether Asia leaves the American orbit after seven decades and falls into a new Chinese sphere of influence Just as importantly to the extent that there is a global power transition occurring from the US to China the fate of Southeast Asia will be a good indicator Presently both powers bring important assets to bear in their competition The United States continues to possess a depth and breadth of security ties soft power and direct investment across the region that empirically outweigh China's For its part China has more diplomatic influence much greater trade and geographic proximity In assessing the likelihood of a regional power transition Shambaugh examines how ASEAN the Association of Southeast Asian Nations and its member states maneuver and the degree to which they align with one or the other power **A World of Empires** Edyta M. Bojanowska, 2018-04-16 Through the lens of a classic Russian travelogue this historical study examines early globalization and Russia's participation in the Imperial race In the 1850s American Commodore Matthew Perry embarked on a legendary expedition to open trade relations with Japan Less well known is the Russian expedition that followed on his heels Serving aboard the Russian Frigate *Pallada* was the novelist Ivan Goncharov who turned his impressions into a bestselling book In *A World of Empires* Edyta Bojanowska uses Goncharov's travelogue as a window onto mid 19th century global imperialism Goncharov recounts experiences in Africa's Cape Colony Dutch Java Spanish Manila Japan and the British ports of Singapore Hong Kong and Shanghai offering keen insight on imperial expansion cooperation and competition Often overlooked in the history of European imperialism Russia emerges here as an increasingly assertive empire eager to position itself on the world stage and fully conversant with the ideologies of civilizing mission and race Goncharov's gripping narrative offers a unique

eyewitness account of empire in action Bojanowska's illuminating analysis reveals both a zeal to emulate European powers and a determination to define Russia against them A Financial Times Best History Book of the Year *The Pacific Basin* Shane J. Defining and Defending the Open Door Policy Gregory Moore, 2015-05-27 There has been little examination of the China policy of the Theodore Roosevelt administration Works dealing with the topic fall either into brief discussions in biographies of Roosevelt general surveys of Sino American relations or studies of special topics such as the Chinese exclusion issue which encompass a portion of the Roosevelt years Moreover the subject has been overshadowed somewhat by studies of problems between Japan and the United States in this era The goal of this study is to offer a more complete examination of the American relationship with China during Roosevelt's presidency The focus will be on the discussion of major issues and concerns in the relationship of the two nations from the time Roosevelt took office until he left something that this book does for the first time Greater emphasis needs to be placed on creating a more complete picture of Teddy Roosevelt and China relations especially in regard to his and his advisers' perceptual framework of that region and its impact upon the making of China policy The goal of this study is to begin that process Special attention is paid to the question of how Roosevelt and the members of his administration viewed China as it is believed that their viewpoints which were prejudicial were very instrumental in how they chose to deal with China and the question of the Open Door The emphasis on the role of stereotyping gives the book a particularly unique point of view Readers will be made aware of the difficulties of making foreign policy under challenging conditions but also of how the attitudes and perceptions of policymakers can shape the direction that those policies can take A critical argument of the book is that a stereotyped perception of China and its people inhibited American policy responses toward the Chinese state in Roosevelt's

Administration While Roosevelt's attitudes regarding white supremacy have been discussed elsewhere a fuller consideration of how his views affected the making of foreign policy particularly China policy is needed especially now that Sino American relations today are of great concern *Crucible of Power* Howard Jones, 2009-03-16 *Crucible of Power A History of American Foreign Relations to 1913* presents a straightforward balanced and comprehensive history of American international relations from the American Revolution to 1913 Howard Jones demonstrates the complexities of the decision making process that led to the rise and decline of the United States relative to the ascent of other nations in world power status Howard Jones focuses on the personalities security interests and expansionist tendencies behind the formulation and implementation of U S foreign policy and highlights the intimate relationship between foreign and domestic policy This updated edition includes revisions and additions aimed at making the book more attractive to students teachers and general readers *The Cambridge World History: Volume 7, Production, Destruction and Connection, 1750-Present, Part 1, Structures, Spaces, and Boundary Making* J. R. McNeill, Kenneth Pomeranz, 2015-04-30 Since 1750 the world has become ever more connected with processes of production and destruction no longer limited by land or water based modes of transport and communication Volume 7 of the Cambridge World History series divided into two books offers a variety of angles of vision on the increasingly interconnected history of humankind The first book examines structures spaces and processes within which and through which the modern world was created including the environment energy technology population disease law industrialization imperialism decolonization nationalism and socialism along with key world regions

The American Neptune , 1997 A quarterly journal of maritime history **Breaking the Engagement** David Shambaugh, 2025 For over three decades following the 1972 rapprochement between the US and China the two countries seemed to be steadily building a stronger relationship even accounting for periodic setbacks like the Tiananmen Square Massacre The last decade though has seen a sharp increase in tensions between the two countries What happened In *Broken Engagement How China Lost America* author David Shambaugh examines the evolution expansion and disintegration of the American engagement coalition and policies toward China **To Rule Eurasia's Waves** Geoffrey F. Gresh, 2020-10-27 The first book to weave Eurasia together through the perspective of the oceans and seas A detailed account of the growing importance of the Chinese Indian and Russian navies and how this competition is playing out in waters stretching from the Indo Pacific area to the Arctic and the Mediterranean Lawrence D Freedman Foreign Affairs Eurasia's emerging powers India China and Russia have increasingly embraced their maritime geographies as they have expanded and strengthened their economies military capabilities and global influence Maritime Eurasia a region that facilitates international commerce and contains some of the world's most strategic maritime chokepoints has already caused a shift in the global political economy and challenged the dominance of the Atlantic world and the United States Climate change is set to further affect global politics With meticulous and comprehensive field research Geoffrey Gresh considers how the melting of the Arctic ice

cap will create new shipping lanes and exacerbate a contest for the control of Arctic natural resources He explores as well the strategic maritime shifts under way from Europe to the Indian Ocean and Pacific Asia The race for great power status and the earth's changing landscape Gresh shows are rapidly transforming Eurasia and thus creating a new world order

Ambassadors in Pinstripes Thomas W. Zeiler, 2006-09-22 In this lively chronicle of the 1888-1889 Spalding world baseball tour Thomas Zeiler examines the roots of the post-1898 American empire by analyzing the ways in which the tour drew on elements of globalization to inject American values and thus power into the international **Imperial San Francisco, With**

a New Preface Gray Brechin, 2006-10-03 First published in 1999 this celebrated history of San Francisco traces the exploitation of both local and distant regions by prominent families the Hearsts de Youngs Spreckelses and others who gained power through mining ranching water and energy transportation real estate weapons and the mass media The story uncovered by Gray Brechin is one of greed and ambition on an epic scale Brechin arrives at a new way of understanding urban history as he traces the connections between environment economy and technology and discovers links that led ultimately to the creation of the atomic bomb and the nuclear arms race In a new preface Brechin considers the vulnerability of cities in the post-9/11 twenty-first century Diplomacy Far Removed: A Reinterpretation of the U.S. Decision to Open

Diplomatic Relations with Japan Bruce Makoto Arnold, 2013-12-27 This study seeks to clarify the impact of the stories of the Lawrence and Lagoda on the decision to send the U.S. mission to Japan After examining the actual narratives of the sailors and comparing them with Japanese reports in order to ascertain a factual baseline the study examines the reaction to the Lawrence and Lagoda by prominent businessmen naval officers and politicians Then the reaction to the Lawrence and Lagoda is placed in the contextual framework of prevailing mid-nineteenth century American social cultural and legal attitudes in order to show that humanitarian concerns were indeed a prime consideration for sending the Perry mission to Japan **A Companion to American Foreign Relations** Robert Schulzinger, 2008-04-15 This is an authoritative volume of

historiographical essays that survey the state of U.S. diplomatic history The essays cover the entire range of the history of American foreign relations from the colonial period to the present They discuss the major sources and analyze the most influential books and articles in the field Includes discussions of new methodological approaches in diplomatic history
