Facts About Judaism Dt:

The Jews Yehuda Bauer,2014 For the last fifty years I have been studying the genocide of the Jews which we call the Holocaust For the last thirty years I have been studying antisemitism and for the last fifteen years genocide generally and ways to prevent it That is the prism through which I view Jewish history past and present I prefer to look at it from a contemporary point of view That is also the way I view human history in general It is quite possible that this view from the present to the past is decisively influenced by the fact that my professional life is determined by the most tragic and serious issues that any historian and most certainly a Jewish one can deal with the Holocaust antisemitism and genocide Yehuda Bauer Series LIT Premium Subject Sociology Jewish Studies History The Halakhah Jacob Neusner,2000 The Halakhah embodies the complete Jewish Law and contains commandments and guidelines for day to day living The original commandments given by God to the Jewish people were enhanced by rabbis to offer a detailed framework to guide the lives of all Jews In this complete all encompassing encyclopaedia of the Halakhah the various laws are classified in such a way that a systematic and coherent structure is obtained Each entry of the Halakhah is presented in a logical fashion Where applicable the original biblical wording is given extended with literal abstracts from the Torah Next problems and questions that may arise from that law are stated and any additional information given Finally each entry gives comprehensive explanations and recommendations as to how these laws are to be observed in daily life where to be and where not to be what to do and what not to do what to say and what not to say The Halakhah or standard Jewish Law combines the Mishnah about 200 CE the Tosefta about 300 CE and the two Talmuds about 400 600 CE for the Land of Israel and Babylon respectively Volumes I and II contain entries pertaining to the Jewish people in relationship to God Volume III explains how the Jewish people can restore and maintain their society in accordance with the Torah as it is explained by the rabbis In Volumes IV and V of this study we take up the life of the Jewish household in their encounter with God The Encyclopaedic account therefore moves from regulating relationships between Israel and God to establishing stable and equitable relationships among Israelites and finally to actually living the Halakhah *Chapters in the Formative History of Judaism, Eighth Series* Jacob Neusner,2012-06-14 This collection of essays draws on work done in 2011 2012 The author takes up several topics in the systemic analysis of Judaism its literature and its theology The reason for periodically collecting and publishing essays and reviews is to give them a second life after they have served as lectures or as summaries of monographs or as free standing articles or as expositions of Judaism in collections of comparative religions This re presentation serves a readership to whom the initial presentation in lectures or specialized journals or short run monographs is inaccessible Some of the essays furthermore provide a pr cis for colleagues in kindred fields of fully worked out monographs Formative Judaism Jacob Neusner,2000 Examines the history philosophy and hermeneutics and law and literature of formative Judaism

Dialogue Against the Jews Petrus Alfonsi, 2006-10 Petrus Alfonsi's Dialogue Against the Jews ca 1109 breaks new ground in the history of Christian anti Jewish polemics As a recent convert from Judaism Alfonsi introduced an intimate knowledge of Jewish literature and contemporary practice absent from earlier Christian sources This knowledge enabled him to attack for the first time the Talmud or more broadly post biblical Jewish literature as a source of Jewish error with arguments drawn from philosophy and theology astronomy medicine and physics Equally important Alfonsi's Dialogue contains an extensive anti Muslim polemic to explain not only why he abandoned Judaism but also why he rejected Islam and chose the Christian faith For these reasons the Dialogue has been described as the most important anti Jewish text of the Latin Middle Ages This assessment is based not only on its innovative argumentation but also on the fact that it was one of the most popular medieval anti Jewish polemics written

The Transformation of Judaism Jacob Neusner, 2011-03-31 Jacob Neusner describes analyzes and interprets the transformation of one system of the Israelite social order by a connected but autonomous successor system He characterizes the successive systems classifying the one as philosophical and the other as religious He explains the categorical account of each and sets forth the outcome of a number of topical studies on the category formations of Rabbinic Judaism with special attention to the social order politics philosophy and economics These systems emerged as 1 autonomous when viewed synchronically 2 connected when seen diachronically and 3 as a continuous construction when seen at the end of their formative age In their successive stages of categorical autonomy connection and finally continuity the three distinct systems may be classified respectively as philosophical religious and theological each one taking over and revising the definitive categories of the former and framing its own fresh generative categories as well The formative history of Judaism is the story of the presentations and re presentations of categorical structures In method it is the exegesis of taxonomy and taxic systems Now after more than two decades Neusner has decided to review the initial statement Since the book summarizes ten years of work from 1980 to 1990
