Animal Magnetism, or Psycodunamy Théodore Leger, 1846 *Animal Magnetism, or Mesmerism; its history, phenomena and present condition; containing practical instructions and the latest discoveries in the science principally derived from a work by W. L. With a supplement containing new and important facts, by C. H. Townshend* William Lang, 1844 The Philosophy of Mesmerism, Or Animal Magnetism K. Dickerson, 2018-08-29 Excerpt from *The Philosophy of Mesmerism or Animal Magnetism Being a Compilation of Facts Ascertained by Experience and Drawn From the Writings of the Most Celebrated Magnetisers in Europe and America Intended to Facilitate the Honest Inquirer After Truth and Promote the Happiness of Mankind*. In the United States, Mesmerism is slowly but regularly advancing. We as a people are much behind the enlightened nations of Europe in a knowledge of this power, but the spirit of inquiry that now operates on the minds of community will continue to progress till the hidden resources of the mind are fully discovered and man occupies that stand in the scale of existence that God and nature intended he should. Mesmerism was first introduced into the United States by Mons Poyens, a French gentleman of fine talents but remarkably reserved in his deportment. He lectured in many towns in New England and although his labors were not crowned with that success he might have anticipated, yet a spirit of inquiry was awakened and seed sown that was to spring up and bear a hundred fold. Mons Poyens was remarkably successful in magnetising Miss Gleason of Pawtucket, who was one of the best magnetic subjects ever produced in the United States.
