Roman Empire on the province of Britannia is ebbing away The imperial administrators and the legions have left but the people who remain must continue their everyday lives as best they can The departing governor of Britannia Prima suddenly appoints Marcus Lucullus Silvanus the son of a regional landowner as his delegate while he travels to Rome When the governor disappears without trace Marcus his wife Hypatia daughter of the missing governor his friends and colleagues struggle to preserve the bankrupt province opposed by the jealous and determined Astrebanus brothers The Romans have gone forever and a new era has begun an era of chaos and decay the era we know as The Dark Ages Gods and Legions Michael Curtis Ford,2007-04-01 The year 354 A D Julian a young scholar in Athens is the last survivor of a bloody political purge that killed his entire family Unexpectedly summoned to the court of the Emperor Constantius he fears the worst only to find himself bearing the ring of Caesar of the Western Empire Tested by bloody battle and the scepticism of the Roman legions Julian proves to be a military genius crushing the German tribes that have threatened Rome for generations Soon after defying his own emperor against overwhelming odds he risks civil war and ultimately seizes the Empire for himself becoming the most powerful man in the world while still only thirty Now the dark side of his ambition emerges Julian discards the Christianity of his boyhood and sets his sights on the greatest conquest of all the Persian Empire In Persia however his gods and his sanity desert him and in one swift stroke the course of history is altered forever Ranging from the forbidding forests of ancient Gaul to the sweltering sands of Persia Gods Legions is a breathtaking historical re creation of

Broken Legions Mark Latham,2016-08-25 The Roman Empire rules the civilised world with an iron fist seemingly all powerful and limitless And yet the power of Rome is secured not by its mighty legions but by small bands of warriors and agents fighting a secret war Tasked by the Emperor to explore ancient temples forgotten labyrinths and beast haunted caverns they seek out artefacts hidden by the gods themselves hunt creatures of myth and face enemies that would use dark magic against the empire Broken Legions is a set of fantasy skirmish rules for a war unknown to history fought in the shadows of the Roman Empire Various factions recruit small warbands to fight in tight scenario driven battles that could secure the mystical power to defend or crush Rome A points system allows factions to easily build a warband and mercenaries and free agents may also be hired to bolster a force Heroes and leaders may possess a range of skills traits and magical abilities but a henchman s blade can be just as sharp and a campaign can see even the lowliest henchman become a hero of renown
