

Finis Farr on Westbrook Pegler

Pegler had formed a vision of a free and noble America in the days of his youth when people still thought such a thing could be. He managed to keep his sympathy for George Lincoln and for "men with wives and kids and operations and mortgages." Pegler began to build inside him when he saw what the rulers had done to his vision of individual liberty, every man for himself. At his best he touched life and wrote of it in concrete terms. He saw through the pomp and court costumes, and used the language of everyday life to attack holders of power who cloaked their greed with high-flown official language. He would tear down their vanity. In this case, he pursued the great clown (Henry) Wallace, turned crooks in uniform, ridiculed presidents, and lampooned Congress and the courts. There is always need for someone like Pegler, who goes on away from the swamps of national self-praise, the worship of authority, and superstitions about the presidency and the flag. All this leaves something more of Pegler than just yesterday's newspaper.

Fair Enough The Life Of Westbrook Pegler:

Fair Enough Finis Farr, 1975 Biography of Westbrook Pegler an American journalist and writer He was a popular columnist in the 1930s and 1940s famed for his opposition to the New Deal and labor unions **Meet Joe Copper** Matthew L. Basso, 2013-07-17 I realize that I am a soldier of production whose duties are as important in this war as those of the man behind the gun So began the pledge that many home front men took at the outset of World War II when they went to work in the factories fields and mines while their compatriots fought in the battlefields of Europe and on the bloody beaches of the Pacific The male experience of working and living in wartime America is rarely examined but the story of men like these provides a crucial counter narrative to the national story of Rosie the Riveter and GI Joe that dominates scholarly and popular discussions of World War II In **Meet Joe Copper** Matthew L Basso describes the formation of a powerful white working class masculine ideology in the decades prior to the war and shows how it thrived on the job in the community and through union politics Basso recalls for us the practices and beliefs of the first and second generation immigrant copper workers of Montana while advancing the historical conversation on gender class and the formation of a white ethnic racial identity **Meet Joe Copper** provides a context for our ideas of postwar masculinity and whiteness and finally returns the men of the home front to our reckoning of the Greatest Generation and the New Deal era **The Partisan Press** Si Sheppard, 2007-11-19

This book is the first to place the contemporary debate over media bias in historical context illustrating how partisan bias in the American media has built political parties set the stage for several wars and even contributed to the rise and fall of U S presidents The author discusses the rise of the unprecedented post World War II model of objective journalism and explains why this model is breaking down under the challenge of a new generation of technology driven partisan media alternatives

War & Press

Freedom Jeffery Alan Smith, 1999 War and Press Freedom The Problem of Prerogative Power is a groundbreaking and provocative study of one of the most perplexing civil liberties issues in American history What authority does or should the government have to control press coverage and commentary in wartime First Amendment scholar Jeffery A Smith shows convincingly that no such extraordinary power exists under the Constitution and that officials have had to rely on claiming the existence of an autocratic higher law of survival Smith carefully surveys the development of statutory restrictions and military regulations for the news media from the ratification of the Bill of Rights in 1791 through the Gulf War of 1991 He concludes that the armed forces can justify refusal to divulge a narrow range of defense secrets but that imposing other restrictions is unwise unnecessary and unconstitutional In any event as electronic communication becomes almost impossible to constrain soldiers and journalists must learn how to respect each other's obligations in a democratic system Reporting from Washington Donald A. Ritchie, 2005-03-15 Beginning with 1932 when a newly elected FDR energized the sleepy capital Ritchie highlights the dramatic changes in journalism that have occurred in the last seven decades We meet legendary columnists and investigative reporters as well as the pioneers of radio television cable television and internet news We also learn about the efforts of female and black reporters to break into what had long been a bastion of white maleness the press corps From Walter Winchell to Matt Drudge the people who cover Washington politics are among the most colorful and influential in American news Reporting from Washington offers an unforgettable portrait of these figures as well as of the dramatic changes in American journalism in the twentieth century **Purple Power** Luís LM Aguiar, Joseph A. McCartin, 2023-01-24 Chartered in 1921 the Service Employees International Union SEIU is a worldwide organization that represents more than two million workers in occupations from healthcare and government service to custodians and taxi drivers Women form more than half the membership while people in minority groups make up approximately forty percent Luís LM Aguiar and Joseph A McCartin edit essays on one of contemporary labor's bedrock organizations The contributors explore key episodes themes and features in the union's recent history and evaluate SEIU as a union with global aspirations and impact The first section traces the SEIU's growth in the last and current centuries The second section offers in depth studies of key campaigns in the United States including the Justice for Janitors and Fight for 15 movements The third section focuses on the SEIU's work representing low wage workers in Canada Australia Europe and Brazil An interview with Justice for Janitors architect Stephen Lerner rounds out the volume Contributors Luís LM Aguiar Adrienne E Eaton Janice Fine Euan Gibb Laurence Hamel Roy Tashlin Lakhani Joseph A McCartin Yanick Noiseux Benjamin L Peterson Allison Porter Alyssa May Kuchinski Maite Tapia Veronica Terriquez and Kyoung Hee Yu Today's White Collar Crime Hank J. Brightman, 2011-04-06 Written as a text for undergraduate courses this book appeals to instructors interested in teaching the field of white collar crime both from a matter of fact investigative perspective as well as a decidedly academic endeavor Accordingly it goes beyond discussing the basic theories and typologies of commonly encountered offenses such as fraud forgery embezzlement

and currency counterfeiting to include the legalistic aspects of white collar crime It also explores the investigative tools and analytical techniques needed if students wish to pursue careers in this field Because of the inextricable links between abuse of trust crimes such as misuse of government office nepotism and bribery and the realm of corporate corruption these issues are also included The text also maintains a connection between white collar crime and acts of international terrorism as well as the more controversial aspects of possible abuses of power within the public arena posed by the USA Patriot Act of 2001 and the asset forfeiture process Adapted readings at the end of each chapter provide readable cases of white collar crime in action to illustrate the principles theories presented Activities Exercises and Photographs are also included in each of the 10 chapters and a Companion Web Site provides additional test items and other instructor support material **Bright Light**

City Larry Gragg, 2013-04-04 When Elvis crooned Bright light city gonna set my soul on fire he voiced and embraced the siren call of a glittering urban utopia that continues to mesmerize millions Call it Sin City or Lost Wages Las Vegas definitely deserves its rapturous Viva Larry Gragg however invites readers to view Las Vegas in an entirely new way While countless other authors have focused on its history or gaming industry or entertainment ties Gragg considers how popular culture has depicted the city and its powerful allure over its first century Drawing on hundreds of films television programs novels and articles Gragg identifies changing trends in the city's portraits Until the 1940s boosters promoted it as the last frontier town a place where prospectors and cowboys enjoyed liquor women and wide open gambling Then in the early 1950s commentators increasingly characterized Las Vegas as a sophisticated resort city in the desert and ever since then journalists filmmakers and novelists have depicted a city largely built by organized crime and featuring non stop entertainment gambling luxury and of course beautiful and available women In Gragg's narrative these images form a kaleidoscope of lights sounds characters and ultimately amazement about this neon oasis In these pages readers will meet gangsters like Bugsy Siegel Tony Spilotro and Lefty Rosenthal as well as Las Vegas's most popular entertainers Elvis Presley Sinatra's Rat Pack Liberace and Wayne Newton not to mention the Folies Bergere showgirls And Gragg's skillful interweaving of fictional and journalistic accounts of organized crime shows just how mutually reinforcing they have become over the years Vegas will always make people's eyes light up as bright as the Strip witness the new TV show Vegas or the recent film The Hangover For everyone entranced by its glitter and glamour Bright Light City is a must read boasting color photos and bursting with insider details an eclectic blend of stories people sights and sounds that together make up this desert city's extraordinary appeal **Breaking Protocol**

Philip Nash, 2020-01-21 It used to be soon to be secretary of state Madeleine K Albright said in 1996 that the only way a woman could truly make her foreign policy views felt was by marrying a diplomat and then pouring tea on an offending ambassador's lap This world of US diplomacy excluded women for a variety of misguided reasons they would let their emotions interfere with the task of diplomacy they were not up to the deadly risks that could arise overseas and they would be unable to cultivate the social contacts vital to success in the field The men of the

State Department objected but had to admit women including the first female ambassadors Ruth Bryan Owen Florence Daisy Harriman Perle Mesta Eugenie Anderson Clare Boothe Luce and Frances Willis These were among the most influential women in US foreign relations in their era Using newly available archival sources Philip Nash examines the history of the Big Six and how they carved out their rightful place in history After a chapter capturing the male world of American diplomacy in the early twentieth century the book devotes one chapter to each of the female ambassadors and delves into a number of topics including their backgrounds and appointments the issues they faced while on the job how they were received by host countries the complications of protocol and the press coverage they received which was paradoxically favorable yet deeply sexist In an epilogue that also provides an overview of the role of women in modern US diplomacy Nash reveals how these trailblazers helped pave the way for more gender parity in US foreign relations
