Fair Land Sarawak Some Recollections Of An Expatriate Official:

Fair Land Sarawak Alastair Morrison,2018-05-31 An officer's first person account of British colonial disengagement from Sarawak Morrison explains the daily bureaucracy of colonial life from an inside perspective and details the changes that occurred during his years in Sarawak the growth and expansion of Communist movements the emerging modernization of various districts and the formation of Malaysia *Malaysia* A. J. Stockwell,2004 The main purpose of the British Documents on the End of Empire Project BDEEP is to publish documents from British official archives on the ending of colonial rule and the context in which this took place This publication explores events in the Southeast Asia region from the establishment of an independent state of Malaya in 1957 to the creation of Malaysia in 1963 and British foreign policy objectives with regards to the territories of Malaya Singapore and Borneo

Transnational Lives Anne-Meike Fechter,2016-02-24 Privileged migrants such as expatriates living abroad are typically associated with lives of luxury in exotic locations This fascinating and in depth study reveals a more complex reality By focusing on corporate expatriates the author provides one of the first book length studies on transnationalism from above The book draws on the author's extended research among the expatriate community in Jakarta Indonesia The findings which relate to expatriate communities worldwide provide a nuanced analysis of current trends among a globally mobile workforce While acknowledging the potentially empowering impact of transnationalism the author challenges current paradigms by arguing that the study of elite migration shows that transnational lives do not always entail fluid identities but the maintenance of boundaries of body race and gender The rich ethnographic data adds a critical dimension to studies of migration and transnationalism filling a distinct gap in terms of theory and ethnography Written in an engaging and accessible style the book will be of interest to academics and students particularly in anthropology migration studies and human geography

The Land of Gold Judith M. Bovensiepen, 2018-08-06 In the village of Funar located in the central highlands of Timor Leste the disturbing events of the twenty four year long Indonesian occupation are rarely articulated in narratives of suffering Instead the highlanders emphasize the significance of their return to the sacred land of the ancestors a place where gold is abundant and life is thought to originate On one hand this collective amnesia is due to villagers exclusion from contemporary nation building processes which bestow recognition only on those who actively participated in the resistance struggle against Indonesia On the other hand the cultural revival and the privileging of the ancestral landscape and traditions over narratives of suffering derive from a particular understanding of how human subjects are constituted Before life and after death humans and the land are composed of the same substance only during life are they separated To recover from the forced dislocation the highlanders experienced under the Indonesian occupation they thus seek to reestablish a mythical primordial unity with the land by reinvigorating ancestral practices Never leaving out of sight the intense political and emotional dilemmas imposed by the past on people's daily lives The Land of Gold seeks to go beyond prevailing theories of postconflict reconstruction that prioritize human relationships Instead it explores the significance of people's affective and ritual engagement with the environment and with their ancestors as survivors come to terms with the disruptive events of the past

Dependent Communities Caroline Hughes, 2018-05-31 *Dependent Communities* investigates the political situations in contemporary Cambodia and East Timor where powerful international donors intervened following deadly civil conflicts. This comparative analysis critiques international policies that focus on rebuilding state institutions to accommodate the global market. In addition, it explores the dilemmas of politicians in Cambodia and East Timor who struggle to satisfy both wealthy foreign benefactors and constituents at home, groups whose interests frequently conflict. Hughes argues that the policies of Western aid organizations tend to stifle active political engagement by the citizens of countries that have been torn apart by war. The neoliberal ideology promulgated by United Nations administrations and other international NGOs advocates state sovereignty, but in fact, sovereignty is too flimsy a foundation for effective modern democratic politics. The result is an oppressive peace that tends to rob survivors and former resistance fighters of their agency and aspirations for genuine postwar independence. In her study of these two cases, Hughes demonstrates that the clientelist strategies of Hun Sen, Cambodia's postwar leader, have created a shadow network of elites and their followers that has been comparatively effective in serving the country's villages, even though so often coercive and corrupt. East Timor's postwar leaders, on the other hand, have alienated voters by attempting to follow the guidelines of the donors closely and ignoring the immediate needs and voices of the people. *Dependent Communities* offers a searing analysis of contemporary international aid strategies based on the author's years of fieldwork in Cambodia and East Timor.

Phan Chau Trinh and His Political Writings Phan Chau Trinh, 2018-05-31 Phan Chau Trinh (1872-1926) was the earliest proponent of democracy and popular rights in Vietnam. Throughout his life, he favored a moderate approach to political change and advised the country's leaders to seek gradual progress for Vietnam within the French colonial system. Unlike many of his contemporaries, he did not favor anti-French military alliances or insurgent military resistance, arguing that to depend on foreign help is foolish and to resort to violence is self-destructive. As a result of his exposure to Chinese reformist literature, Phan Chau Trinh assigned top priority to promoting democracy and human rights and to improving Vietnamese people's lives. He believed that true independence could only be achieved by changing the Vietnamese political culture, and he articulated penetrating criticism of the corruption and superficiality of Vietnam's officials. His emphasis on changing the fundamental values governing the ruling class's behavior, as well as his skepticism regarding anticolonial resistance, set Phan Chau Trinh apart from his contemporaries and mark him as a true revolutionary. Vinh Sinh's masterly introduction to Phan Chau Trinh's essays illuminates both this turbulent era and the courageous intelligence of the author.
