scrubbed kitchen floors and stocked supermarket shelves Federal mortgage programs helped some families buy orderly single family homes and enter the middle class but also underwrote landlord efforts to cram poor families into suburban attics basements and sheds Keogh explores how policymakers ignored suburban inequality addressing housing segregation between cities and suburbs rather than suburbanites demands for decent jobs housing and schools By turning our attention to the suburban poor Keogh reveals poverty wasn't just an urban problem but a suburban one too In Levittown's Shadow deepens our understanding of suburbia's history and points us toward more effective ways to combat poverty today

Rose, 2019-01-08 Recent debates about inequality have focused almost exclusively on the distribution of wealth and disparities in income but little notice has been paid to the distribution of free time Free time is commonly assumed to be a matter of personal preference a good that one chooses to have more or less of Even if there is unequal access to free time the cause and solution are presumed to lie with the resources of income and wealth In Free Time Julie Rose argues that these views are fundamentally mistaken First Rose contends that free time is a resource like money that one needs in order to pursue chosen ends Further realizing a just distribution of income and wealth is not sufficient to ensure a fair distribution of free time Because of this anyone concerned with distributive justice must attend to the distribution of free time On the basis of widely held liberal principles Rose explains why citizens are entitled to free time time not committed to meeting life's necessities and instead available for chosen pursuits The novel argument that the just society must guarantee all citizens their fair share of free time provides principled grounds to address critical policy choices

including work hours regulations Sunday closing laws public support for caregiving and the pursuit of economic growth Delving into an original topic that touches everyone Free Time demonstrates why all citizens have in the words of early labor reformers a right to hours for what we will     Statutes of California and Digests of Measures California,2000     Ethical Theory Heimir Giersson,Margaret Holmgren,2000-06-28 This anthology is designed for use as a brief introduction to ethical theory Included are sections on various forms of ethical theory Ethical Relativism Divine Command Theory Egoism Consequentialism Deontology Justice Virtue Ethics and Feminist Ethics Each section includes two or three of the most important and interesting contributions to the field together with brief introductions by the editors A final section Theories in Practice consists of five selections on the issues of abortion world poverty and affirmative action     **1988 FISAP Workshop** ,1988     **Taxing America** Karen B.
