## **Fairy Tales Are Real:**

**The True Stories Behind Your Favorite Fairy Tales & Nursery Rhymes** Cindy Parmiter, 2022-06-02 If you've ever wondered if the fairy tales and nursery rhymes you grew up on have any basis in reality this book holds the answers you seek. Included in this collection are the real life events that inspired the exploits of Little Red Riding Hood, Snow White, Rapunzel, Hansel and Gretel, Little Jack Horner, Peter Pumpkin Eater, Beauty and the Beast, Mary Quite Contrary, and Bluebeard to name only a few. So if you're looking for the grain of truth hidden within these and other fantastic tales you've come to the right place. Be prepared however to learn that a surprising number of these heartwarming adventures did not originate in a place of light but were instead born of the darkness. *The Truth About* Stephen Curtis, 2016-08-01 Throughout times people have told stories and tales. At first these tales were told orally. Oral tradition or oral lore, as it may be known, is a form of human communication wherein knowledge and cultural material is received, preserved, and transmitted orally from one generation to another. This transmission is through speech or song and may include folktales and fairy tales. They were passed on from father to son or mother to daughter. One generation after another could enjoy these tales. These stories that we heard as small children were usually folktales and fairy stories. Tales that our parents and their parents heard when they were young passed down through the generations. They were stories of hopes and dreams of meetings with giants, wicked witches, and goblins that inflict harm. Or kind fairies and dragons who restore peace and order. But not all these stories were faithfully reproduced. Some for one reason or another were changed, and one could even say twisted. Was it to protect the guilty? Unfortunately, the reasons are lost, and we may never find out. It was only by being diligent and refusing to give up the pursuit of truth that I stumbled on these few accounts of what really happened. I can only hope that you, the reader, can understand the agony these persons who were falsely portrayed suffered in their lifetime. I can only present the truth here and let you be the judge. **Index to Fairy Tales, Myths and Legends** Mary Huse Eastman, 1915 [The Hard Facts of the Grimms' Fairy Tales](#) Maria Tatar, 2003 Throughout the book Tatar employs the tools not only of a psychoanalyst but also of a folklorist, literary critic, and historian to examine the harsher aspects of these stories. She presents new interpretations of the powerful stories in this book. Few studies have been written in English on these tales, and none has probed their allegedly happy endings so thoroughly. **BOOK JACKET** **Fairy Tale** Marina Warner, 2018 Marina Warner guides us through the rich world of fairy tale from Cinderella and Hansel and Gretel to Snow White and Pan's Labyrinth. Exploring pervasive themes of folklore, myth, the supernatural, imagination, and fantasy, Warner highlights the impact of the genre on human understanding, history, and culture. **Fairy Tales and Feminism** Donald Haase, 2004 In the 1970s, feminists focused critical attention on fairy tales, broke the spell that had enchanted readers for centuries by exposing the role of the fairy tale in the cultural struggle over gender. This book revisits feminist criticism, offers a new evaluation of its merits. *Can Fairy Tales Be Real?* Cinthia Hiett, 2017-01-30 In this very personal book, Cinthia shares stories and insights from her childhood into adulthood.
