A Stunning World of Faith, Family, and Friendship- and The Unforeseeable Ronald C. Leadbetter, 2023-04-26 Much of the world we live in is perceived by many as dangerous and unfriendly Well into his early adulthood the author thought so to the extent that he had little interest in traveling outside the boundaries of his homeland He certainly lacked any interest whatsoever in traveling

overseas While the author travelled extensively throughout the United States for work related as well as personal purposes preplanning of trip details was the norm Assistance of tourist agencies was utilized regularly in order to assure comfort and safety Overnight accommodations were almost always prearranged All plans focused on assuring comfort and convenience While the author proclaimed Christian faith early in his professional career that proclamation did not extend to sharing that faith with others outside the United States or even locally outside the author s comfort zone The author refrained from personally interacting with people of unfamiliar cultures let alone those in foreign locales deemed difficult or even impossible to reach and interact with Then an incredible transformation took place in the author s life Roughly thirteen years into the author s professional career his fear of the unknown and unfamiliar cultures was miraculously removed from his being Shortly after his staunch commitment to advance planning of trip details was eradicated little by little Following the removal of fear of the unknown from the author s persona he was time and again drawn into experiences falling further and further outside his previous comfort zone Over time the author was increasingly blessed with amazing new friendships overseas wonderful ties with families abroad and incredible faith sharing opportunities in foreign lands independent travels that have taken him to nearly ninety countries worldwide Ron s amazing interactional experiences were regularly intertwined with stunning events most would describe as unpredictable inconceivable or even impossible and virtually always unforeseeable Hence the title of this book A Stunning World of Faith Family and Friendship and the Unforeseeable In many instances the experiences described in these pages might appear to be grossly exaggerated or even fabricated Hence the inclusion of numerous photos documenting the stunning truth

Faith, Family, Furry, and Fire Brad Zervas, 2022-09-18 Brad Zervas reveals something quite different from his previous literary efforts in Faith Family Furry and Fire While his other books focus on practical ways to raise our boys and support our fathers this work explores the Way of St Francis and the belief that all living things deserve our consideration When embraced this idea could lead us to a more just and sustainable world order As an ecologist defender of plants and animals and as a man who turned away from material riches St Francis discovered that all living things exist in the dominion of his Father He blazed a trail that others have tried to follow for centuries The author observes that while we have worked tirelessly to find ways to divide ourselves into specific groups with the intent of somehow elevating ourselves so that God sees us and not the other it has always been the other that has been able to show us the depths and possibilities of kindness He concludes that faith family fire and furry remain embedded in our lives the four basic elements that knowingly and unknowingly comprise the very chemistry that shapes us pilgrims each walking toward our last and final surrender
