**Faith Work Under Dr. Cullis, in Boston** W. Boardman, 2023-07-21 Reprint of the original first published in 1874 Apocalypse Explained Emanuel Swedenborg, 2013-11-19 This writing was left unpublished at Swedenborg's death although it had apparently been carefully prepared for publication Except towards the end it is almost exclusively an exposition of the spiritual sense of Scripture Not only is every phrase in the Apocalypse as far as covered separately explained but thousands of passages gathered from all parts of the Word are quoted and expounded These expositions close with the tenth verse of the nineteenth chapter Towards the end extended doctrinal discussions are introduced Both for its exposition of passages of Scripture and for its doctrinal statements this is an exceedingly important and valuable work It is especially instructive in its expositions of the Psalms the Prophets and the Gospels Faith and Philosophy Henry Boynton Smith, 1877 Ecclesiasticus II George Dion Dragas, 2005 Ecclesiasticus Prayer brings together essays which were delivered on various occasions and are arranged into four general topics hence the subtitle The first section on Icons offers an introductory lecture on the iconoclastic dispute with a select updated bibliography and a fresh exposition on the basis of the original text of St John of Damascus Defense of the Icons The second section on Saints represents an introduction to Orthodox Hagiography which was prepared for the Orthodox Reformed Dialogue and offers an extensive bibliography on the subject The third section on Feasts is a general

presentation of the major movable and immovable feasts of the Orthodox liturgical years and dovetails with the section on the Saints Finally the fourth section on Prayer offers two expositions of the Lord's Prayer one by St Maximos the Confessor and another by St Macarios of Corinth which are representative of the patristic understanding of this Prayer that constitutes the basis of Orthodox spirituality

**Church in China: Faith, Ethics, Structure** Aiming Wang, 2009 The Protestant Church in China is growing very fast However the role of the Church in society is still fragile and marginal The Church needs a strong ethical and structural development This study analyses the theological ethical and ecclesiological heritage of the Reformation and it shows how this can build the foundation for the future of the Church in China Four models serve as orientation the Reformers Luther and Calvin and the theologians Bonhoeffer and Barth in the 20th century with their vision of Christian faith and a humane society The critical analysis of the missionary heritage since the 19th century shows its contribution for the acceptance of the tradition of the Reformation for the growing Church in China The author combines this theological and ethical perspective with the inculturation in the strong ethical tradition of the Chinese culture He proposes the encounter between the spirituality of the Western culture and that of the traditional culture of China through the relationship with Confucianism The book also offers elements for the dialogue around modern values such as human rights and civil society In this dialogue Chinese Protestantism can play more and more an important role
