Faith In Doubt Non Realism And Christian Belief:

Faith in Doubt David A. Hart,1993 **A Companion to Anglican Eucharistic Theology** Brian Douglas,2011-11-25
Anglican eucharistic theology varies between the different philosophical assumptions of realism and nominalism This book presents case studies from the Reformation to the Nineteenth Century and avoids the hermeneutic idealism of particular church parties by critically examining the Anglican eucharistic tradition *God in the Act of Reference* Erica Appelros,2017-03-02 To claim to believe in God without accepting that God exists independently of human minds would mean reducing God to merely a human construct thus not real enough for being the object of religious worship This book sets out to challenge this common view on existence and religious belief Arguing from concrete examples of language use in children s make believe play and other ordinary situations Erica Appelros suggests that what makes us consider something to be real involves our capacities to relate to our surroundings not only on grounds of their physical characteristics but also on grounds of human construction This book makes a substantial contribution to the contemporary debate within philosophy of religion on religious realism and non realism and suggests innovative and constructive solutions to the perennial philosophical and religious issue of what is meant by talking about God and God s existence *A Concise Encyclopedia of the Philosophy of Religion* Anthony C. Thiselton,2014-10-01 Covering thinkers from Plato to Freud offering detailed explanations of key themes such as evil and outlining clear definitions of complex ideas like the doctrine of analogy this is a comprehensive reference tool for all those studying or interested in the philosophy of religion **Real Ethics** John M. Rist,2002 This 2001 book is a powerful defence of an ethical theory based on a revised version of Platonic realism **Christian Polytheism?** Paul Hedges,2024-09-01 This book is a theological and political exploration of how Christianity may be compatible with polytheism arguing that there is no singular orthodoxy rather we see polyodoxy Conceptually deconstructing the distinction between monotheism and polytheism it advances multi devotionalism and mono devotionalism as analytically preferable terminology It starts by exploring notions of polytheism in the Old er Testament New er Testament and Christian developments of the Trinity over subsequent centuries before placing Christianity in comparative dialogue with Islam Judaism and Hinduism Employing a decolonial and feminist stance the book proceeds to examine global Christianities focusing on African and Asian theologies as well as Goddess traditions It concludes by offering five options for developing a theology of Christian polytheism Henotheist originalism theologies of plurality generous orthodoxy atheistic Christian polytheism and a theology of polytheistic excess This original and compelling volume is essential reading for scholars of Christian Systematic Theology and Modern Theology *Origins of Difference* Elaine Storkey,2019-07-11 In what ways are women and men different Where do these differences originate In this book Elaine Storkey uncovers the foundational assumptions and presuppositions that lie beneath gender issues and builds a cohesive model for a biblical view of men and women **Philosophy and Education:** Paul Smeyers,J.D. Marshall,2013-03-14 Many books have been written about Wittgenstein s philosophy but this collection of

articles on Wittgenstein and education is the first study in book form in this area There have been several articles in scholarly education journals but the special cachet of this collection is that the contributors come from six countries The collection has been edited by Paul Smeyers and Jim Marshall philosophers of education who live in Belgium and New Zealand respectively Each of the chapters represents an original study of Wittgenstein commissioned by the editors from colleagues they know to have written well on Wittgenstein and the implications of his ideas for education Audience Teachers students and academics in the field of philosophy and education Especially interesting to advanced students in these areas *Created Or Constructed?* Elaine Storkey,2001 Presents the issue of gender from biblical biological and cultural perspectives and provides the reader with an historical and theoretical context within which to engage in a constructive dialogue on the issue of gender in religion Storkey includes in her discussion psychological sociological and philosophical issues **Liberalism, Education and Schooling** T.H. McLaughlin,2017-03-27 A tribute collection of essays edited by author s colleagues and friends **Epworth Review** ,1995 **Christian Fiction and Religious Realism in the Novels of Dostoevsky** William Peter van den Bercken,2011 This study offers a literary analysis and theological evaluation of the Christian themes in the five great novels of Dostoevsky Crime and Punishment The Idiot The Adolescent The Devils and The Brothers Karamazov Dostoevsky s ambiguous treatment of religious issues in his literary works strongly differs from the slavophile Orthodoxy of his journalistic writings In the novels Dostoevsky deals with Christian basic values which are presented via a unique tension between the fictionality of the Christian characters and the readers experience of the existential reality of their religious problems **Religion in a Changing Europe** Maria Marczevska-Rytko,2003 Fundamental Theology Gerald O'Collins,2001-06-26 This book is an updated investigation of the central themes of fundamental theology revelation hermeneutics faith and its formulations and the role of authoritative teaching in the Church In a clear and balanced manner Gerald O Collins sums up the best of Roman Catholic teaching since Vatican II Students and others who are reflecting on the nature of their Christian belief will find this book invaluable The unique quality of this work however is its foundation in human experience Before he probes the theological issues O Collins lays down a groundwork for understanding experience It is not an attempt to turn fundamental theology into a subjective science but it is a recognition that the reality of God always intersects with self conscious human beings While it does not touch all of the themes of fundamental theology the book does provide in depth treatment of revelation tradition and inspiration **The Realist Hope** Christopher J. Insole,2016-02-24 Taking into consideration analytical continental historical post modern and contemporary thinkers Insole provides a powerful defence of a realist construal of religious discourse Insole argues that anti realism tends towards absolutism and hubris Where truth is exhausted by our beliefs about truth there is no conceptual space for doubting those beliefs only a conception of truth as absolute given and accessible can guarantee the very humility sense of fallibility and sensitivity to difference that the anti realist rightly values Cutting through some of the tired and well rehearsed debates in this area Insole provides a

fresh perspective on approaches influenced by Wittgenstein Kant and apophatic theology The defence of realism offered is unusual in being both analytically precise and theologically sensitive with a view to some of the wider and less well explored cultural ethical and political implications of the debate **Sharing in the Divine Nature** Keith Ward,2020-05-22 A defense of the New Testament view that all things are to be united in Christ which entails that the ultimate destiny of the universe and of all that is in it is to be united in God Keith Ward argues that this conflicts with classical ideas of God as simple impassible and changeless ideas that many modern theologians espouse and which Ward subjects to careful and critical scrutiny He defends the claim that the cosmos contributes something substantial to and in that way changes the divine nature and the cosmos is destined to manifest and express the essential creativity and relationality of a God of beatific agapic redemptive and unitive love *Philosophy of Religion for A2 Level* Michael B. Wilkinson,Hugh N. Campbell,2009-07-07

Dare We Speak of God in Public? Frances Margaret Young,1995 Religion has become a private and personal matter in today s society God is not expected to make an appearance in public debate on issues such as education ecology or politics This book based on the 1994 Cadbury Lectures looks at the contribution theology can make to public debate Each contributor approaches the dilemma of why God language has become marginalized in our society from the area of their own expertise Although none sidesteps the reality of a very much reduced emphasis on religious life and values this book provides a positive vision of the value of religious concepts in public life *Plantinga's 'Warranted Christian Belief'* Dieter Schönecker,2015-10-16 Alvin Plantinga s Warranted Christian Belief has very quickly become one of the most influential books in philosophy of religion In this collection of essays German philosophers theologians and a mathematician deal critically with several aspects of Plantinga s seminal work In a long essay Plantinga answers to these critics **Lesslie Newbigin** Lesslie Newbigin,2006 Monumental figure in the twentieth century worldwide church Internationally esteemed British pastor and missionary theologian Ecumenical statesman and prolific writer Lesslie Newbigin 1909 1998 was all of these and more This reader fills a long standing need for a comprehensive introduction to Newbigin and his legacy Opening with a short biography of Newbigin and a discussion of his major theological and missiological themes the volume sets selected readings in context with brief introductions and offers suggestions for further reading from Newbigin s corpus Praise for Lesslie Newbigin and his writings Newbigin has made a bold and major step forward in the debate on Christianity pluralism and Western self understanding Lamin Sanneh in *The Christian Century*When my students finally realize what Newbigin is saying they panic When they realize that even the most faithful circles they know have been seduced by sectarianism solipsism Gnosticism and nihilism they worry that apostasy is unavoidable Yet despite the surrounding darkness Newbigin never loses hope because he stays focused on the light that has come Telford Work in *Pro Ecclesia*Newbigin is most impressive indeed awesome when defending the universality of the Christian gospel and exposing the muddleheadedness and loss of nerve that have turned many Western churches into domestic chaplaincies rather than

launching pads for cross cultural mission at home and abroad Vinoth Ramachandra in Themelios Seeing both liberal and fundamentalist Christians imprisoned in the epistemological presuppositions of the Enlightenment Lesslie Newbigin offers them liberation by pointing to the fiduciary character of all human knowledge The best form of apologetics he contends is the preaching of the particular yet universal gospel Geoffrey Wainwright on Newbigin's Proper Confidence
