*Stories of Desire and Narratives of Faith* Victor Hunter, Lanny Hunter, 2019-04-02 Stories are the foundation for identity and the ground of understanding Stories of Desire and Narratives of Faith addresses humankind s search for identity and meaning through the stories of science and religion Both arose in the mists of history Both are awe inspiring Both beggar the imagination Both have always competed for authority Science gained preeminence in our postmodern pluralistic globalized world as evidenced based while religion for many reasons lost credibility Yet religion has not disappeared Stories is a concise engaging inspiring accessible account of the history of science geological and biological evolution perceived through increasingly sophisticated technology and the history of nine text based world religions of antiquity Stories avoids insider language democratizing both God talk and scientific jargon without patronizing either There is no attempt to identify the best or truest religion and Stories disavows dogmatic religious triumphalism The authors do follow the tradition of giving an account of their Christian faith the only religious story with which they have experience They invite others to do the same paying attention to their own stories as they grapple with modern science do theology and engage faith Stories proposes how and in what manner these

Brooks Holifield, 2019-02-28 As E Brooks Holifield notes in his introduction John Wesley the founder of the Methodist movement would have relished the opportunity to write this volume He recognized the power of religious traditions and he thought that issues of health and medicine were profoundly interwoven into the texture of religious faith All ten themes that have concerned this series healing and well being suffering and madness passages and sexuality dying and caring morality and dignity were among the topics that Wesley believed should interest Christians In the attempt to show how a Wesleyan understanding of theology might inform a modern Methodist sensibility the author has structured his treatment of Health and Medicine in the Methodist Tradition around the polarities of health and healing holiness and happiness penalty and promise love and law restraint and responsibility and possibility and limit These are not to be construed as opposites or as mutually exclusive extremes Each member of each pair

both checks and enriches the other They provide a way of establishing boundaries they mark the way of a journey the way of salvation or the way of love      **How Millennials Can Lead Us Out of the Mess We're In** Mordecai Schreiber,Iqbal
