Faith Without Certainty Liberal Theology In The 21st Century:

Faith Without Certainty Paul B. Rasor, 2005 An Introduction to the Unitarian and Universalist Traditions Andrea Greenwood, Mark W. Harris, 2011-08-11 How is a free faith expressed organised and governed How are diverse spiritualities and theologies made compatible What might a religion based in reason and democracy offer today's world This book will help the reader to understand the contemporary liberal religion of Unitarian Universalism in a historical and global context Andrea Greenwood and Mark W Harris challenge the view that the Unitarianism of New England is indigenous and the point from which the religion spread Relationships between Polish radicals and the English Dissenters existed and the English radicals profoundly influenced the Unitarianism of the nascent United States Greenwood and Harris also explore the US identity as Unitarian Universalist since a 1961 merger and its current relationship to international congregations particularly in the context of twentieth century expansion into Asia Systematic Atheology John R. Shook, 2017-12-01 Atheology is the intellectual effort to understand atheism defend the reasonableness of unbelief and support nonbelievers in their encounters with religion This book presents a historical overview of the development of atheology from ancient thought to the present day It offers in depth examinations of four distinctive schools of atheological thought rationalist atheology scientific atheology moral atheology and civic atheology John R Shook shows how a familiarity with atheology's complex histories forms and strategies illuminates the contentious features of today's atheist and secularist movements which are just as capable of contesting each other as opposing religion The result is a book that provides a disciplined and philosophically rigorous examination of atheism's intellectual strategies for reasoning with theology Systematic Atheology is an important contribution to the philosophy of religion religious studies secular studies and the sociology and psychology of nonreligion

Elite: Uncovering Classism in Unitarian Universalist History , Marilynne Robinson Rachel Sykes, Anna Maguire Elliott, Jennifer Daly, 2022-03-29 Best known for a trilogy of historical novels set in the fictional town of Gilead Iowa Marilynne Robinson is a prolific writer teacher and public speaker who has won the Pulitzer Prize and was awarded the National Humanities Medal by Barack Obama This collection intervenes in Robinson's growing critical reputation pointing to new and exciting links between the author the historical settings of her novels and the contemporary themes of her fictional educational and theoretical work Introduced by a critical discussion from Professors Bridget Bennett Sarah Churchwell and Richard King Marilynne Robinson features analysis from a range of international academics and explores debates in race gender environment critical theory and more to suggest new and innovative readings of her work A Pedagogy of Faith Irwin Leopando, 2017-07-13 This is the first book length study in English to investigate Freire's landmark educational theory and practice through the lens of his lifelong Catholicism A Pedagogy of Faith explores this often overlooked dimension of one of the most globally prominent and influential educational thinkers of the past fifty years Leopando illustrates how vibrant currents within twentieth century Catholic theology shaped central areas of Freire's thought and activism especially his view

of education as a process of human formation in light of the divinely endowed vocation of persons to shape culture society and history With the contemporary resurgence of authoritarian political and cultural forces throughout much of the world Freire s theologically grounded affirmation of radical democracy social justice historical possibility and the absolute dignity of the human person remains as vital and relevant as ever

Historical Dictionary of Unitarian Universalism Mark W. Harris,2018-08-31 The Unitarian Universalist religious movement is small in numbers but has a long history as a radical reforming movement within Protestantism coupled with a larger liberal social witness to the world Both Unitarianism and Universalism began as Christian denominations but rejected doctrinal constraints to embrace a human views of Jesus an openness to continuing revelation and a loving God who they believed wanted to be reconciled with all people In the twentieth century Unitarian Universalism developed beyond Christianity and theism to embrace other religious perspectives becoming more inclusive and multi faith Efforts to achieve justice and equality included civil rights for African Americans women and gays and lesbians along with strident support for abortion rights environmentalism and peace Today the Unitarian Universalist movement is a world wide faith that has expanded into several new countries in Africa continued to develop in the Philippines and India while maintaining historic footholds in Romania Hungary England and especially the United States and Canada This second edition of Historical Dictionary of Unitarian Universalism contains a chronology an introduction an appendix and an extensive bibliography The dictionary section has over 400 cross referenced entries on people places events and trends in the history of the Unitarian and Universalist faiths including American leaders and luminaries important writers and social reformers This book is an excellent resource for students researchers and anyone wanting to know more about Unitarian Universalism

Reclaiming Prophetic Witness Paul B. Rasor,2012 [Clashing Worldviews in the U.S. Supreme Court](#) James Davids,Erik Gustafson,Sherena Arrington,2021-10-19 Contrasting two Protestant justices who hold distinctively different worldviews Chief Justice William H Rehnquist and Justice Harry A Blackmun this book explores how each came to hold his worldview how each applied it in Supreme Court rulings and how it led them to differing outcomes for liberty equality and justice This clash of worldviews between Rehnquist whose religious and philosophical influences were anchored in the Reformation and Blackmun whose Reformation theology was modified by Enlightenment philosophy provide the context to examine the true nature of justice liberty and equality and to consider how such ideals can be maintained in a society with increasingly divergent worldviews

Christian Voices in Unitarian Universalism Kathleen Rolenz,2006 Fifteen personal stories from laity and clergy alike show what it means to be a Unitarian Universalist Christian today These men and women arrive at their faith by many paths influenced by the Bible Jesus Christ Superstar and even the Bernstein Mass Here is a fresh and much needed look at UU Christians who for decades have kept the work and spirit of Christianity alive in our liberal religion Foreword by Carl Scovel

[In the Middle of a Journey](#) Richard S. Gilbert,2013-04-17 The role of religious education faith development among Unitarian Universalists marks the uniqueness

of this religious movement Without dependence on dogma or creed it is essential that a religious community be free to develop its own distinctive identity The centrality of religious education was evident in the very beginnings of this liberal denomination Rev Richard Gilbert collects many of the most influential statements of religious education philosophy in the anthology *In the Middle of a Journey* From William Ellery Channings eloquent Sunday School Address to the writings of stalwarts Sophia Lyon Fahs and Angus H MacLean these carefully selected essays trace the evolution of faith development from a Christian catechism to a broadly based faith based quest for values meanings and convictions In an age that tends to belittle the past it is refreshing to realize that if we are to chart where we are going it is wise to know where we have been The Unitarian Universalist movement has been in some interesting places and eagerly seeks an adventurous future **The Unitarian Universalist Pocket Guide** Peter Morales,2012 This book answers the questions most frequently asked about Unitarian Universalism Covering ministry worship religious education social justice theology and history these essays from leaders in the faith provide one of the most complete introductions to Unitarian Universalism available Adapted from back cover *The Garden of Reality* Roland Faber,2018-06-20 *The Garden of Reality* contemplates the relativity of religious truth religious pluralism transreligious discourse postmodern cosmology and multireligious mysticism Its transreligious approach aims at a future multireligious peaceful society in an ecological and cosmic context It proposes that the future of humanity is bound to conviviality with itself and the Earth that the deepest religious motivations of existing together are relative to one another and that transreligious relativity is essential to the conviction of religions that their motivations experiences and conceptualities are meaningful real and true By engaging diverse voices from poststructuralism to Sufism Dzogchen and philosophical Daoism from conceptual frameworks of Christianity and Hinduism to mystical and postmodern cosmology current cosmopolitanism and interreligious and interspiritual discourses but especially understudied contributions of process thought and the Bah religion this book suggests that multireligious conviviality must listen to the universal relevance of a multiplicity of minority voices Its polyphilic pluralism affirms the mutual immanence and co creative nature of religions and spiritualities with the universal in sistance of divine or ultimate reality in the cosmos Embracing a relativistic and evolutionary paradigm in an infinite cosmos of creative becoming religions must cope with events of novelty that disturb and connect transcend and contrast the continuum of their truth claims but must avoid conflict as religious diversity is enveloped by an ever folding landscape of ultimate reality *Whole World Kin, The* , *Handbook of Research in the Social Foundations of Education* Steven Tozer,Bernardo P. Gallegos,Annette Henry,Mary Bushnell Greiner,Paula Groves Price,2011-07-05 Parts one and two of this volume present the theoretical lenses used to study the social contexts of education These include long established foundations disciplines such as sociology of education and philosophy of education as well as newer theoretical perspectives such as critical race theory feminist educational theory and cultural studies in education Parts three four and five demonstrate how these theoretical lenses are used to examine such phenomena as

globalization media popular culture technology youth culture and schooling This groundbreaking volume helps readers understand the history evolution and significance of this wide ranging often misunderstood and increasingly important field of study This book is appropriate as a reference volume not only for scholars in the social foundations of education but also for scholars interested in the cultural contexts of teaching and learning formal and informal It is also appropriate as a textbook for graduate level courses in Social Foundations of Education School and Society Educational Policy Studies Cultural Studies in Education and Curriculum and Instruction

Growing Up Absorbed Richard S. Gilbert, 2014 How long does it take to grow a soul to love and to be loved and to help repair the world One lifetime so it is best to be totally engaged in the process *Growing Up Absorbed* follows the journey from cradle to grave through an education focus There are no shortcuts in this spiritual pilgrimage It can be hard but we are companioned along the way What happens is what Gilbert calls spiritual osmosis absorbing what the world has to teach us and passing on what we have learned an absorbing business Within these covers lies a history of religious education in the Unitarian Universalist tradition with reflections on faith development in the 21st century Beginning with Walt Whitman's poem *A Child Went Forth* as a metaphor the author concludes with life questions that empty the room He finds the journey has its valleys plateaus and mountain peaks and is no casual matter Gilbert shares his excitement on making the journey

Being Alive and Having to Die Dan Cryer, 2011-10-25 One of the year's Top Ten Books on Religion and Spirituality Booklist *Being Alive and Having to Die* is the story of the remarkable public and private journey of Reverend Forrest Church the scholar activist and preacher whose death became a way to celebrate life Through his pulpit at the prestigious Unitarian Church of All Souls in New York Reverend Forrest Church became a champion of liberal religion and a leading opponent of the religious right An inspired preacher a thoughtful theologian and an eloquent public intellectual Church built a congregation committed to social service for people in need while writing twenty five books hosting a cable television program and being featured in *People* *Esquire* *New York Magazine* and on numerous national television and radio appearances *Being Alive and Having to Die* works on two levels as an examination of liberal religion during the past 30 years of conservative ascendancy and as a fascinating personal story Church grew up the son of Senator Frank Church of Idaho famous for combating the Vietnam War in the 1960s and the CIA in the 1970s Like many sons of powerful fathers he rebelled and took a different path in life which led him to his own prominence Then in 1991 at the height of his fame he fell in love with a married parishioner and nearly lost his pulpit Eventually he regained his stature overcame a long secret alcoholism wrote his best books and found himself diagnosed with terminal cancer His three year public journey toward death brought into focus the preciousness of life not only for himself but for his ministry Based on extraordinary access to Church and over 200 interviews with family friends and colleagues Dan Cryer bears witness to a full fascinating at times controversial life *Being Alive and Having to Die* is an honest look at an imperfect man and his lasting influence on modern faith

What Torture Taught Me William F. Schulz, 2013 A collection

of four essays by the former head of Amnesty International USA based on his public addresses **The God Debates** John R. Shook, 2011-08-02 The God Debates presents a comprehensive non technical survey of the quest for knowledge of God allowing readers to participate in a debate about the existence of God and gain understanding and appreciation of religion s conceptual foundations Explains key arguments for and against God s existence in clear ways for readers at all levels Brings theological debates up to the present with current ideas from modernism postmodernism fideism evidentialism presuppositionalism and mysticism Updates criticism of theology by dealing with the latest terms of the God debates instead of outdated caricatures of religion Helps nonbelievers to learn important theological standpoints while noting their shortcomings Encourages believers and nonbelievers to enjoy informed dialogue with each other Concludes with an overview of religious and nonreligious worldviews and predictions about the future of faith and reason *The Religious Left and Church-State Relations* Steven H. Shiffrin, 2012-09-16 In The Religious Left and Church State Relations noted constitutional law scholar Steven Shiffrin argues that the religious left not the secular left is best equipped to lead the battle against the religious right on questions of church and state in America today Explaining that the chosen rhetoric of secular liberals is poorly equipped to argue against religious conservatives Shiffrin shows that all progressives religious and secular must appeal to broader values promoting religious liberty He demonstrates that the separation of church and state serves to protect religions from political manipulation while tight connections between church and state compromise the integrity of religious institutions Shiffrin discusses the pluralistic foundations of the religion clauses in the First Amendment and asserts that the clauses cannot be confined to the protection of liberty equality or equal liberty He explores the constitutional framework of religious liberalism applying it to controversial examples including the Pledge of Allegiance the government s use of religious symbols the teaching of evolution in public schools and school vouchers Shiffrin examines how the approaches of secular liberalism toward church state relations have been misguided philosophically and politically and he illustrates why theological arguments hold an important democratic position not in courtrooms or halls of government but in the public dialogue The book contends that the great issue of American religious politics is not whether religions should be supported at all but how religions can best be strengthened and preserved
