Faith And Fratricide:

Faith and Fratricide Rosemary Radford Ruether,1996-09-08 Since the Nazi holocaust took the lives of a third of the Jewish people of the world the Christian Church has been engaged in a self examination of its own historical role in the creation of anti semitism In this major contribution to that search theologian Rosemary Radford Ruether explores the roots of anti semitism from new perspectives **Faith and Fratricide** Rosemary Radford Ruether,1974 A Crossroad book **The**

Dialectic of the Holy Robert E. Meditz,2016-09-12 This is the first published book length treatment on Paul Tillich and Judaism which is a neglected aspect of Tillich s thought It has three compelling features First pivotal biographical details show the importance of Judaism for Tillich and that he ardently opposed anti Semitism before WWII and after the Holocaust Second Tillich s theological method is examined in key primary sources to show how he maintains continuity between Judaism and Christianity The primary source analysis includes his 1910 and 1912 dissertations on Schelling the 1933 *The Socialist Decision* the 1952 Berlin lectures on the Jewish Question and his final public lecture on the importance of the history of religion for systematic theology Particular attention is paid to his dialectical and theological history of religion Third Tillich s positive theology of Judaism contrasts sharply with the many complex negative ways in which Judaism is portrayed in Western thought This contributes significantly to our understanding the evolving history of Christian anti Judaism

Christianity and Anti-Semitism Samuel Marlowe,2016 [The Hauerwas Reader](#) Stanley Hauerwas,2001-07-23 A Stanley Hauerwas Reader including Hauerwas essays and excerpts from his books and monographs intended to provide a comprehensive introduction to his work **Strange and Gaudy Fruit** Jeff Nicoll,2023-05-09 The history of Christianity includes many doctrines adopted and actions taken to meet immediate problems but which had unintended consequences they are bad fruit Matt 7 15 20 The oldest is antisemitism which arose from the competition of the early church with early Judaism It was built into the New Testament and was developed by the church fathers Having learned to dehumanize it was easy to apply the same techniques to other groups the church became complicit with enslavement misogyny and other forms of oppression One response to the bad fruit is to reject religion in the manner of Christopher Hitchens However the dogmas are part of our culture even if in secular form If the roots of marginalization are not understood they cannot be eliminated This work uses a range of critics and defenders of traditional Western Christianity to identify poisonous fruits and detoxify them The critical voices do not create a consensus Nevertheless a core can be perceived what Erasmus called the few truths Grounded in the religious tradition they can be shared with secular people as a basis for an ethical merciful and respectful society Although the history of Christianity is bloody there are ways to go forward

Reluctant Witnesses Stephen R. Haynes,1995-01-01 Stephen Haynes takes a hard look at contemporary Christian theology as he explores the pervasive Christian witness people myth that dominates much Christian thinking about the Jews in both Christian and Jewish minds This myth an ancient theological construct that has put Jews in the role of living symbols

of God's dealings with the world has for centuries according to Haynes created an ambivalence toward the Jews in the Christian mind with often disastrous results Tracing the witness people myth from its origins to its manifestations in the modern world Haynes finds the myth expressed in many unexpected places the writings of Karl Barth the novels and essays of Walker Percy the prophetic writings of Hal Lindsey as well as in the work of some North American Holocaust theologians such as Alice L and A Roy Eckardt Paul van Buren and Franklin Littell

The War on Terrorism and the Terror of God Lee Griffith, 2004 Uniquely relevant in a world shaken by recent acts of terror this title calls people of faith to the way of peace the Christian response to evil and violence

Fidelity with Plausibility Wesley J. Wildman, 1998-01-01 Virtually all human endeavors can be analyzed and modeled and understood through computer aided study and that is very much at the core of operations research game theory and decision science Understanding the potential impact of any action is critical to the success of that action and in ESTIMATING IMPACT Alexander Kott and Gary Citrenbaum with a stellar group of contributors demonstrate how military or humanitarian interventions or the decision not to intervene can be rigorously analyzed beforehand and their likely impacts and ramifications predicted at levels appropriate to their scope A wide range of modeling programs are available that support plan assessment and impact forecast and they allow accurate prediction within an interdependent set of political military economic social information and infrastructure systems and experts involved in the use and development of these tools demonstrate how when and why they should be used

God and Humanity in Auschwitz Donald J. Dietrich, 2009-08-01 *God and Humanity in Auschwitz* synthesizes the findings of research developed over the last thirty years on the rise of anti-Semitism in our civilization Donald J Dietrich sees the Holocaust as a case study of how prejudice has been theologically enculturated He suggests how it may be controlled by reducing aggressive energy before it becomes overwhelming Dietrich studies the recent responses of Christian theologians to the Holocaust and the Jewish theological response to questions concerning God s covenant with Israel which were provoked by Auschwitz Social science has dealt with the psychosocial dynamics that have supported genocide and helps explain how ordinary persons can produce extraordinary evil Dietrich shows how this research combined with theological analyses can help reconfigure theology itself Such an approach may serve to help dissolve anti-Semitism to aid in constructing such positive values as respect for human dignity and to point the way to restricting future outbreaks of genocide *God and Humanity in Auschwitz* surveys which religious factors created a climate that permitted the Holocaust It also illuminates what social science has to tell us about developing a strategy that when institutionally implemented can channel our energies away from sanctioned murder toward a more compassionate society The book has proven to be an essential resource for theologians sociologists historians and political theorists

What's Faith Got to Do with It? Black Bodies / Christian Souls Douglas, Kelly Brown, 2018-09-26 ***Raymond Brown, 'The Jews,' and the Gospel of John*** Sonya Shetty Cronin, 2015-02-26 Until the mid 1960s most commentators of the Gospel of John were aware of a polemic against the Jews yet they did not consider it with reference to contemporary ethical discussion A shift in focus in Johannine scholarship is noticeable from the mid 1960s and 1970s to the present where commentators began to connect the Gospel s polemic against the Jews with potential anti Judaism in the text As yet very little work has been done to answer the question of how this change in sensitivity came about This book is a historiography of one scholar s growing awareness of potential anti Judaism in the Gospel of John with the intention of using this individual history to explain the larger trend in biblical studies Sonya Cronin examines the published work of Raymond Brown a prominent Catholic New Testament scholar between the years 1960 1998 The book contextualizes Brown s work by evaluating the impact of ecclesiastical statements and the influence of earlier and contemporary Johannine scholarship on Brown s biblical interpretation and then posits theories as to why change occurs at specific times

Contending for the Faith Ralph C. Wood, 2003 In this book Ralph Wood calls for churches to offer a sustained and unapologetically Christian witness to a postmodern world Wood carefully chronicles

how the church is watching the complete destruction of post Christian institutions and practices that once shaped human character toward fulfillment in goods larger than humanity's own self interest the chief of these being the worship and service of God Wood contends that Christian existence can never be taken for granted and so the church itself must seek to create a Christian culture that offers the world a drastic alternative to its own cultureless existence »**Faith in the World**« Rafael Zawisza, Ludger Hagedorn, 2021-11-24 Dieses Buch greift ein zentrales aber wenig beachtetes Thema im Werk Hannah Arendts auf ihr ambivalentes Verhältnis zum jüdisch christlichen Erbe Schon in ihrer Dissertation über den Liebesbegriff bei Augustinus entwickelte sie die Hauptmomente ihrer Lesart Arendts starkes Konzept der Weltlichkeit könnte gerade heute hilfreich sein für einen Ausgleich zwischen Skularismus und dem offenkundigen Fortwirken religiöser Überzeugungen Obschon Arendt sich erklärtermaßen als skulare Denkerin verstand öffnet ihr Werk Perspektiven einer neuen vielleicht sogar messianischen Haltung zur Weltlichkeit und Endlichkeit des Lebens In einer bemerkten Formulierung der Vita activa charakterisiert sie diese mit den Worten Vertrauen und Hoffnung »**Rethinking Jewish Faith** Steven L. Jacobs, 2012-02-01 This book addresses the faith of a member of the Second Generation the offspring of the original survivors of the Shoah It is a re examination of those categories of faith central to the Jewish Religious Experience in light of the Shoah God Covenant Prayer Halakhah and Mitzvot Life Cycle Festival Cycle Israel and Zionism and Christianity from the perspective of a child of a survivor »Between Faith and Doubt: An Evolving Faith Journey Samuel Cardillo, 2020-12-10 Many Christians embark on a faith journey at one time or another and some do repeatedly When Sam Cardillo unintentionally set out on his personal faith journey he wasn't sure what he would discover Would his lifelong convictions be altered How would he process through the weakening of certitudes that had always sustained his faith Between Faith and Doubt An Evolving Spiritual Journey is a candid account of what it looks like to experience and navigate through a crisis of faith Through a retelling of his own faith journey Cardillo encourages his readers to take an honest and fearless look at their own faith Unlike other similar books you will have the opportunity to see the vulnerability and uncertainty that come with being in the middle of such a personal journey Follow Sam as he talks about what it looks like to work openly and seriously through an unresolved faith journey a journey in progress »**The Evolution of Love** Sheldon W. Liebman, 2021-04-06 This book an examination of Judaism as it evolved over a period of approximately 1 500 years is an analysis of the Hebrew Bible and other ancient Jewish writings with special emphasis on theology and morality By the middle of the first millennium with the writing of Deuteronomy the Psalms and the works of the prophets Judaism had embraced the idea that God is a compassionate father that His relationship with His people is based on love rather than fear and that His response to their commission of sins is based on the assumption that they are capable of repentance and worthy of forgiveness In the final stage of its development culminating in the first and second centuries AD Judaism was understood to require its adherents to enact the will of God specifically to establish a community based on political economic and social laws that enforce the principles of justice and

mercy And that process came to be seen as inevitably dependent on human agency the need for human beings to fulfill God's commandments In Judaism loving neighbors and strangers came to be understood as the principal and for many Jews the only way of loving God

The Cambridge Companion to Antisemitism Steven Katz, 2022-06-02 A History of Anti-Semitism examines the history culture and literature of antisemitism from antiquity to the present With contributions from an international team of scholars whose essays were specially commissioned for this volume it covers the long history of antisemitism starting with ancient Greece and Egypt through the anti Judaism of early Christianity and the medieval era in both the Christian and Muslim worlds when Jews were defined as outsiders especially in Christian Europe This portrayal often led to violence notably pogroms that often accompanied Crusades as well as to libels against Jews The volume also explores the roles of Luther and the Reformation the Enlightenment the debate over Jewish emancipation Marxism and the social disruptions after World War 1 that led to the rise of Nazism and genocide Finally it considers current issues including the dissemination of hate on social media and the internet and questions of definition and method

The Sacredness of Human Life David P. Gushee, 2013-01-14 A comprehensive examination of the sacredness of human life encompassing biblical roots theological elaborations historical cases and contemporary ethical perspectives Gushee argues that viewing human life as sacred is one of the most precious legacies of biblical faith albeit one that the church has too often failed to uphold
