Faith At The Brink:

Faith at the Brink Osher M. Lehmann, 1996 Bibliography p 339 340 **Worldview Theory, Whiteness, and the Future of Evangelical Faith** Jacob Alan Cook, 2021-09-28 The twenty first century has seen energy passing between religious and political worldviews kicking up dust around the identity and conviction based fault lines in American society While many evangelical Christians have developed and deployed a worldview theory to describe and locate themselves within the world s ideological strife Jacob Cook argues this approach has in effect compelled those listening to adopt the world s divisive modes of dealing with difference rather than living out a compelling alternative As a popular framework for theology in recent history world viewing has driven its white evangelical adherents to narrate human lives in this world including their own in ways that warp Christian identity as a personal social and theological reality Through close studies of key white evangelical leaders who utilized the worldview concept for political engagement and cultural transformation over the last century Cook reveals why worldview theory is inept for grasping real human complexity and moreover how it forms a barrier to genuine life together as creatures in a world only the living God can really view In between these studies he draws from current conversations in psychology sociology critical race studies and other fields to deliver a vigorous critique of the worldview concept and its use as well as its underlying impulse and to unmask what world viewing shares with the history and spirit of whiteness This book is for those wrestling with the relationship between Christianity and whiteness in America how the dynamics of whiteness have become transparent and thus contentions and where to go from here if one is to follow Jesus *Faith seeking understanding* Nico Vorster, Frederik van Niekerk, 2023-03-01 How did it all begin How do we even start to engage the differences between creation narratives in the Christian Bible and modern scientific theory The authors of this book explore hermeneutic approaches and developments in biblical studies to set the scene for a religious approach This approach is open to the possibility that a literalist approach to Scripture is in fact the most unjustifiable reading of the Bible This may profoundly affect how we view God the cosmos and even ourselves To be able to read the Bible from the perspective of an open present and future paves the way for suppressed uncertainties to be liberated This paves the way for humankind to freely question all things without being enslaved by imposed religious dogma This is not to say that religion has served its purpose but it is far from it With the rise of technological advancements come other social and anthropological problems not to mention the challenge we face on a global scale with climate change et cetera Just as we dare to peek over the edge of a future without religion the authors bring us back to the fundamental teachings of faith traditions Christianity in particular They remind us that the solutions to these challenges are to be found in us becoming better humans Becoming better humans brings us back into the arena of faith traditions When technology may lead to social disconnection and narcissism religion calls for love of self and neighbour Where greed inspired advancements threaten the future of our planet religion teaches us to be in relationship with our environment and to be custodians of it **The Children's Band; Or, The Trial of Paul's**

Faith, Etc Isabella Katherine Plunket (Hon.),1874 Vigilant Faith Daniel Boscaljon,2013-10-10 In *Vigilant Faith* Passionate Agnosticism in a Secular World Daniel Boscaljon takes up the contemporary challenges to faith by skepticism and secularism He proposes a model of faith for believers and unbelievers alike a passionate agnosticism that is rooted in a skeptical consciousness Skepticism and faith are structurally similar he writes in that they share an unknowing quality The author argues that vigilance the act of keeping watch a spiritual practice in its own right is as necessary a precondition for the structure of faith as it is for the structure of skepticism A suspension in uncertainty and an openness to possibility require vigilance he attests if faith and skepticism are to avoid the often dogmatic tendencies of both theism and atheism to cling to their own brands of certainty and knowledge Boscaljon has three aims to expand the current post theistic definitions of God for greater relevance to human beings on an individual and existential level to integrate skepticism into faith so that it will restore the importance of faith to current theology and recover it from anti intellectual bias and to conceptualize the vigilance of faith in such a way that can provide a vocabulary for distinguishing good faith from bad faith He offers a variety of cultural examples ranging from film to poetry to represent a life of faith and to show how its components come together in practice As an alternative to the prevailing fundamentalisms in today s world his book proposes a paradigmatic understanding of faith in which theism atheism and agnosticism refuse to differ **African Paleoecology and Human Evolution** Sally C. Reynolds,René Bohe,2022-06-09 Humans evolved in the dynamic landscapes of Africa under conditions of pronounced climatic geological and environmental change during the past 7 million years This book brings together detailed records of the paleontological and archaeological sites in Africa that provide the basic evidence for understanding the environments in which we evolved Chapters cover specific sites with comprehensive accounts of their geology paleontology paleobotany and their ecological significance for our evolution Other chapters provide important regional syntheses of past ecological conditions This book is unique in merging a broad geographic scope all of Africa and deep time framework the past 7 million years in discussing the geological context and paleontological records of our evolution and that of organisms that evolved alongside our ancestors It will offer important insights to anyone interested in human evolution including researchers and graduate students in paleontology archaeology anthropology and geology *Faith, Hope and Grief* Douglas Knox,2012-10-10 Were going to storm the gates of heaven until God brings healing Hes going to give us our miracle The faith is sincere The expectation is real And sometimes God honors our prayers for healing Sometimes but not always Instead of healing God may choose to put us through grief When loved ones die even good Christians struggle to fathom the unfathomable We count the months by the minute waiting for the pain to go away We harbor secret bitterness toward the one who has left us We become angry toward our family for failing to understand us angry toward God for ignoring our prayers and angry toward ourselves for being angry And all the while we ask Why did this have to happen The answers are never easy In *Faith Hope and Grief* Doug Knox recounts his struggle as he grappled with his wife Maries cancer and

premature death With poignancy and humor Doug asks the tough questions shares his struggles and shortcomings and tells about the deepening relationship with his God that he never could have achieved without the pain If you are suffering from a personal loss please read this book *Is Faith Rational?* Wessel Stoker, 2006 Is faith rational Some respond by providing proofs for God's existence Others hold that no reasons for the Christian faith can be given This book discusses different ways of accounting for faith i e classical apologetics the transcendental view that faith is part of human nature and the view that argues for the rationality of faith on the basis of direct perceptions of God that appear to be objective The author subsequently proposes a rational accounting for the Christian faith in our secularized and religiously pluralistic society His starting point is the lasting religious experience of believers in everyday life He also discusses the question of how this accounting for faith can function in a world of both secular worldviews and other religions Religious experience is not subjective or arbitrary but rational In these experiences human beings are involved with God Religious experience can be described phenomenologically as an experience that transcends our capacities God reveals himself to people primarily in narratives Narratives have a rational structure and the Gospel narratives provide in narrative form arguments for faith The assent to faith involves the whole person and stamps his life story and conduct Assent to faith is thus affective but that does not exclude its being rational The positive reason for faith lies in experience itself There are no reasons for faith outside the faith itself but this does not mean that there are no points of contact in human existence for the Christian faith *What is Faith?* John Gresham Machen, 1925 *A Rediscovered Faith* J. A. Bouma, 2019-05-07 Purchase includes a free online course on faith What do you do when your newfound faith is challenged by those closest to you Peter Daniel Young is about to find out Convinced he was called by the good Lord to train to be a minister Peter is caught in a poetic downpour driving back home again the last place he ever thought he would end up But soon after returning to his hometown he is caught in the tension of his traditional parents who are relentless with their questions a brother who's hit rock bottom and has walked away from the Church new friends who offer him welcomed support for his new spiritual direction and a conservative professor who challenges his beliefs at every turn More troublesome yet Peter begins to question whether the reimagined faith he carefully constructed to save his Christianity was what he needed in the first place and he finds himself wondering whether there might be something more to the faith he left behind Picking up the story immediately at the end of *A Reimagined Faith* J A Bouma weaves a fresh insightful spiritual story of resonance and truth to help a new generation wrestle through deep questions of faith life and everything in between With shades of John Greene's coming of age novels combines with the poignance and insight of C S Lewis's *Mere Christianity* and John Bunyan's *Pilgrim's Progress* it is the book he wished he'd had and his parents had during his own crisis of faith Whether you are facing your own faith crisis and wonder if Christianity is still relevant to your world or you know of someone who is struggling themselves discover along with Peter what why the old old story of Jesus and his love still matters For him his family and friends the Church and for you *Hope*

for the Brokenhearted John Luke Terveen, 2006 This book grew out of the author's own experience with grief and loss from his fourteen year old daughter's death He scoured books looking for comfort but found the Bible itself to be his greatest source of hope comfort wise counsel and encouragement After reviewing more than 200 books on grief and loss he discovered that none investigated biblical passages oriented toward grief and loss themes He set out to fill the huge unmet need for a book that helps Christians embrace relevant Scriptures more fully and seriously in the midst of their mourning The biblical selections deal with the hard questions honest passions and divine hope that only some who have walked down the path of sorrow could write about Topics such as resurrection the second coming heaven the resurrection body doubt anger guilt and dashed dreams are covered with great care to minister to the hearts of those who are grieving Features and Benefits Foreword by best selling author Randy Alcorn Thoroughly focuses on Scriptures oriented to grief and loss more than any other book on the market A prayer application at the end of each chapter focuses the reader's heart on spiritual growth through their time of grief and loss Chapters are stand alone and can be read in any order the reader chooses From Faith

to Faith Stanley J Rodes, 2014-09-25 The idea that covenant theology is profoundly influential in John Wesley's theological thought seems dissonant What would an evangelical Arminian have to do with a theological framework that historically belongs to a reformed understanding of salvation How could this possibly square with his ongoing conflicts with the Calvinism of his day On the basis of compelling evidence from his sermons and correspondence this investigation dares to explore the idea that covenant theology is part of the infrastructure of Wesley's thought The discovery of its role in shaping his narrative of the way of salvation is surprising and intriguing Wesley is not only informed of and fluent in covenant theology but also thoroughly committed to it From Faith to Faith demonstrates that with theological precision and discernment Wesley appropriates covenant theology in a way consistent with both its primary theological features and his Arminianism His distinctive view of the gradual process of the work of God in the soul supplies valuable grist for further reflection especially by those charged with the care of souls in the twenty first century **Can You Keep Your Faith in**
